Please briefly explain the spending activities from **November 29 to December 5, 2020**. If you have not expended any funds, please explain why.

**Example:** ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

We were approved on the 12/3/20 and had several things on hold. We purchased the commercial refrigerator , paid for flyer production and secured several of our nonperishable supplies and started our Facebook boost.

**Client Story\***

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

We serve a family of 5 that I will refer to as the "Patterson's". Mom is a housewife now seeking employment while Dad a new dialysis patient that's waiting for disability approval and their three high school age daughters. The family is struggling and new to all of the insecurities they are facing due to Dads illness and Covid 19. AKPSG has provided them with a food box on a monthly basis for the past six months Thanks to this grant we can offer weekly assistance. The family is so appreciative for the healthy food box that every time they pick up ,they park the car and Mom and daughters help out by passing out literature and putting boxes in the trunks of other recipients cars.
