Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

Brookwood received the first portion of the grant money on October 19, 2020.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

Chloe, age 18, entered Brookwood's program in late August. Prior to that, she had been living in an apartment with an abusive boyfriend, and the abuse was accelerating, to the point that she knew she had to get away. Chloe is dealing with post-traumatic stress stemming not only from the abuse she suffered at the hands of her boyfriend, but also stemming from having grown up in an abusive home. She is currently receiving individual counseling through our therapeutic residential program and is focusing on school and looking for employment. Chloe is making good progress, not only in her therapy, but in focusing on her future goals.

Please complete the Pinellas CARES Advanced Funds Monthly Expense Reporting worksheet, attach appropriate backup documentation, and upload as a PDF here.

If you have a regular reporting/invoicing process, you may use your own similar worksheet, however, for your convenience, we have provided a template you can **DOWNLOAD HERE**.

If you have any notes on this, please put them in the field below.

Please note that a CFARS measurement was not done on all of our clients in September. Also, we projected a 2% improvement, but that was for the entire period of the grant. There is no progress rate to report for September due to not having a starting baseline.
