\$8,199.00

Amount Spent as of December 30, 2020*

How much of the awarded funding was spent from project inception to December 30, 2020?

\$56,734.00

Brief Spending Narrative*

Please briefly explain the spending activities from **December 27 to December 30, 2020**. If you have not expended any funds, please explain why.

Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

1470.00 was spent on equipment and supplies this week. Other amounts were spent on personnel and counseling contract services. We are currently winding down with the project.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

A 70-year-old African American female reported that participating in the group gave her enough skills to not panic when her husband had a stroke and was admitted into the hospital during Group. Normally leary of the hospital scene, especially since the pandemic, the client said that she practiced deep breathing and reassured herself by using meditation that she could handle this situation. According to the participant, "COVID-19 not only causes stress but creates stressful circumstances when attempting to take care of other medical crises. The group helped me through a difficult time in my life."
