Compiled Committee Comments

Below is a compilation of committee member comments from your Letter of Intent. This feedback may be positive, neutral, or negative. It is provided in aim to be transparent and offer guidance on where you may be able to strengthen your full proposal.

- 66% increase in assistance - Covid. Loss of fundraiser events. The project improves the experience both for volunteers and clients and is a nominal grant request to help handle the significant increase in customers. The need has increased dramatically due to inflationary cost of food as a result of Covid

Organization Programming Background*

Please describe the programming your organization offers to the community and the length of time it has been doing so. That is, what does your organization **do** and **how long** has it been doing it?

This has been copied from your LOI.

Since 1982, Daystar has been providing food, financial assistance, clothing, and basic necessities, such as hygiene products, to the residents in need of Pinellas County. This is achieved through an on-site pantry, clothes closet, client services interviewers, and an urban edible garden. Daystar also provides a permanent address where unhoused or those in transitional or temporary housing can receive their US mail in a safe and secure location. In response to the community needs in 2019 Daystar relocated from a small space on 6th St. South to its current location in Southside St. Petersburg. The location was selected because it was in a designated food dessert and primary residents of the area are asset limited and income constrained. With the new space, Daystar began an on-site collaboration with other community service agencies that provide health, financial, and nutritional consultation, literacy, and education to Pinellas County residents living at or below poverty levels and would otherwise have limited access to these services. All services are provided through the generosity of volunteers and managed by a small staff of 4.5 FTEs. All recipients of Daystar pantry and tangible items services must appear in-person at the center between 9:00am and 3:00pm Monday, Tuesday, Thursday, or Friday. Financial programs of rent and utility payment assistance are available five days a week. Since March of 2020, intake and interviews for financial assistance are conducted remotely. The garden program provides healthy and nutrient dense produce to clients of the food pantry, community residents, and refugees living in Pinellas County. The center and garden also host education programs on healthy meal choices, growing and sustaining an edible garden, cooking and preparing fresh food, and a seedling sharing and urban farm expansion program known as "seedlings to neighbors."

Community Need*

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

This has been copied from your LOI.

In 2019 Daystar assisted 8447 unique individuals through food pantry services. In 2020 the total impact of Daystar's pantry services was 14,040 individuals, a 66% increase in assistance requests contributed to the COVID pandemic. The demand for services continued in 2021 and Daystar served 14, 514 individuals with pantry services. A recent study by the USDA has demonstrated a 0.5% increase in food insecurity for every 1% increase in inflation. Daystar is on target to assist approximately 20,000 individuals with pantry services by the end of 2022, an additional increase of 38%. Since the onset of COVID, Daystar has experienced a 137% total increase in food and pantry requests. This increase in demand for Daystar pantry services has created a capacity constraint on the center, creating lines that extend outside the building. Clients often wait in line along a sidewalk that is not protected from the various Florida elements. Daystar has also recognized the clients have additional needs that may not necessarily be met by the center, and to provide a wholistic approach and person centered services, Daystar has 15 community partner organizations who set up service on-site at the center, including the All Kidney support group, who, together with Daystar food pantry, provide 85 specialized food items every month to individuals who require a renal diet and could not otherwise afford their groceries. There are also partners who assist with benefit access and homeless resources and due to occupancy constraints inside the building, they must set up their tables outside. The services of community partners and Daystar pantry services reach between 90 and 145 clients daily. The fluctuation in number is dependent on weather conditions and type of service being offered every day.

Negative Economic Impact*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

The more quantifiable your negative economic impact is, whether it be fiscal losses/pressures or increased service demand, the stronger your answer will be. The more specific your evidence, the better.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- A reduction in revenue from 2019 to 2020
- Inflationary pressures
- Increases in demand for services that have not been compensated for through new revenue
- The use of reserves for unbudgeted expenses since the onset of the pandemic, and such use of reserves has prevented the purchase of capital assets
- A need for capital assets to offset community need for which your organization does not have the resources to purchase due to the negative economic harm from the pandemic
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC
- Growth in restricted pandemic-related revenue that does not permit capital asset acquisition

Note: If you are applying for both a Small Purchase and Large Project, you may reuse the answer for this question

<u>PROVIDED THAT</u> the negative economic impact is relevant to both requests. This has been copied from your LOI.

Daystar was unable to hold several in-person fundraiser events which amounted in an estimated loss of \$98,000 in anticipated revenue. Third party fundraising was reduced or modified, resulting in a loss of \$56,000 in revenue to Daystar. Daystar also suffered a negative impact through the loss of volunteers who were primarily senior in age. The reduction of volunteers by approximately 60% meant Daystar had to shift its priorities and sacrifice program expansion and outreach to meet the 66% increase in demand. For safety and efficiency, the indoor personal shopping experience was abandoned when COVID came and all services were moved outdoors. The outdoor pantry service proves to be efficient but not sustainable because it must be suspended or significantly modified due to extreme weather such as rain and high winds. Replacement of the tent coverings is required at least monthly, and the temporary structures are damaged due to clients leaning on them or high winds. This has cost the center approximately \$1000/month to maintain. Clients must also stand in line unprotected from the heat, creating anxiety and at times negative behaviors. Daystar has had to call the police or an ambulance to intervene with negative behaviors or medical emergencies several times a week. The cost to the community emergency services is adversely affected and Daystar believes providing covered shelter would reduce this problem. Also with the increased need, the indoor pantry is no longer large enough to provide a sufficient personal shopping experience and the loss of volunteer shopping assistants has been unrecoverable. This has forced Daystar to keep the pantry services outdoors. The unbudgeted cost to the organization to accommodate the COVID pivot to outdoor services was approximately \$2000 including tents, tables, and PPE. In 2021 Daystar received bids to install permanent awnings; however the increase in inflation, organizational expenses, and program demand forced the organization to abandon this building enhancement. Daystar's rental assistance program demand has also increased by 34% since 2019 which is causing financial strain to the organization. During 2020-2021, Daystar recognized the residents of Pinellas County were experiencing other hardships, such as the inability to access benefits and lack of healthcare or loss of health benefits due to COVID. The center expanded services by partnering with the appropriate community providers and offering space to set up information and assistance tables on property during pantry hours. While this proved to be an invaluable service many of the community partners and their clients work under difficult weather conditions, and are often crowded under th.

Negative Economic Impact - Uploads

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages. Word, Excel, JPG and PDF files are accepted.

Pandemic Relief Funding*

Please describe all government pandemic relief funding your organization has received since the onset of the pandemic. This includes but is not limited to the Pinellas CARES Nonprofit Partnership Fund, other ARPA funding, PPP (Paycheck Protection Program), and Community Block Development Grants specifically targeting COVID-19 relief.

Explain why or how this pandemic-relief funding has not alleviated the negative economic impact you have described above. Potential reasons include expiration dates on certain funding, inflationary pressures, restrictions prohibiting capital expenditures, or the funding simply not being enough to remedy the harm you've indicated above. The more concrete your numbers, the better.

If you have not received government relief funding for your organization since the onset of the pandemic, write "No pandemic relief funding received" below.

In October of 2020, Daystar Life Center received an EFSP CARES grant for \$37,635 to be used for emergency food and shelter. The money for this grant was used to pay hotel fees and provide one-time groceries for person's who needed immediate emergency housing relocation due to COVID related hardships. In May of

2022, Daystar received three EFSP ARPA grants. Grant one for \$55,058 was restricted for rental and mortgage payments. Grant two for \$20,000 was restricted for food purchases. Grant three for \$44,058 was restricted for utilities payments. Utilities include electricity, water, and gas.

The funds received were restricted to specific client services programs and were not to be used for capital purchases. On average, Daystar spends \$14,211 on pantry food. The grant money received for this restricted service only provided a month and a half of relief. The average monthly utility expense is \$24,491. The grant for this service provided relief for approximately two months. Finally the monthly cost to Daystar to provide rental assistance is between \$12,000 and \$13,000, and the grant money received defrayed costs to the center for about four and a half months.

Proposal Description*

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your project proposal and address the following:

- What project will be undertaken with these funds?
- What is the estimated lifespan of the project/property improvement?
- How does it address the negative economic harm you described in the previous question?

This has been copied from your LOI. While you are able to update this field, YOU SHOULD NOT CHANGE THE NATURE OF YOUR REQUEST. That is, this field should only be updated for clarity, not changing what you are requested funding for.

Daystar plans to install permanent awnings around the outdoor area directly surrounding the food pantry. Daystar will be adding an indoor pantry waiting option to clients again in January; however, the inside lobby cannot accommodate both clients and community partner tables simultaneously. Daystar has also discovered a large group of volunteers who resigned due to COVID are willing to return if they can remain socially distanced from the clients and outside. The outdoor pantry line is a preferred service option among the clients who arrive to the center on bicycle, with a wagon or cart, on electric scooters or mobile devices, and single parents and grandparents with their children. These clients prefer a quick serve option due to the complications involved with securing their transportation devices, and monitoring their children while waiting for service. Because of these reasons, Daystar will continue to provide outside service as an option. The awnings will allow Daystar clients and volunteers to remain comfortable and out of potential weather related hazards. Since there is not room for both community partner tables and pantry services clients inside the building the awnings will also allow the community partners outside to be appropriately distanced from each other and conduct dignified and safe conversations while being protected from the sun and other weather. The awnings will provide a sheltered area for individuals who are presenting to the center for a quick pick up of mail or other quick serve assistance without having to wait in the long food pantry line. Since the awnings will expand the usable space around the outside perimeters of the center, several service stations can be created and chairs can be provided without worries of weather or wind damage. The awnings will improve wait times and allow the center grow to adapt as needed. The awnings will prevent cancellation or delay of services during adverse weather events.

Number Served

How many people will directly benefit from this capital purchase annually?

This has been copied from your LOI. It cannot be changed.

20800

Unduplicated vs. Duplicated

Is the number indicated above duplicated or unduplicated? **Duplicated:** A client is counted each time they access services **Unduplicated:** A client is counted once, regardless of the number of times they access services

Example: ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is <u>duplicated</u>. If ABC Food Bank counts Taylor's visit ONCE, it is <u>unduplicated</u>.

This has been copied from your LOI and cannot be changed.

Unduplicated

Other (Explanation Required)

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital project.

This has been copied from your LOI and cannot be changed.

Rent vs. Own

Does your organization rent or own the property for which you are proposing modifications? Own

Guiding Principles - Client Impact*

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. The term "equity" is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

Will this project benefit the community members defined above that have experienced disproportionate negative

impacts from the COVID-19 pandemic? If so, how?

This has been copied from your LOI.

Daystar Life Center's purpose is to serve the underserved, those living in poverty, unhoused or at risk for homelessness, and are adversely affected by inequality. 55% of Daystar's clients identify as BIPOC (Black, Indigenous, Person of Color). 85% of Daystar clients reside in St. Petersburg and of those individuals, 73% are defined as ALICE households (Asset Limited, Income Constrained, Employed) or living just above the federal poverty level but under the basic cost of living. The zip codes directly surrounding Daystar, 33712 and 33705 are located in what is defined as a food and other critical services "desert" meaning they are absent or not easily accessed on foot or bus. The remainder of those individuals are living in poverty and/or unhoused. Approximately 40% are over the age of 65. National data has proven the clients Daystar serves were most likely to experience inequality and be disproportionately impacted by COVID. The installation of awnings allows the clients of Daystar to receive necessary life services in a dignified manner. Protecting clients and community partners from the elements is compassionate, and in-line with other organizations who provide services to neighbors, demonstrating equity.

Organizational Sustainability*

How does this purchase contribute to the long-term sustainability of your organization and the work it does? That is, what impact will this project have on your organization and/or its clients over the long-term?

Examples include increased service capacity, reduced cost of delivering services over time, higher-quality or more equitable service delivery, and increased lifespan/quality of property.

Quantifiable numbers will strengthen your answer.

The provision of permanent awnings will increase service capacity of the center by creating a comfortable and climate controlled environment for clients to wait or meet with all Daystar representatives and community partners. Daystar recognizes asking for help is difficult for any person, and we wish for all our neighbors in need to feel like they were treated as equals and with dignity. Because of the extreme weather conditions of our area, the temporary canvas tents need to be frequently replaced due to mold, wind damage, and water rot. Tents have also been stolen during set-up and take down. The addition of permanent awnings will increase the quality of the property.

Permits*

Please describe any permits necessary for the successful completion of this proposed project. Be sure to include any permits already obtained or in progress, and/or what the timeline is to acquire permits.

A building permit from the city of St. Petersburg will be required for this project. The contractor's have included obtaining a permit in their bids. Once the application is submitted, it is estimated to take 14-28 business days for approval.

Plan Set*

Do you have a plan set for this project?

A plan set refers to the "batch" of plans, drawings, prints, files, etc., that you receive from an architect that explains what needs to be built, how, and where. Not all qualifying projects in this process require a plan set.

If you answer Yes, you will be required to upload the Plan Set later in the application.

No

Plan Set Upload*

If you answered "Yes" above, please upload the Plan Set here. If you have trouble with file size limitations, please reach out to Rose Cervantes at rcervantes@pinellascf.org. If you have any narrative to accompany the plan set, you may write it below.

PDF files are permitted.

Timeline*

Given a spending deadline of December 31, 2026, give a detailed **and realistic** timeline as to how this large capital project will be executed and completed. If there are phases to this project, indicate so in the narrative below. If you specified that permits were needed for this project above, ensure you include the acquisition time in the timeline.

Please include the following:

- 1. How the timeline was developed
- 2. Timeline of planning and execution. Please include start and end dates by month and year. For example, April 2023 June 2023.

Example

Better Tomorrow is proposing the expansion of their counseling center. This requires a 2-month planning phase, one month to obtain all necessary permits, and four months to build. Better Tomorrow would list each phase, a brief description of what takes place in each phase, and an estimated start and completion date for each phase.

Phase 1: April, 2023- Daystar will complete all necessary agreements with contractor and place the 25% deposit. Estimated time= 2 weeks. Phase 2: May, 2023- Contractor will obtain all required permits which is estimated to take up to four weeks. Phase 3: June, 2023- The contractor has notified Daystar the turn around time to begin work is approximately three to four months. Phase 4: October, 2023- Construction of awnings begins, project is anticipated to take approximately 1 week. Conservatively, Daystar's timeline for beginning to end of project is 6 months, from the end of April 2023 to the end of October 2023.

Team Leadership*

Please describe the following:

- 1. The team and leaders that will be overseeing this proposed project.
- 2. Their relationship to your organization
- 3. Their role in this project
- 4. Whether or not they have overseen similar projects

Matthew Korol, Director of Operations, will be the team lead on this project. He was instrumental in the construction of the new building in 2018-2019 and assumed project lead at that time. Matthew will be communicating with the contracted builders and construction managers. This is considered a simple installation and will not require any teardown or internal building modifications.

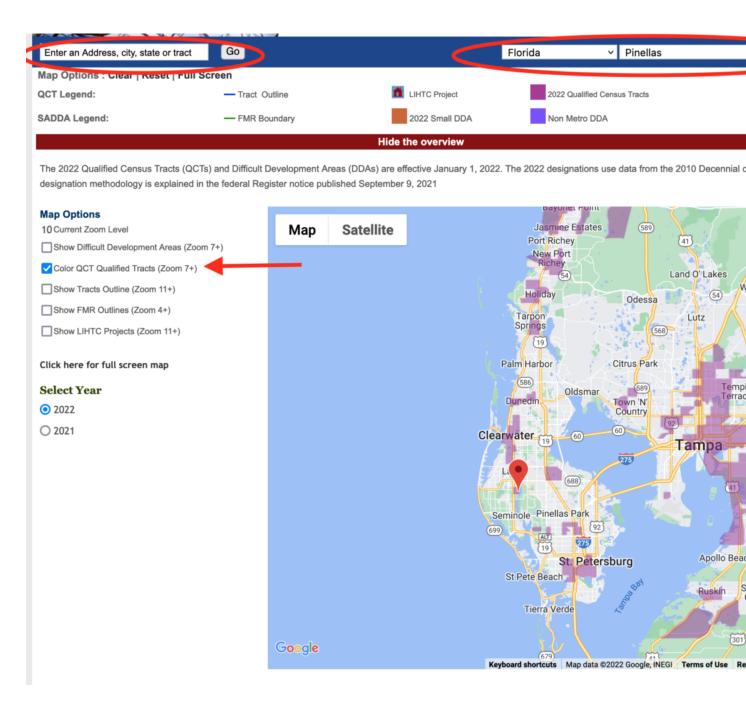

Community Connection

The American Rescue Plan Act (ARPA) prioritizes organizations that either have headquarters or carry out the majority of their operations inside Qualified Census Tracts (QCTs). QCTs are a standard method of identifying communities with a large proportion of low-income residents. The U.S. Department of Housing and Urban Development determines what areas qualify as QCT.

To assess if your organization serves or is headquartered in a QCT, use the following link: https://www.huduser.gov/portal/sadda/sadda_qct.html

In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to "Color QCT Qualified Tracts." The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.

Below, please provide the location of your operations and the location of your headquarters, if different.

Headquarters Location

Please provide your organization's headquarters address as it appears on your Sunbiz account. To check your Sunbiz registration, you may search here: https://dos.myflorida.com/sunbiz/search/

QCT Determination - Project

Is this organization's project in a QCT? Yes

QCT Impact*

PCF understands that just because a project may not be located in a Qualified Census Tract, those who reside in one may access your services and may come to the location where your organization's project will take place.

- If applicable, please describe if you have clients that reside in a QCT as indicated on the map linked above, and the proportion of your clients that come from these areas.
- If your organization does not serve clients from a QCT, you can write "Not Applicable" below.

This has been copied from your LOI.

Daystar services are extended only to residents of Pinellas County. The center, located in South St. Petersburg is listed within the prioritized QCT area for 2022 and 2023. 85% of total Daystar clients reside in St. Petersburg. 100% of the 17,000 food pantry specific clients reside in in an area designated as a QCT.

QCT Determination - Clients

Does this organization's project benefit residents of QCTs?

Yes

This section aims to capture general demographic data about your organization and to see how you engage with and represent the community you serve. PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter, and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

Community Representation and Connection*

Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

This has been copied from your LOI.

We are actively taking steps to create an environment of diversity and inclusion at Daystar through strategic partnerships and collaborations with community partners. While there was always diverse representation, new leadership is focusing on the intentionality of DEI. 50% of Daystar's paid staff and approximately 20% of the volunteers identify as BIPOC. We also have a growing number of volunteers who identify as LGBTQ+ and those who are physical or neuro-diverse however, formal statistics are not collected for these populations. Daystar leadership recognizes the importance of diversity and is working with the nonprofit leadership council to assist us with building a diverse board of directors and collecting demographic information in a manner that maintains a safe and dignified environment for all. We do collect information on race, whenever clients are willing to provide this and statistics show the Daystar client base is 51% BIPOC and 49% white/other.

Through Daystar's Travelors Aid program volunteers provided services to 96 individuals. Throud bilized, reunited with family or close friends, and assisted with finding a safe place to stay during 2020 - 2021. Without this assistance, many of the individuals and families served by this program would remain or become homeless. Daystar provided daily mail service for 7,747 visits for individuals who are homeless, unstably housed, or fear mail theft at their residence. This service is vital for individuals applying for and/or receiving public benefits. Clients using this service receive their W2's, medical cards and correspondence, voter's registration cards, mail order medication and monthly disability checks. They also receive Holiday mail and birthday wishes from friends and family who are trying to keep in touch. 23 individuals received direct assistance with doctor and prescription copays to ensure their health needs were addressed in a timely manner. Individuals and families living on a fixed income often struggle with buying food or buying medication. This financial assistance eliminated the

INDEPENDENT AUDITORS' REPORT

The Board of Directors Daystar Life Center, Inc. St. Petersburg, Florida

Opinion

We have audited the accompanying financial statements of Daystar Life Center, Inc. (a nonprofit organization), which comprise the statement of financial position as of August 31, 2021, and the related statements of activities, functional expenses, changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Daystar Life Center, Inc. as of August 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Daystar Life Center, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Daystar Life Center, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Members: American Institute of Certified Public Accountants and Private Companies Practice Section • Florida Institute of Certified Public Accountants

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedure include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Daystar Life Center, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Daystar Life Center, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Daystar Life Center, Inc.'s 2020 financial statements, and our report dated December 16, 2020, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended August 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCCOUNTING POLICIES

Center and Purpose

Daystar Life Center, Inc., (the Center) was founded in August 1982 and incorporated in August 1992, as a Florida not-for-profit corporation. The Center operates primarily to provide financial assistance and other non-financial basic needs services to families and individuals who demonstrate need. The Center provides qualifying clients with rent, utility, personal identification, medical prescription, transportation, traveler's aid, food, clothing, client mail services, tax preparation assistance, advocacy, information referrals and other reasonable requests. Key to the Center's success is the amount of donated services by individuals performing interviewing and other services on a volunteer basis.

Basis of Accounting

The financial statements of Daystar Life Center, Inc. have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require Daystar Life Center, Inc. to report information regarding its financial position and activities according to the following net asset classifications:

<u>Net assets without donor restrictions</u> – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objective of the Center. These net assets may be used at the discretion of the Center's management and the board of directors.

<u>Net assets with donor restrictions</u> – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Center or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Cash Equivalents

For the purposes of reporting cash flows, the Center considers all liquid investments in money market and savings accounts with maturities of three months or less to be cash equivalents.

Investments and Fair Value

Investments consist of donated stocks and mutual funds and are carried at their fair values in the statement of financial position in accordance with current accounting literature. Donations of investments are recorded as contributions at their estimated fair value at the date of donation. Gains and losses on market value adjustments are recognized as the market fluctuates and recorded in the statement of activities. Investment earnings are recorded net of investment expenses. Investment income that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restrictions expire or are otherwise satisfied in the fiscal year in which the investment income is recognized.

Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCCOUNTING POLICIES (CONTINUED)

Investments and Fair Value (continued)

The Center defines fair value in accordance with accounting principles generally accepted in the United States of America, which specify a hierarchy of valuation techniques. The disclosure of fair value estimates in the hierarch is based on whether the significant inputs into the valuation are observable. In determining the level of hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Center's significant market assumptions.

The Center measures investments at fair value on a recurring basis. The following is a brief description of the type of valuation information (inputs) that qualifies a financial asset for each level:

Level 1 – Unadjusted quoted market prices for identical assets in active markets which are accessible by the Center.

Level 2 – Observable prices in active markets for similar assets or liabilities. Prices for identical or similar assets or liabilities in markets that are not active. Market inputs that are not directly observable but are derived from or corroborated by observable market data.

Level 3 – Unobservable inputs based on the Center's own judgment as to assumptions a market participant would use, including inputs derived from extrapolation and interpolation that are not corroborated by observable market data.

The Center evaluates the various types of financial assets to determine the appropriate fair value hierarchy based upon trading activity and the observability of market inputs.

Property and Equipment

Property and equipment are stated at cost if purchased or at estimated fair market value at date of receipt if acquired by gift, less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets, which range from three to thirty-nine years. Expenditures with a cost in excess of \$750 and with an estimated useful life in excess of one year are capitalized.

Impairment of Long-Lived Assets

The Center evaluates the recoverability of its long-lived assets whenever adverse events or changes in the business climate indicate that the expected undiscounted future cash flows from the related asset may be less than previously anticipated. If the net book value of the related assets exceeds the undiscounted future cash flows of the asset, the carrying amount would be reduced to the present value of its expected future cash flows and an impairment loss would be recognized. Management has determined that there is no indication that any long-lived assets are impaired at August 31, 2021 or 2020.

In-kind Contributions

Donations of food, clothing, personal hygiene products, and household goods are not recognized as revenue until the time of distribution, which is generally within a few days of the date of receipt. As a result, the Center does not record such gifts as inventory.

Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCCOUNTING POLICIES (CONTINUED)

Contributions

All contributions are available for unrestricted use unless specifically restricted by the donor. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires or are otherwise satisfied in the fiscal year in which the contributions are recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Donated Services

The Center receives a significant amount of donated services from unpaid volunteers who assist in interviewing, general operations, fundraising and other special projects. However, these services do not require specialized skills as defined in the standards and are not recorded in the accompanying financial statements. Volunteers have contributed approximately 25,900 hours. If the criteria for recognition were met, approximately \$595,000 of additional contributions and program service expenses would be recognized in the statement of activities for the year ended August 31, 2021.

Income Taxes

The Center is exempt from U.S. Federal income tax under Section 501(c)(3) of the Internal Revenue Code and has been determined not to be a private foundation.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been reported on a functional basis in the statements of activities and functional expenses. Expenses that can be identified with a specific program or support service are charged directly to the function. Certain other costs have been allocated among program and supporting services benefited. Such allocations are determined by management on an equitable basis that is consistently applied. The expenses that are allocated include the following:

Expense	Method
Salaries and fringe benefits	Time and effort
Depreciation, building maintenance, rent	95% program, 5% administrative & general
Insurance, property taxes, and utilities	95% program, 5% administrative & general
Computer support and security	95% program, 5% administrative & general
Supplies	95% program, 5% administrative & general

Fundraising expense for 2021 includes approximately \$13,800 for a marketing manager to develop materials to promote the mission of the Center, design materials for fundraising events, and actively manage social media accounts.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to be in conformity with the 2021 presentation.

Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In February 2016, FASB issued ASU 2016-02, *Leases*, to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about the leasing arrangements. The standard is effective for nonpublic companies for fiscal years beginning after December 15, 2021. The Center is currently evaluating the impact adopting this guidance will have on its financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - CONCENTRATION OF RISK

Financial instruments that potentially subject the Center to concentrations of credit risk consist primarily of cash. The Federal Deposit Insurance Corporation (FDIC) currently insures bank deposit accounts up to \$250,000 per depositor. As of August 31, 2021, the Center had no cash balances that exceeded the insurance coverage provided by the FDIC. As of August 31, 2021, the Center had \$515,278 of funds in the Diocesan Savings and Loan Bank which is self-insured by the Diocese of St. Petersburg but not by FDIC.

NOTE 3 – AVAILABILITY AND LIQUIDITY

The following represents Daystar Life Center, Inc.'s financial assets available to meet general expenditures over the next 12 months as of August 31, 2021 and 2020:

Financial assets at year-end:	2021	2020
Cash	\$676,713	\$ 829,864
Grants and awards receivable	7,155	27,692
Pledges receivable	37,000	38,500
Investments	259,244	140,538
Total financial assets	980,112	1,036,594
Less amounts not available to be used within one year: Funds subject to time and purpose restrictions	(66,343)	(93,099)
Financial assets available to meet general expenditures over the next twelve months	<u>\$913,769</u>	<u>\$ 943,495</u>

Daystar Life Center, Inc.'s goal is generally to maintain financial assets to meet six months of operating expenses (approximately \$530,000). As part of its liquidity plan, excess cash is invested in money market accounts and certificates of deposit.

NOTE 4 – PLEDGES RECEIVABLE

As of August 31, 2021, the Center had capital campaign pledges receivable in the amount of \$37,000 which are due in 2022.

Notes to Financial Statements

NOTE 5 - GRANTS AND AWARDS RECEIVABLE

Grants and awards receivable consist of the following at August 31, 2021 and 2020:

	2021	2020
Pinellas County	\$6,954	\$ 5,200
City of St. Petersburg	201	6,968
Emergency Food & Shelter Program	<u> </u>	15,524
	<u>\$7,155</u>	<u>\$27,692</u>

NOTE 6 - INVESTMENTS

Investments consist of the following at August 31, 2021 and 2020:

	2021	2020
Stocks and mutual funds	<u>\$259,244</u>	<u>\$140,538</u>

The Center records all investments at fair market value, and they are classified as level 1 in the fair value hierarchy. Investment earnings during 2021 consist of the change in net unrealized gains (losses) of \$(26,731), net realized gains of \$68,949 and interest/dividend income of \$4,161. Investment earnings during 2020 consist of the change in net unrealized gains of \$23,617 and interest/dividend income of \$2,775.

NOTE 7 – ENDOWMENT INVESTMENTS

The Center has interpreted the wishes of donors and state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Center classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In the absence of donor restrictions, the net appreciation on a donor-restricted endowment fund is spendable and classified as net assets without donor restrictions. The Center tracks the net investment income attributable to each component of the endowment fund. Income earned from the endowment is available for general or specific purposes.

As required by accounting principles generally accepted in the United States of America, net assts associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Center has invested endowment assets in a manner that attempts to provide a predictable stream of funding to programs supported by its endowment, while seeking to maintain the value of the endowment assets. To satisfy its long-term rate of return objectives, the Center relies on a total return strategy whereby investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Center targets a diversified asset allocation.

Notes to Financial Statements

NOTE 7 – ENDOWMENT INVESTMENTS (CONTINUED)

In May 2019, the Board of Directors (Board) designated \$75,000 to establish an endowment fund with the Community Foundation of Tampa Bay (CFTB). Upon making the contribution, CFTB made a \$25,000 matching contribution to the Center's endowment account. In March 2021, the Center made another \$75,000 contribution to CFTB and CFTB made another matching contribution of \$25,000. CFTB declares an annual distribution from the endowment, payable quarterly. Distributions are subject to a three-year lookback period, so the Center will be fully vested after three years. The Board previously elected not to take any distributions for the first three years. However, the Board can elect at any time to begin taking distributions to support the programs of the Center.

In May 2020, the Board of Directors (Board) designated \$500,000 to establish an endowment fund with the Pinellas Community Foundation. It is the Board's intention to maintain these funds as a long-term investment; however, the funds are available for the Center's use with Board approval.

The Center's objective is to maintain endowment assets, as well as to provide additional real growth through investment return. Composition of the endowment net assets and changes in endowment net assets are as follows:

	Without donor		
	restrictions	With donor	
	(Board designated)	restrictions	Total
Endowment net assets August 31, 2020	\$610,209	\$25,000	\$635,209

NOTE 13 - RETIREMENT PLAN

During December 2005, the Center was approved to participate in the *Archdiocese of Miami/Diocese of St. Petersburg/Diocese of Venice Pension Plan* (the "Plan"). The effective date of participation was July 1, 2001. The Plan is a non-contributory, defined benefit plan. Specific retirement benefits are paid based on years of service and other criteria. The Center incurred retirement expenses of \$18,426 and \$17,329 in 2021 and 2020, respectively.

NOTE 14 - CORONAVIRUS (COVID-19) PANDEMIC

On January 31, 2020, U.S. Health and Human Services Secretary declared a public health emergency for the United States in regard to COVID-19. Measures taken by various governments to contain the COVID-19 virus have affected economic activity. The Center has taken measures to monitor and mitigate the effects of COVID-19, these include social distancing, enhanced sanitization, use of face masks by staff and clients, and providing client services outside of the building or by telephone. Direct client services were also impacted in that rent, utility, and medical assistance, as well as the need for personal hygiene items significantly increased. Financial assistance for transportation by bus or personal vehicle significantly decreased. The Center does not know the overall long-term effect on its operations from the COVID-19 pandemic but will continue to follow the various government policies and continue operating in the safest way possible.
