Brief Spending Narrative*

Please briefly explain the spending activities from **October 25 to October 31, 2020**. If you have not expended any funds, please explain why.

Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

This months expenses included program salaries, equipment, occupancy and supplies.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

FLDC has been serving a couple for years. In 2019 they were improving their circumstances. Once COVID hit it turned their world upside down with lost jobs and roommates. They soon were homeless again struggling to find stability. After providing them with essential aid (food, immediate shelter, clothing) our case management team was able to place them in Pinellas Hope and more recently one of them found employment to help them further. They still have a long road ahead of them but these steps are huge successes for the story they have been living.
