Will your organization be applying for this cost reimbursement?

No

### Future Programming\*

Will your organization be applying for funding for services to be delivered between the grant award decision and December 30, 2020?

Yes

### Project Name\*

### DUNS Number\*

Please provide your organization's DUNS number. This is the Data Universal Numbering System.

You can search for your DUNS number here: <https://www.dnb.com/duns-number/lookup.html>

If you do not have a DUNS number, you can apply for one here (it is free and may take 3-4 days for approval): <https://www.dnb.com/duns-number/get-a-duns.html>

**This field is optional as to not stop a qualifying organization from applying. HOWEVER, a DUNS number *will* be required if your organization is approved for a grant. Your organization should apply for a DUNS number now if it does not yet have one.**

### Mission Statement\*

We change lives one meal at a time by leading our community in the fight against hunger.

### Total Operating Expenditure\*

What are your total annual operating expenses?

\$20,295,145.00

### Amount Requested\*

Please review the entire application and its fiscal requirements before determining the total amount your organization will be requesting. This amount should include any reimbursements your organization is seeking for past COVID-19 programming.

Typical funding requests will range between \$25,000 and \$250,000. Amounts above and below are accepted, provided the request can be justified by community need.

**Requests at the higher end, or above this range must have a significant and sustained impact on the vulnerable community being served. Your organization's capacity for spending a large amount of funds must also be justified.**

\$1,679,395.28

If you are requesting more than \$250,000 or a large capital expenditure, please speak with PCF program staff to discuss the feasibility of your request **PRIOR TO submission**.

### Priority Populations\*

Please select the priority populations your programming will serve:

Note: Examples of "high-risk pandemic response jobs" include front-line workers, nurses, medical housekeeping staff, nonprofit employees, law-enforcement and medical first responders.

Low-income families

### Guiding Principles\*

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

**From the priority populations you have indicated above, please explain to what extent one or more these populations are involved in the creation, design, and impact of your organization (or this specific project).**

When work, school and other closure first affected families, one of the first actions Feeding Tampa Bay took was to implement Mega Pantries, a new, larger version of our Mobile Pantry program that brings food directly into neighborhoods of need. We knew that many of the people served were new to receiving charitable food, so we engaged attendees in a survey that informed us of their circumstances. We asked about loss of income due to coronavirus, if they were receiving food for the first time and their ZIP code. Surveys were administered in English and Spanish. This information, along with myriad meetings, discussions and surveys with food distribution partners, informed our other programming and partnerships, like the Meals on the Go, the expansion of other Mobile Pantries, Mobile drops to partners and Child Hunger distributions.

### Length of time operating program/project\*

Please briefly explain how long you have been operating the program or project for which you are requesting funds. **This funding is for expansion of existing programming or sustaining an existing expansion to meet community needs.**

Feeding Tampa Bay has distributed food since 1982

Mobile Pantries- over 5 years

Mobile drops- 2 years

Mega Pantries- expanded version of Mobile Pantries to respond to COVID-19

Meals on the Go- piloted in 2019, expanded rapidly to respond to COVID-19

### Service Area\*

In which areas of the county do you physically provide services?

North County (locations such as Tarpon Springs, Crystal Beach, Palm Harbor)

Mid-County (locations such as Clearwater, Largo, Safety Harbor)

South County (locations such as St. Petersburg, Lealman, Kenneth City)

## Impact on Organization\*

What has been the impact of the coronavirus/COVID-19 on the services of your organization? (Example: inability to provide enough food, unable to provide behavioral health sessions, lack of volunteerism, etc.)

1. Food: The biggest impact on our organization has been the increased need for food. The client surveys conducted in April, referenced above, found that 57% of individuals had recently lost their jobs and 70% were receiving food for the first time. In the first weeks of the crisis, panic buying created food shortages and cratered our donated food supply. Those have stabilized, but we still need to purchase more food to meet the need. For those we serve, food prices have increased, limiting how far a dollar goes towards filling one's pantry.

In Pinellas County, there were 123,860 food insecure individuals before COVID. Using unemployment data (where each 1% increase in unemployment results in a 10% increase in food insecurity, per Feeding America), we can estimate that has increased to over 250,000 individuals, possibly as high as 400,000. We are now expecting to distribute 90 million to 100 million meals throughout our service area this fiscal year, up from a previous goal of 60 million. It is important to note, that before COVID-19, the meal gap in our community was 125 million meals. Our strategic plan plots how we will reach that goal, but we are also assessing how many more meals are needed to meet the need in the COVID era.

2. Capacity: We have leased an additional 40,000 square feet (on top of our existing 80,000 sq ft) to handle incoming loads as well as associated equipment. More equipment is needed- forklifts, pallet jacks, coolers, vehicles. We hired an additional 70 temporary staff to both help with reduced volunteer numbers as well as increased need. All of these are furloughed or jobless individuals.

3. Volunteers: Corporate groups stopped all volunteerism in March and will not redeploy until at least 2021. We have been successful in recruiting some individuals or other small groups to volunteer to pack food boxes and distribute at Mega Pantries and Mobile Pantries, but our volunteer numbers are still down.

## *Fiscal Accountability*

### Federal Fund Disclosure\*

If your organization is awarded this grant, you may be considered a subrecipient of federal funding. THEREFORE, if you are deemed a subrecipient and your organization reaches a threshold of having spent more than \$750,000 in federal funding this fiscal year (this INCLUDES other federally funded programs), it will be subject to requirements of the Federal Single Audit Act. This will require your organization to comply with Federal Compliance Requirements and may necessitate additional expenses for your organization and you should prepare for this.

It is advisable that you contact a certified public accountant (CPA) or other professional for guidance.

Yes, my organization understands and assumes all liabilities/costs in regards to federal funding.

### Audited Financial Statements\*

Does your organization routinely contract to have an audit conducted of its financial statements?

Yes

## Most Recently Filed IRS Form 990\*

Please upload a copy of the organization's most recently filed IRS Form 990. **This is absolutely required.**

### Most Recent Audited Financial Statements\*

## *Expansion or Sustaining of Exact Programming Funded by Another Source*

---

### Existing Contract

If you are applying for funding to expand and/or sustain COVID-19 response programming that has already been funded by another source, please upload that contract here and provide a brief description of the funding source and relationship with the funder. Please note that any costs funded by another source are not allowed to be included in this application. Only the costs that are required to expand or sustain programs in excess of that funding will be considered for the purposes of this application.

CDCV19FTB - Specific Performance Agreement - FULLY EXECUTED.pdf  
Pinellas County Community Development is supporting Mobile Pantries and Mega Pantries with \$96,000 in COVID-19 funding. The contract is attached.

Senior Citizen Services of Pinellas County is supporting Meals on the Go with \$15,000. Only one file can be attached but we are happy to provide documentation of this funding.

## *Funding and Usage*

### **Client Service Delivery\***

Briefly describe the services to be delivered under the programming for which you are requesting funding. Please include when and where the services will occur, how the target population will access the services, and the length of time the services will be provided. **Please specify the zip codes of participants. If not available, specify the zip codes of service delivery points.**

Mobile Pantries, Mobile Drops and Mega Pantries: Mobile Pantries are designed to bring nourishing meals directly to hungry residents in the most underserved neighborhoods, removing transportation barriers to accessing fresh food. Our refrigerated trucks deliver nutrient-dense foods directly into neighborhoods of need, serving 150 families or more at a time with the help of volunteers. Each household receives a nutritionally balanced donation of meat, fresh produce, shelf stable products, and dairy to last a family three to four days. To mitigate the spread of COVID-19, a drive through method is used where donations are pre-packed and loaded into a client's car. There is also a walk up station for those attending without a vehicle. Mega Pantries are larger versions of Mobile Pantries that serve 1,000 households at each distribution. A similar selection of food is available, using more trucks, staff and volunteers to distribute food to families. Mobile Drops are similar but rely on our distribution partners to provide staff/volunteers for food distribution. Feeding Tampa Bay delivers food but staff do not stay for the distribution. Distributions for these programs occur at 28 locations in ZIPs 33755, 33705, 33781, 33713, 33770, 33712, 33756 and 33714. Distributions last 2 to 4 hours and recur monthly, bimonthly or weekly on a set schedule.

Meals on the Go: Meals on the Go home delivers healthy, frozen, reheatable meals for seniors and other homebound individuals who are at a heightened risk for COVID-19 infection. Meals are prepared by staff at Trinity Cafe, a program of Feeding Tampa Bay, by FRESHforce culinary students (our workforce training program) and by restaurant partners. We are currently delivering over 9,000 meals weekly to 34 Pinellas County sites (housing facilities and partner organizations) in ZIPs 33701, 33781, 33761, 33705, 33756, 34684, 33781, 33778, 33764, 33776, 33782, 33760, 33782, 33755, 33702, 34683, 33705, 33713 and 33709.

### **Communication/Outreach and Community Engagement Efforts\***

In what ways is your organization marketing and communicating its available programming to the community it serves? How will you ensure that your target population is aware of your services and utilizes them?

Feeding Tampa Bay's "Find Food" webpage ([www.FeedingTampaBay.org/FindFood](http://www.FeedingTampaBay.org/FindFood)) is regularly updated to list all food distributions that are open to the public, including those cited in this application. We use Facebook and other social media to direct people to this webpage, as well as creating Facebook events for Mega Pantries. People frequently call Feeding Tampa Bay for information on where to get food and listings are kept up to date with 2-1-1.

In addition, at times of crisis, Feeding Tampa Bay deploys a significant awareness campaign to engage those we serve, those who want to help and for those who are connected to food relief. Whenever there is concern, we seek to develop and deliver messaging and pathways that provide guidance and direction for our community. Throughout the spring and summer, we have engaged local, regional and national media to tell

the stories of those affected by COVID-19 and rally our communities around providing relief, including alerting those in need of how to find help.

### Hurricane Preparedness\*

If a hurricane-related emergency were to strike Pinellas County this year and cause an interruption in your organization's normal programming, how would you return to offering the programming, and continue to spend awarded funds from this grant?

**There is an expectation that your programming will be able to continue in the event of a hurricane-related emergency.**

*If your organization has a COOP (Continuity of Operations Plan), you may upload it here instead of providing a text answer. You may redact sensitive information from your organization's COOP.*

Disaster Plan attached.

### Evidence of Insurance Coverage\*

Grantees of the Pinellas CARES Nonprofit Partnership Fund will be required to maintain appropriate insurance to cover the services proposed in this application. PCF will determine whether this coverage is appropriate.

Please upload evidence of insurance policies that cover the programming for which your organization is requesting funds.

**If there is no insurance coverage for this programming, please provide an explanation as to why.**

Certificate of Insurance FTB.pdf

### Insurance Requirement\*

**If you are awarded a contract for the Pinellas CARES Nonprofit Partnership Fund, you will be required to list Pinellas Community Foundation as an additional insured through your general liability insurance. If you would like to begin this process now, please contact your general liability insurance carrier.**

**Here is the information for your carrier:**

Pinellas Community Foundation  
17755 US Highway 19 N  
Suite 150  
Clearwater, FL 33764  
727-531-0058

**Please check the box below to indicate that you understand and will be able to comply with this requirement.**

Yes, I understand this requirement.

The Budget Summary and Budget Narrative sections are absolutely critical to a successful application. Improperly completed forms will be returned to you to fix, and will delay a funding decision being made on your application. Please see the examples in each section. To avoid rejection of your organization's application, PCF HIGHLY recommends you watch this short, instructional video as well: [Budget Narrative/Summary Instructions](#)

---

**Update as of 9/25/2020:** Due to new U.S. Department of the Treasury guidance, the CARES Act does not cover *any* administrative or indirect costs. The Budget Narrative and Summary have been updated. CFO, CEO, and other types of "administrative" time must be documented as a **direct cost on an hourly basis** under Personnel or Contracted Services. The above webinar will be updated shortly.

If your organization is awarded a grant, it is likely to be issued on a cost-reimbursement basis. Please consider this when developing your budget narrative and summary.

**Note about Hazard Pay:** Hazard pay will not automatically be approved as a budget item. Hazard pay is only for hazardous duty or work involving physical hardship, in each case that is related to COVID-19. Much of the immediate hazards of COVID-19 can be mitigated by appropriate use of PPE and/or regular sanitizing of spaces. The threshold for approval of hazard pay is high. It is best that you inquire in advance of adding this to a budget in your grant application.

If you would like to use a unit of service cost as a basis for your budget, you MUST contact Pinellas Community Foundation program staff FIRST to discuss this possibility.

## Budget Summary\*

Please download the budget summary template [HERE](#) and complete it. **If you have selected multiple Priority Fund Areas, you should include ALL costs in this summary.**

**Capital includes buildings, vehicles, equipment at \$3,000 or more per item. The purchase of capital must represent the lower cost option for the period during which the purchased asset would be used for COVID-response activities. Outright purchase must be less than the cost of renting or leasing OR if renting or leasing is not available.**

Please export as a PDF and upload it.

## Budget Narrative\*

Please download the budget narrative template [HERE](#) and complete it.

**The budget narrative needs to do more than define the expenses. It should clearly state what is going to be paid using CARES funds and then justify the expenses as a program expansion (or sustaining an already expanded program) as a result of COVID-19. Do not bold, underline, or italicize. Use dollar amounts that match your Budget Summary.**

**If you have selected multiple Priority Fund Areas, you should include ALL costs in this narrative.**

- Churches and other faith-based organizations
- Neighborhood associations
- Social organizations/collaboratives
- Resident councils in low-income house communities

**INDEPENDENT AUDITORS' REPORT**

TO THE BOARD OF DIRECTORS  
FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

**Report on the Financial Statements**

We have audited the accompanying financial statements of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay (the "Food Bank," a Florida not-for-profit corporation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1 to the financial statements, donated food inventory at June 30, 2019 and 2018 in the accompanying statements of financial position is reported at fair value of \$2,228,960 and \$974,751, respectively, consistent with industry practice used by other member food banks of the Feeding America Network. Since the Food Bank only charges a small handling fee when distributing donated food inventory to agencies, the actual cash received in exchange for distributing donated food inventory is substantially less than the carrying values shown in the financial statements. The change in donated food inventory for the year ended June 30, 2019 was an increase of \$1,254,209 and is included in the overall increase in net assets without donor restrictions for 2019 of \$1,614,566 as reported in the accompanying statement of activities. The change for the year without the effect for donated food inventory would be an increase in net assets without donor restrictions of \$360,357.

During the year ended June 30, 2019, the Food Bank merged with Trinity Café and as a result, recorded a contribution without donor restrictions of \$937,934 (see Note 2). The change in net assets without donor restrictions for the year excluding the effect of the increase in donated food inventory and the merger with Trinity Café was a decrease of \$577,577. During the year ended June 30, 2019, the change in net assets of \$2,549,578, less the effects for donated food of \$1,254,209 and the merger with Trinity Café of \$1,597,177, totaled \$(301,808).

The change in donated food inventory for the year ended June 30, 2018 was a decrease of \$614,737 and is included in the overall increase in net assets without donor restrictions for 2018 of \$517,965 as reported in the accompanying statement of activities. The change for the year without the effect for donated food inventory would be an increase in net assets without donor restrictions of \$1,132,702. Our opinion is not modified with respect to that matter.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2020 on our consideration of the Food Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay's internal control over financial reporting and compliance.

## NOTES TO THE FINANCIAL STATEMENTS

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Business

Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay is a non-profit organization established to collect, warehouse and distribute salvageable food to social agencies which serve the needy. The organization (the "Food Bank" or "Feeding Tampa Bay") is a member of Feeding America Network. During the year ended June 30, 2019, the Food Bank merged with Trinity Café ("Trinity") (See note 2). Subsequently, Trinity continues as a program of Feeding Tampa Bay providing free, hot, healthy meals for those in need of a healthy meal, with a goal of restoring a sense of dignity to lives of those in need through nutritious meals and compassion.

#### Basis of Accounting

The Food Bank's financial statements have been prepared using the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when incurred.

#### Basis of Presentation

The Food Bank has presented its financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") for not-for-profit organizations. Under this guidance, the Food Bank is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

- Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed stipulations.
- Net Assets With Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met by actions of the Food Bank and/or the passage of time or that must be maintained by the Food Bank in perpetuity.

#### Revenue Recognition

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions. All donor-restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

The Food Bank charges a small handling fee for donated food distributed to its network of agencies and records this revenue as shared maintenance fees. The Food Bank receives and distributes food under contractual agreements with the U.S. Department of Agriculture ("USDA") and receives a fee from the USDA based on pounds distributed. Agency receivables are presented net of an allowance for doubtful accounts of \$1,904 for the years ended June 30, 2019 and 2018.

The Food Bank reports gifts of goods and equipment as support without restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with restrictions. Absent explicit donor stipulation about how long those long-lived assets must be maintained, the Food Bank reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Income earned on the Food Bank's endowment (see Note 8) and beneficial interest in assets held by Community Foundation of Tampa Bay ("Community Foundation" or "Foundation")(see Note 3), which includes interest, dividends, unrealized gains and losses, and realized gains and losses, is recognized in the statements of activities and reported as an increase or decrease in net assets without donor restrictions, unless their use is restricted by a donor to a specified purpose, future period, or by law that extends donor restrictions.

## NOTES TO THE FINANCIAL STATEMENTS

### Cash

The Food Bank maintains cash balances at a financial institution that is insured under the Federal Deposit Insurance Corporation's (FDIC) Transaction Account Guarantee Program. Balances with the financial institution may exceed federally insured limits.

### Donated Food Inventory

Donated food inventory is recorded at estimated fair value as net assets without donor restrictions in the accompanying statements of financial position. Estimated fair value of donated food inventory as of June 30, 2019 and 2018 is based on the most recent Product Valuation Survey Methodology prepared by Feeding America (report as of December 31, 2018 and 2017, respectively).

The Product Valuation Survey Methodology calculates the estimated fair value of donated food inventory utilizing the average wholesale price as determined by the *Spartan Finch Electronic Catalogs* for *Grocery, Bakery, Frozen, Dairy, General Merchandise, Health and Beauty, Processed Meat, Non-Department, and Produce* price catalogs for identical or similar food items. The value of donated food inventory as of June 30, 2019 and 2018 was \$2,228,960 and \$974,751, respectively.

### Donated Goods and Services

Donated professional services (which include accounting and legal services) are reflected in the statement of activities at their fair value, if material. There were no significant professional services donations reflected in the accompanying financial statements for the years ended June 30, 2019 and 2018. Volunteer services not requiring specialized skills are not reflected in the financial statements since no objective basis exists for assigning values to many of these services. For the years ended June 30, 2019 and 2018, volunteer hours totaled approximately 84,000 and 64,000, respectively. Materials and other assets received as donations are recorded and reflected in the accompanying financial statements at their fair values at the date of receipt. There were no donations of materials and other assets for the years ended June 30, 2019 and 2018.

### Agency Deposits

Funds received by the Food Bank on behalf of other agencies for handling charges on future distributions of salvageable food are recorded as agency deposits.

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Property and Equipment

Property and equipment are recorded at cost, or estimated fair value for items donated. Maintenance and repairs, which do not improve efficiency or extend useful lives, are charged to operations as incurred. Depreciation and amortization is computed on the straight-line basis over the following estimated useful lives of the assets:

Building	39 years
Automobiles and trucks	5 years
Refrigeration equipment	7 years
Warehouse equipment	3 – 7 years
Furniture and fixtures	3 – 7 years
Kitchen equipment	7 years
Other equipment	3 – 7 years

# FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

## NOTES TO THE FINANCIAL STATEMENTS

Leasehold improvements are amortized over the lesser of the useful life of the asset or the remaining life of the lease.

### Income Taxes

The Food Bank qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue code and therefore has no provision for federal or state income taxes on tax-exempt activities. There were no significant non-exempt business activities during the years ended June 30, 2019 and 2018.

### Impairment of Long-Lived Assets

The Food Bank reviews its long-lived assets for impairment as events or changes in circumstances indicate that the carrying amount of such assets may not be fully recoverable. The Food Bank evaluates the recoverability of long-lived assets by measuring the carrying amounts of the assets against their estimated undiscounted future cash flows. If such evaluations indicate that the future undiscounted cash flows of certain long-lived assets are not sufficient to recover the carrying value of such assets, the assets are adjusted to their fair values. No impairment losses were recorded for the years ended June 30, 2019 and 2018.

### Reclassification

Certain reclassifications have been made to the 2018 financial statements to conform to the 2019 financial statement presentation. Such reclassifications had no effect on change in net assets as previously reported.

### ASU 2016-02 (Leases)

In February 2016, the FASB issued Accounting Standards Update (ASU) 2016-02, *Leases*. The ASU requires all leases with lease terms more than 12 months to be capitalized as a right-of-use asset and lease liability on the statement of financial position at the date of lease commencement. Leases will be classified as either finance leases or operating leases. This distinction will be relevant for the pattern of expense recognition in the statement of activities. This ASU will be effective for the Food Bank for the year ending June 30, 2022. The Food Bank is currently in the process of evaluating the impact of adoption of this ASU on the financial statements.

### Liquidity

At June 30, 2019 and 2018, the Food Bank had \$2,292,477 and \$2,159,914, respectively, of financial assets available to meet its cash needs for general expenditures within one year of the date of statements of financial position. Financial assets as of June 30, 2019 consisted of cash of \$1,348,768 and accounts receivable of \$943,709. Financial assets as of June 30, 2018 consisted of cash of \$1,761,613 and accounts receivable of \$398,301.

Financial assets of \$675,020 and \$35,000 as of June 30, 2019 and 2018, respectively, are subject to contractual and donor restrictions that make them unavailable for general expenditures within one year of the date of statements of financial position, and are excluded from the amounts noted above.

### Expense Classification

The financial statements report certain categories of expenses that are attributable to program services, administrative, and fundraising. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses include salaries and related expenses and public relations and development, which are allocated on the basis of estimated time each department and job classification spent in each category. Expenses associated with office and warehouse supplies and rent have been allocated to the respective functional area based on square footage utilized by each department and job classification.

2. MERGER

Effective January 1, 2019, the Food Bank merged with Trinity. Under the merger agreement, the Food Bank became the surviving organization and recorded the merger as a contribution. In accordance with the agreement, the Food Bank was initially required to reserve \$659,243, which was the amount of Trinity's cash plus liquid, marketable assets, plus receivables less all liabilities as of the effective date of the merger, for the purpose of purchasing or leasing of assets to operate new Trinity Cafés, funding pre-opening and start-up operating costs, and funding costs incurred to maintain existing Trinity Cafés. In connection with the merger, the Food Bank acquired certain assets and assumed certain liabilities for no consideration. The following table summarizes the estimated fair values of the assets contributed and liabilities assumed and the calculation of net assets reported in the accompanying statements of financial position.

The Food Bank's investment in the Fund is stated at the fair value of the investments within the Fund. FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

Fair Value Hierarchy

Feeding America follows the guidance of ASC Topic 820 for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that Feeding Tampa Bay has the ability to access at the measurement date.

Level 2: Inputs are observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Inputs are unobservable and significant to the fair value measurement of the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

At June 30, 2019, fair value for beneficial interest in assets held by Community Foundation are classified as Level 2 because fair value is readily determinable from statements published by the Community Foundation.

5. PROPERTY AND EQUIPMENT

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO THE BOARD OF DIRECTORS  
FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay (the "Food Bank," a Florida not-for-profit corporation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated March 31, 2020.

### **Internal Control over Financial Reporting**

In planning and performing our audits of the financial statements, we considered the Food Bank's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank's internal control. Accordingly, we do not express an opinion on the effectiveness of the Food Bank's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Food Bank's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Food Bank's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Food Bank's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Food Bank's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT**

TO THE BOARD OF DIRECTORS  
FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

**Report on the Financial Statements**

We have audited the accompanying financial statements of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay (the "Food Bank," a Florida not-for-profit corporation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1 to the financial statements, donated food inventory at June 30, 2019 and 2018 in the accompanying statements of financial position is reported at fair value of \$2,228,960 and \$974,751, respectively, consistent with industry practice used by other member food banks of the Feeding America Network. Since the Food Bank only charges a small handling fee when distributing donated food inventory to agencies, the actual cash received in exchange for distributing donated food inventory is substantially less than the carrying values shown in the financial statements. The change in donated food inventory for the year ended June 30, 2019 was an increase of \$1,254,209 and is included in the overall increase in net assets without donor restrictions for 2019 of \$1,614,566 as reported in the accompanying statement of activities. The change for the year without the effect for donated food inventory would be an increase in net assets without donor restrictions of \$360,357.

During the year ended June 30, 2019, the Food Bank merged with Trinity Café and as a result, recorded a contribution without donor restrictions of \$937,934 (see Note 2). The change in net assets without donor restrictions for the year excluding the effect of the increase in donated food inventory and the merger with Trinity Café was a decrease of \$577,577. During the year ended June 30, 2019, the change in net assets of \$2,549,578, less the effects for donated food of \$1,254,209 and the merger with Trinity Café of \$1,597,177, totaled \$(301,808).

The change in donated food inventory for the year ended June 30, 2018 was a decrease of \$614,737 and is included in the overall increase in net assets without donor restrictions for 2018 of \$517,965 as reported in the accompanying statement of activities. The change for the year without the effect for donated food inventory would be an increase in net assets without donor restrictions of \$1,132,702. Our opinion is not modified with respect to that matter.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2020 on our consideration of the Food Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay's internal control over financial reporting and compliance.

## NOTES TO THE FINANCIAL STATEMENTS

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Business

Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay is a non-profit organization established to collect, warehouse and distribute salvageable food to social agencies which serve the needy. The organization (the "Food Bank" or "Feeding Tampa Bay") is a member of Feeding America Network. During the year ended June 30, 2019, the Food Bank merged with Trinity Café ("Trinity") (See note 2). Subsequently, Trinity continues as a program of Feeding Tampa Bay providing free, hot, healthy meals for those in need of a healthy meal, with a goal of restoring a sense of dignity to lives of those in need through nutritious meals and compassion.

#### Basis of Accounting

The Food Bank's financial statements have been prepared using the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when incurred.

#### Basis of Presentation

The Food Bank has presented its financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") for not-for-profit organizations. Under this guidance, the Food Bank is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

- Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed stipulations.
- Net Assets With Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met by actions of the Food Bank and/or the passage of time or that must be maintained by the Food Bank in perpetuity.

#### Revenue Recognition

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions. All donor-restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

The Food Bank charges a small handling fee for donated food distributed to its network of agencies and records this revenue as shared maintenance fees. The Food Bank receives and distributes food under contractual agreements with the U.S. Department of Agriculture ("USDA") and receives a fee from the USDA based on pounds distributed. Agency receivables are presented net of an allowance for doubtful accounts of \$1,904 for the years ended June 30, 2019 and 2018.

The Food Bank reports gifts of goods and equipment as support without restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with restrictions. Absent explicit donor stipulation about how long those long-lived assets must be maintained, the Food Bank reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Income earned on the Food Bank's endowment (see Note 8) and beneficial interest in assets held by Community Foundation of Tampa Bay ("Community Foundation" or "Foundation")(see Note 3), which includes interest, dividends, unrealized gains and losses, and realized gains and losses, is recognized in the statements of activities and reported as an increase or decrease in net assets without donor restrictions, unless their use is restricted by a donor to a specified purpose, future period, or by law that extends donor restrictions.

## NOTES TO THE FINANCIAL STATEMENTS

### Cash

The Food Bank maintains cash balances at a financial institution that is insured under the Federal Deposit Insurance Corporation's (FDIC) Transaction Account Guarantee Program. Balances with the financial institution may exceed federally insured limits.

### Donated Food Inventory

Donated food inventory is recorded at estimated fair value as net assets without donor restrictions in the accompanying statements of financial position. Estimated fair value of donated food inventory as of June 30, 2019 and 2018 is based on the most recent Product Valuation Survey Methodology prepared by Feeding America (report as of December 31, 2018 and 2017, respectively).

The Product Valuation Survey Methodology calculates the estimated fair value of donated food inventory utilizing the average wholesale price as determined by the *Spartan Finch Electronic Catalogs* for *Grocery, Bakery, Frozen, Dairy, General Merchandise, Health and Beauty, Processed Meat, Non-Department, and Produce* price catalogs for identical or similar food items. The value of donated food inventory as of June 30, 2019 and 2018 was \$2,228,960 and \$974,751, respectively.

### Donated Goods and Services

Donated professional services (which include accounting and legal services) are reflected in the statement of activities at their fair value, if material. There were no significant professional services donations reflected in the accompanying financial statements for the years ended June 30, 2019 and 2018. Volunteer services not requiring specialized skills are not reflected in the financial statements since no objective basis exists for assigning values to many of these services. For the years ended June 30, 2019 and 2018, volunteer hours totaled approximately 84,000 and 64,000, respectively. Materials and other assets received as donations are recorded and reflected in the accompanying financial statements at their fair values at the date of receipt. There were no donations of materials and other assets for the years ended June 30, 2019 and 2018.

### Agency Deposits

Funds received by the Food Bank on behalf of other agencies for handling charges on future distributions of salvageable food are recorded as agency deposits.

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Property and Equipment

Property and equipment are recorded at cost, or estimated fair value for items donated. Maintenance and repairs, which do not improve efficiency or extend useful lives, are charged to operations as incurred. Depreciation and amortization is computed on the straight-line basis over the following estimated useful lives of the assets:

Building	39 years
Automobiles and trucks	5 years
Refrigeration equipment	7 years
Warehouse equipment	3 – 7 years
Furniture and fixtures	3 – 7 years
Kitchen equipment	7 years
Other equipment	3 – 7 years

# FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

## NOTES TO THE FINANCIAL STATEMENTS

Leasehold improvements are amortized over the lesser of the useful life of the asset or the remaining life of the lease.

### Income Taxes

The Food Bank qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue code and therefore has no provision for federal or state income taxes on tax-exempt activities. There were no significant non-exempt business activities during the years ended June 30, 2019 and 2018.

### Impairment of Long-Lived Assets

The Food Bank reviews its long-lived assets for impairment as events or changes in circumstances indicate that the carrying amount of such assets may not be fully recoverable. The Food Bank evaluates the recoverability of long-lived assets by measuring the carrying amounts of the assets against their estimated undiscounted future cash flows. If such evaluations indicate that the future undiscounted cash flows of certain long-lived assets are not sufficient to recover the carrying value of such assets, the assets are adjusted to their fair values. No impairment losses were recorded for the years ended June 30, 2019 and 2018.

### Reclassification

Certain reclassifications have been made to the 2018 financial statements to conform to the 2019 financial statement presentation. Such reclassifications had no effect on change in net assets as previously reported.

### ASU 2016-02 (Leases)

In February 2016, the FASB issued Accounting Standards Update (ASU) 2016-02, *Leases*. The ASU requires all leases with lease terms more than 12 months to be capitalized as a right-of-use asset and lease liability on the statement of financial position at the date of lease commencement. Leases will be classified as either finance leases or operating leases. This distinction will be relevant for the pattern of expense recognition in the statement of activities. This ASU will be effective for the Food Bank for the year ending June 30, 2022. The Food Bank is currently in the process of evaluating the impact of adoption of this ASU on the financial statements.

### Liquidity

At June 30, 2019 and 2018, the Food Bank had \$2,292,477 and \$2,159,914, respectively, of financial assets available to meet its cash needs for general expenditures within one year of the date of statements of financial position. Financial assets as of June 30, 2019 consisted of cash of \$1,348,768 and accounts receivable of \$943,709. Financial assets as of June 30, 2018 consisted of cash of \$1,761,613 and accounts receivable of \$398,301.

Financial assets of \$675,020 and \$35,000 as of June 30, 2019 and 2018, respectively, are subject to contractual and donor restrictions that make them unavailable for general expenditures within one year of the date of statements of financial position, and are excluded from the amounts noted above.

### Expense Classification

The financial statements report certain categories of expenses that are attributable to program services, administrative, and fundraising. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses include salaries and related expenses and public relations and development, which are allocated on the basis of estimated time each department and job classification spent in each category. Expenses associated with office and warehouse supplies and rent have been allocated to the respective functional area based on square footage utilized by each department and job classification.

2. MERGER

Effective January 1, 2019, the Food Bank merged with Trinity. Under the merger agreement, the Food Bank became the surviving organization and recorded the merger as a contribution. In accordance with the agreement, the Food Bank was initially required to reserve \$659,243, which was the amount of Trinity's cash plus liquid, marketable assets, plus receivables less all liabilities as of the effective date of the merger, for the purpose of purchasing or leasing of assets to operate new Trinity Cafés, funding pre-opening and start-up operating costs, and funding costs incurred to maintain existing Trinity Cafés. In connection with the merger, the Food Bank acquired certain assets and assumed certain liabilities for no consideration. The following table summarizes the estimated fair values of the assets contributed and liabilities assumed and the calculation of net assets reported in the accompanying statements of financial position.

The Food Bank's investment in the Fund is stated at the fair value of the investments within the Fund. NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

Fair Value Hierarchy

Feeding America follows the guidance of ASC Topic 820 for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that Feeding Tampa Bay has the ability to access at the measurement date.

Level 2: Inputs are observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Inputs are unobservable and significant to the fair value measurement of the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

At June 30, 2019, fair value for beneficial interest in assets held by Community Foundation are classified as Level 2 because fair value is readily determinable from statements published by the Community Foundation.

5. PROPERTY AND EQUIPMENT

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

TO THE BOARD OF DIRECTORS  
FEEDING AMERICA TAMPA BAY, INC. dba FEEDING TAMPA BAY

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Feeding America Tampa Bay, Inc. dba Feeding Tampa Bay (the "Food Bank," a Florida not-for-profit corporation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated March 31, 2020.

### **Internal Control over Financial Reporting**

In planning and performing our audits of the financial statements, we considered the Food Bank's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank's internal control. Accordingly, we do not express an opinion on the effectiveness of the Food Bank's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Food Bank's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Food Bank's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Food Bank's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Food Bank's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

No waiver shall be valid unless it is in writing and signed by authorized representatives of both parties.

**18. SEVERABILITY**

If any provision of this AGREEMENT is held invalid, the remainder of this AGREEMENT will not be affected thereby and all other parts of this AGREEMENT will nevertheless be in full force and effect.

**ATTACHMENT C - CONTRACT PROVISIONS FOR CONTRACTS UNDER FEDERAL AWARDS**

This AGREEMENT is either fully or partially grant-funded. In addition to other terms and conditions required by Pinellas County and the applicable federal agency, all contracts awarded to the qualified bidders are subject to the following provisions, as applicable, to the services provided.

**Equal Employment Opportunity:** Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60- 1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

If this contract meets the definition of a “federally assisted construction contract”, during the performance of this contract, the CONTRACTOR agrees as follows:

- (1) The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant with another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the CONTRACTOR'S commitments under this section

and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

- (5) The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and with the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the CONTRACTOR's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

**Davis-Bacon Act** as amended (40 U.S.C. 3141-3148): When required by federal program legislation, for all prime construction contracts awarded in excess of \$2,000, Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, Contractors must be required to pay wages not less than once a week. If the applicable grant award contains Davis-Bacon provisions, the County will place a copy of the current prevailing wage determination issued by the Department of Labor in the solicitation document. The decision to award a contract shall be conditioned upon the acceptance of the wage determination [Appendix II to 2 CFR Part 200].

**Copeland Anti Kick Back Act:** If Davis-Bacon is applicable, CONTRACTOR shall also comply with all the requirements of 29 CFR Part 3 which are incorporated by reference to this contract. Contractors are prohibited from inducing by any means any person employed in the construction, completion or repair of public work to give up any part of the compensation to which he or she is otherwise entitled [Appendix II to 2 CFR Part 200].

**Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708).** Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence [Appendix II to 2 CFR Part 200].

**Rights to Inventions Made Under a Contract or Agreement.** If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency [Appendix II to 2 CFR Part 200].

**Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387):** As amended—The CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA) [Appendix II to 2 CFR Part 200].

**Debarment and Suspension (Executive Orders 12549 and 12689):** A contract award (see 2 CFR 180.220) will not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. If applicable, the CONTRACTOR must verify that none of their subcontractors (for contracts expected to equal or exceed \$25,000), appear on the federal government’s Excluded Parties List. The Excluded Parties List is accessible at <https://uscontractorregistration.com/> [Appendix II to 2 CFR Part 200].

**Byrd Anti-Lobbying Amendment (31 U.S.C. 1352):** CONTRACTORS that apply or bid for an award **exceeding \$100,000** must submit a completed “Disclosure of Lobbying Activities” [Form SF-LLL]. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any

federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with *non-federal funds* that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. [Appendix II to 2 CFR Part 200]. **The bidder shall complete Form SF-LLL and submit with bid. Bidders may be deemed nonresponsive for failure to submit this certification.**

**Conflict of Interest** [2 CFR §200.112]: The CONTRACTOR must disclose in writing any potential conflict of interest to the Federal awarding agency or **COUNTY** in accordance with applicable Federal awarding agency policy.

**Mandatory Disclosures** [2 CFR §200.113]: The CONTRACTOR must disclose in writing all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.338 Remedies for noncompliance, including suspension or debarment.

**Protected Personally Identifiable Information (Protected PII)** [CFR §200.303(e)]: The CONTRACTOR must take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or **COUNTY** designates as sensitive or the **COUNTY** considers sensitive consistent with other applicable federal, state, and local laws regarding privacy and obligations of confidentiality. Per CFR § 200.82, Protected PII means an individual's first name or first initial and last name in combination with any one or more types of information, including, but not limited to, social security number, passport number, credit card numbers, clearances, bank numbers, biometrics, date and place of birth, mother's maiden name, criminal, medical and financial records, and/or educational transcripts. This does not include PII that is required by law to be disclosed.

**Prohibition on utilization of time and material type contracts** [2 CFR §200.318 (j) (1)]: The **COUNTY** will not award contracts based on a time and material basis if the contract contains federal funding.

**Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms** [2 CFR § 200.321]: If using subcontractors, the CONTRACTOR must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include:

- (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;

- (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
- (6) Affirmative Action Requirements per 41 CFR60-4.1 Goals for Women and Minorities in Construction (for contracts in excess of \$10,000): Goals and timetables for minority and female utilization may be set which shall be based on appropriate workforce, demographic or other relevant data and which shall cover construction projects or construction contracts performed in specific geographical areas. The goals, which shall be applicable to each construction trade in a covered Contractor's or subcontractor's entire workforce which is working in the area covered by the goals and timetables, shall be published as notices in the Federal Register, and shall be inserted by the contracting officers and applicants, as applicable, in the Notice required by 41 CFR 60-4.2. Covered construction Contractors performing construction work in geographical areas where they do not have a federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed.

The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

**Prohibition on utilization of cost plus a percentage of cost contracts** [2 CFR §200.323 (d)]: The **COUNTY** will not award contracts containing federal funding on a cost plus percentage of cost basis.

**Retention of Records** [2 CFR 200.333]: Financial records, supporting documents, statistical records, and all other records pertinent to a Federal award must be retained for a period of three years from the date of submission of the final expenditure report or invoice.

**Access to Records** [2 CFR 200 § 200.336]: The **COUNTY**, Pass-through agency or Federal awarding agency must have the right of timely and unrestricted access to any documents, papers or other records, including electronic records, of the Contractor in order to make audits, investigations, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to the recipient purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained.

## **INTRODUCTION**

Feeding America has developed this Disaster Response Plan to ensure the capability exists to continue critical services and operations before, during and after an event. Feeding America adopted an “all-hazards” approach to emergency planning to ensure, that regardless of the event, critical services will continue to operate. This approach included preparing for natural, manmade, and technological disasters and events that could impact the Food Bank, customers and/or the surrounding region.

It is the goal of this Food Bank to act as a conduit for donated food and other essential grocery items for the purpose of disaster relief. This relief will be provided in coordination with support of the Feeding America Food Bank Network and other relief organizations. This effort includes the solicitation, handling, storage and distribution of products to an established network of Food Bank agencies across the country. In addition, distribution will extend to state, city, military and Red Cross sites, as necessary, during an emergency.

## **PURPOSE**

The purpose of this Disaster Response Plan is to provide Food Bank personnel guidance for the emergency response to disasters. This plan documents the critical resources required to effectively respond to disasters and provide emergency services to those impacted disasters. Disasters may require Food Bank to utilize backup resources including personnel, equipment and supplies from other Network Members and/or external vendors.

This Disaster Response Plan was developed in accordance with the Emergency Management Accreditation Program (EMAP); U.S. Department of Homeland Security (DHS) current guidance for Continuity of Operations/Business Continuity Planning; and operational guidelines outlined in the National Incident Management System (NIMS).

This document establishes the plan for personnel to provide disaster relief. It also provides policy and guidance to ensure the safety and protection of employees, customers, operations, and facilities. This plan provides the framework for Food Bank personnel to effectively maintain critical services during a disaster.

## **APPLICABILITY AND SCOPE**

This document focuses on the core elements of emergency planning: essential services, critical resources and backup capabilities. The procedures that address these elements will provide for uninterrupted delivery of the Food Bank’s critical services while maintaining the safety and security of employees.

## CONCEPT OF OPERATIONS

The concept of operations defines the emergency management process. The concept of operations also details the responsibility of leadership personnel to undertake comprehensive management of events to protect property and business operations from the effects that cause a disruption to the delivery of essential functions. This Disaster Response Plan is based upon the concept that the recovery operations performed by the organization will generally parallel their normal day-to-day functions.

See Table A-1 Disaster Specific Job Positions

## **GENERAL**

The objective of this concept of operations is to ensure the execution of critical services to stakeholders during a disaster and to provide for the safety and well-being of employees in which any facility is threatened or not accessible. Specific objectives include the following:

- Ensuring the continuous performance of critical services leading up to, during and immediately following a disruptive event.
- Protecting facilities, equipment, supplies, and other assets.
- Reducing or mitigating disruptions to operations.
- Reducing loss of life and minimizing damage and losses.
- Achieving a timely and orderly recovery from a disaster and resumption of full service to stakeholders.

In the event an incident exceeds local Food Bank response capabilities, outside assistance is available, either through mutual support agreements with nearby jurisdictions and volunteer emergency organizations or, through the Feeding America National Food Bank.

## **PHASES OF MANAGEMENT**

Operational concepts presented in this section are applicable at all times. In some instances, events may be preceded by some type of warning period. If this warning is recognized in time, there can be sufficient time to warn the staff and implement mitigation measures designed to reduce the impact of the event. However, often an event occurs with little or no warning, requiring immediate activation of this plan and commitment of resources.

The concept of operations is expressed in operational periods:

- Preparedness and Planning
- Response (emergency operations)
- Recovery (Restoring critical services and returning to normal operations)

## **EVENTS TRIGGERING A DISASTER RESPONSE**

The Food Bank of Location will provide aid to all Location Food Bank member agencies and those affiliated with the Emergency Network of Location in the event of a disaster.

Disasters have specific classifications. See the following:

**APPENDIX J - CLASSIFICATIONS OF DISASTERS**

## **PREPAREDNESS AND PLANNING**

During times of preparedness and planning, i.e. standard day-to-day operations, the following activities are to be executed on a regular basis.

### **MITIGATION**

Mitigation activities are those that eliminate or reduce the impact of the effects of disasters. It also includes those long-term actions that lessen the undesirable effects of unavoidable hazards. Examples of mitigation measures include:

- Hazard identification and mapping
- Design and construction applications
- Land-use planning
- Financial incentives
- Insurance
- Risk Management
- Structural controls

### **PREPAREDNESS**

Preparedness actions develop the response capabilities needed during an event. Planning, training and exercises are among the activities conducted under this phase. Feedback from these activities should be focused on improving and maintaining the EPP. Example preventative measures include:

- Testing IT system backups
- Testing alarm systems
- Posting evacuation plans
- Assuring the viability and accuracy of emergency contact lists, resource lists and emergency contacts. A staff roster can be found in: Appendix A - STAFF ROSTER
- Establishing key relationships with local disaster relief agencies. State and local emergency management agencies and local VOAD organizations can be found in: Appendix B - EXTERNAL CONTACT LIST
- Updating and maintaining inventory.
- Providing public information and educational materials to the public via newsletters, brochures, publications in telephone directories, agency web-sites and other media. Media Contacts can be found in: Table B-4 Media Contacts
- Developing, reviewing and exercising disaster response plans and standard operating guidelines and procedures (SOGs/SOPs).
- Updating, reviewing, and maintaining the Disaster Response Plan.
- Updating, review, and maintain Memorandums of Understanding (MOUs) and Letters of Intent for additional emergency resources. MOUs can be found in: Appendix C - MEMORANDUMS OF AGREEMENT
- Assessing the risks, hazards and neighboring threats that have the potential to impact the surrounding area requiring emergency response from the branch office. A risk assessment worksheet is located in: Appendix D - RISK WORKSHEET

- Updating facility location map to include any additional critical facilities or neighboring branch office and ensuring all personnel are aware of each branch location in the region. A facility map is located in: Appendix E - LOCAL FACILITY LOCATIONS MAP
- Monitor opportunities for training via the Feeding America Online Learning System website, FEMA website, State, County and local emergency management offices and other voluntary agencies training.
- Update and review processes and procedures in place for disaster affected members to request financial assistance from the Feeding America National Office.

## **RESPONSE**

Feeding America Food Banks will respond to emergencies by providing additional food and services to people who have been impacted by an emergency or disaster. During a catastrophic event, emergency food and disaster supplies are distributed from local points of distribution which may include churches, schools, businesses, parking lots and mobile vehicles.

Response functions are initiated by an incident that causes major disruption to the surrounding community or the notification of a pending event. The following section outlines how this Food Bank will provide services during the response phase.

## **ALERT AND NOTIFICATION**

Clear communication between stakeholders is often the single source of failure during an emergency activation. Maintaining clear lines of communication is critical to providing emergency relief functions and maintaining overall command and control of operations during the event. During plan activation, the Disaster Warehouse Executive Director will be the primary point of contact for information regarding the Food Bank's response to the disruptive event. The Disaster Warehouse Executive Director is responsible for ensuring the alert and notification of the following stakeholders:

- Feeding America Director of Disaster Services
- Disaster Response Team in the affected Area
- Key Personnel
- Local VOADs/COADs
- Local emergency management
- Backup Suppliers

## **RESPONSE OPERATIONS**

Response operations are focused upon restoring facilities and providing critical services to stakeholders. This phase is initiated by the declaration of an "all clear" condition. The "all clear" condition indicates that the event has ended and that the affected facilities have been secured; critical services are now able to resume. Response operations include:

- Augmenting staff to accommodate any deficiencies in personnel.
- Ensuring supplies and equipment are available for critical services.
- Resuming critical services to customers.
- Open and staff emergency shelters as needed.
- Maintaining communication with the appropriate officials and key personnel.

Efforts and resources may be redirected to accomplish an emergency task. This Food Bank has the responsibility to engage in disaster relief activities in the identified services area in conjunction with disaster partners, VOAD/COAD members and the existing local agency infrastructure.

To maximize the efficiencies of this Food Bank, a threshold has been established that determines when national resources may be requested to support a Network Member. That threshold has been defined as a disaster event that has impacted a minimum of 1,000 households. At that juncture a verbal or written request may be made to the Director of Disaster Services at Feeding America for national office involvement. The above description applies to all-hazards that include but are not limited to earthquake, hurricane, tornado, flood, winter storm as well as man-made events such as acts of war, terrorism, sabotage, etc.

In the event that the Food Bank is impacted by a disaster that does not meet the above threshold yet has exhausted local resources, an appeal may be made to the CEO by the Director of Disaster Services on the branch office's behalf. At the discretion of the CEO or his/her designee, the National Office may offer assistance.

Food will be available to the local disaster area through the Food Bank from a combination of sources:

- Internal Inventory: This inventory will be the immediate source for emergency relief. Inventory levels, vary however. A good consistent base of desirable product is maintained and is available for relief efforts. Also, in the event of a disaster, the food bank's local donors provide tremendous support.
- Local Food Drives: the Food Bank will coordinate pick up and distribution of goods received from major food drives.
- Neighboring Food Banks: Product will be shipped into the disaster area from nearby food banks.
- Feeding America and National Network of Food Banks: Feeding America will solicit major donations from their established relationships with national manufacturers, distributors, processors, etc. This product will be staged at a predetermined warehouse as close to the disaster area as possible. The national network of Food Banks will also support the area with product. Shipment will be coordinated through this Food Bank and the National Office.
- USDA: Surplus product will be coordinated and channeled through The Food Bank system under the direction of USDA's Food and Nutrition Service.
- Donated food from around the country: Depending on the level of disaster, this may be the biggest source. Coordination and distribution of a large portion of these goods will be done through the National Office and the Food Bank.

## **RECOVERY AND RECONSTITUTION**

Within hours of notification, the Disaster Response Team, with the approval of federal, state, and local law enforcement and emergency management agencies, initiates operations to salvage, restore, and recover any damaged facilities. These reconstitution efforts generally begin in coordination with federal, state, and local authorities after the emergency situation has ended and is unlikely to recur. However, once the appropriate official determines that the emergency has ended; immediate reconstitution may not be practical.

Knowing when to move from disaster mode to recovery mode is not an easy or clear determination. At the national level, Feeding America sets 12 weeks as a benchmark for commitment. The actual time is determined by assessing local factors. The Food Bank will work in conjunction with the

National Office to determine the timeline for the transition back to normal, day-to-day operations. The speed at which victims are resettled, food businesses re-open, and numbers that the agencies serve return to those closer to pre-disaster conditions will be considered. The level of resources available plays a large part in how long relief efforts continue. At some point relief efforts may slow down and transform to a recovery mode because the volume and speed at which donations are forthcoming is reduced.

State/County: Hillsborough Date: 8/12/2019

Name: Thomas Mantz Title: Executive Director

Phone: (813) 254-1190 Email: tmantz@feedingamericatampabay.org

### Primary Facility Information

Type of Facility:  Warehouse  Office  Other

Facility Address: 4702 Transport Dr.#6 Tampa Fl. 3305

### DISASTER RESPONSE TEAM PLANNING

Is there a Disaster Response Team (DRT) for your branch office that meets periodically to discuss emergency management issues including past incidents, upcoming events, new policies and procedures, potential risks and hazards, preparedness activities, etc?

yes

How often does the DRT meet?

As needed

Does the DRT coordinate with local VOAD and state/county/city emergency management personnel?

yes

Primary contact for the DRT:

**Jim Carpenter**

## NEIGHBORING THREATS

Neighboring threats constitute a significant hazard or risk that could affect the surrounding community, generally within a five mile radius. The nature of these threats is usually human-related, such as a nearby power generation facility that could experience an accidental spill or release, or a cargo rail line carrying potentially hazardous materials. The operations of the branch office and their capabilities to provide essential services may be affected by the impacts of these threats. A disaster resulting from neighboring threats can also cause an influx in demand for services.

Review the list of Neighboring Threats below and check “Yes,” “No” or “N/A” accordingly.

Neighboring Threats	YES	NO	N/A
Is the facility located near an airport or a flight path of either commercial or private airplanes?		x	
Is the facility located near a military base?		x

## OPERATIONAL THREATS

Assessing the challenges that could take place within the facility is essential. The ability to mitigate situations that could present major problems and setbacks is critical to ensuring continued operations. Identification of operational threats presents the opportunity to address issues that have not yet been resolved and validate processes that are already in place.

Review the list of operational threats below and check “Yes,” “No” or “N/A” accordingly.

## APPENDIX J - CLASSIFICATIONS OF DISASTERS

Class	Description	Affected Households	Affected Food Banks	Poundage Demands	Special Product Demands
Class 1	Limited in scope, affects a limited number of households in a single food bank area. The demand would be met with the resources on hand	25-100	One	Less than 10,000	None or minimal
Class 2	Somewhat limited in scope, but would affect a significant number of households. Local food bank and neighboring food banks could handle the demand	100-250	One (possibly more)	Less than 10,000 – 100,000	Minimal
Class 3	Would affect a large number of households. Scope would most likely require that outside product resources be generated to meet demand. Second Harvest's national office involvement likely.	250-2,500	2 or more	100,000 – 500,000	Probable
Class 4:	Large geographic area affected. Number of food banks impacted and would require outside assistance from the Second Harvest network in terms of staffing and food.	2,500+	multiple	over 500,000 during the first week of relief; 1,000,000+ over an extended period of time	Substantial
Class 5	Affects tens of thousands of households (hurricane Andrew falls into this category). Devastation requires massive inter-agency effort	entire communities and/or cities	Multiple	millions of pounds over an extended period of time (9 – 12 months)	Massive

Authority, support, and justification for disaster recovery planning are provided through the documents listed below.

### Federal Guidance

***Executive Order (EO) 12148–Federal Emergency Management.*** EO 12148 establishes federal policies and coordinates civil emergency planning, management and assistance functions. It also establishes the President’s role in working with state and local governments.

***Executive Order (EO) 12472–Establishment of the National Communications System.*** EO 12472 establishes the National Communication Systems as a Federal Intercompany/Company group assigned national security and emergency preparedness telecommunications responsibility throughout the full spectrum of emergencies. Responsibilities include planning, developing, and implementing enhancements to the national telecommunications infrastructure to achieve measurable improvements in survivability, interoperability, and operational effectiveness under all conditions. This is accomplished by effective management and by using national telecommunication resources to support the government during any emergency.

***Executive Order (EO) 12656–Assignment of Emergency Preparedness Responsibilities.*** EO 12656 is the foundation of these mandates. It requires Federal agencies to develop plans and procedures that ensure the survival of the U.S. Constitution and American Government by enabling them to continue to provide essential functions and services during and following a disaster or emergency. Executive Order 12656 assigns national security management preparedness responsibilities to federal departments and agencies.

***Presidential Decision Directive 63.*** PDD–63 is a national-level effort to ensure the security of the increasingly vulnerable and interconnected infrastructure of the United States. It requires departments and agencies to develop a plan for protecting critical infrastructures, including telecommunications, banking and finance, energy, transportation, and other essential functions and services. The directive addresses those services provided by federal, state, and local governments.

***Presidential Decision Directive 67.*** PDD–67 directs the federal executive branch departments and agencies to have a viable COOP Plan and capability. Departments and agencies must be able to operate at their alternative facilities with or without warning no longer than 12 hours after the disaster and to maintain sustained operations for a minimum period of up to 30 days. The plans identify those requirements necessary to support the primary functions, such as emergency communications, establishing a chain of command, and delegations of authority.

***Executive Order (EO) 13228–Establishing the Office of Homeland Security and the Homeland Security Council.*** EO 13228 establishes the Office of Homeland Security in response to the terrorist attacks on September 11, 2001. Responsibilities of the office include developing and coordinating the implementation of a comprehensive national strategy to secure the United States from terrorist threats or attacks. The office shall coordinate the executive branch’s efforts to detect, prepare for, prevent, protect against, respond to, and recover from terrorist attacks within the United States.

***Executive Order (EO) 13231–Critical Infrastructure Protection in the Information Age.*** EO 13231 establishes a protection program that consists of continual efforts to secure information systems for

critical infrastructure that includes emergency preparedness communications. To achieve this policy, there will be a senior executive branch committee to coordinate that will have cognizance over all Federal efforts and programs involving continuity of operations, continuity of government, and Federal department and company/company information systems protection.

***Robert T. Stafford Disaster Relief and Emergency Assistance Act, Amended (U.S. Code Title 42 Section 5121).*** This act provides for an orderly and continual means of assistance by the Federal Government to state and local governments for carrying out their responsibilities to alleviate the suffering and damage that result from disasters. 42 USC 5121 encourages the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and companies by the states and local governments.

***U.S. National Archives & Records Administration (NARA) Code of Federal Regulations.*** The NARA Code of Federal Regulations (CFR), Subchapter B, Records Management, provides guidance and prescribes policies for records management programs relating to record creation and maintenance, adequate documentation, and proper record disposition.

***Homeland Security Presidential Directive–1.*** The Homeland Security Council (HSC) shall ensure coordination of all homeland security-related activities among executive departments and agencies and promote the effective development and implementation of all homeland security policies. The HSC Principals Committee (HSC/PC) shall be the senior Intercompany/Company forum under the HSC for homeland security issues. The HSC Deputies Committee (HSC/DC) shall serve as the senior sub-Cabinet Intercompany/Company forum for consideration of policy issues affecting homeland security. HSC Policy Coordination Committees (HSC/PCC) shall coordinate the development and implementation of homeland security policies by multiple departments and agencies throughout the federal government, and shall coordinate those policies with State and local government.

***Homeland Security Presidential Directive–3.*** The Homeland Security Advisory System provides warnings in the form of a set of graduated “Threat Conditions” that would increase as the risk of the threat increases. At each threat condition, Federal departments and agencies implement a corresponding set of “Protective Measures” to further reduce vulnerability or increase response capability during a period of heightened alert. This system is intended to create a common vocabulary, context, and structure for an ongoing national discussion about the nature of the threats that confront the homeland and the appropriate measures that should be taken in response. It seeks to inform and facilitate decisions appropriate to different levels of government and to private citizens at home and at work.

***FEMA Federal Preparedness Circular (FPC) No. 65–Federal Executive Branch Continuity of Operations (COOP).*** FPC 65 provides guidance to federal executive branch departments and agencies for developing viable and executable contingency plans for continuity of operations. COOP planning facilitates the performance of department/company/company essential functions during any emergency or situation that may disrupt normal operations. FPC 65 requires that each company/company appoint a senior Federal Government executive as an emergency coordinator to serve as program manager and company/company point of contact for coordinating company/company COOP activities. This ensures continuous performance of an company/company’s essential functions during an emergency and protects essential facilities, equipment, records and other assets. The actions recommended in FPC 65 will reduce disruptions to operations and loss of life, and minimize damage and losses. It achieves a timely and orderly recovery from an emergency and resumption of full service to customers.

***Federal Preparedness Circular No. 66–Test, Training and Exercise (TT&E) Program for Continuity of Operations (COOP).*** FPC 66 provides guidance to Federal executive branch departments and agencies for use in developing viable and executable TT&E programs to support the implementation and

validation of COOP plans. These activities are important elements of a comprehensive emergency preparedness program necessary to improve the ability of agencies to effectively manage and execute their COOP plans.

***Federal Preparedness Circular No. 67–Acquisition of Alternate Facilities for Continuity of Operations (COOP).*** FPC 67 provides guidance to Federal executive branch departments and agencies for acquiring alternative facilities to support their COOP. FPC 67 requires agencies to designate alternative operating facilities as part of their COOP plans and prepare their personnel for the possibility of sudden relocation of essential functions or COOP contingency staff to these facilities should an emergency necessitate that action.

**ALL DESCRIPTIONS BELOW SHOULD BE CLEAR AS TO HOW REQUESTED FUNDS BY AREA RELATE TO ADDITIONAL COSTS THAT WOULD NOT HAVE BEEN INCURRED OR PLANNED IF NOT FOR COVID-19**

Personnel (salaries, wages, benefits, payroll taxes, time allocation, and a brief description of the responsibilities on the project for all personnel involved in program)

Define each position and indicate how the costs you are requesting expands your COVID-19-related programming and/or how it was unbudgeted as of 3/1/2020 or later. Be sure to include as much detail as possible for each position, e.g. rate per hour and number of hours for new position due to COVID-19 or increased hours as a result of COVID-19 (see example if needed).

**Total: \$30,772.48.** Applies to funding area “food.”

- Health insurance is \$2.64/hour and fringe benefits are calculated at 8% for all positions.
- Mobile Pantry Coordinator: In February 2020, the Mobile Pantry Coordinator Kim Ramey was paid \$13/hour for 28 hours (7 hours per Mobile Pantry) for the four Mobile Pantries in Pinellas County (\$364 total). In October through December 2020, the Mobile Pantry Coordinator will be paid \$17.23/hour for 42 hours (7 hours per Mobile Pantry) for the 6 Mobile Pantries added to respond to COVID-19 (\$723.66). Health insurance for 42 hours = \$110.88 and 8% fringe benefits = \$57.90. ( $\$723.66 + \$110.88 + \$57.90 = \mathbf{\$892.44}$  total). This \$892.44 represents personnel expenses specific to COVID-19 response and is in addition to the personnel expense of the two Mobile Pantries that existed before the pandemic.
- Drivers by program type
  - Mobile Pantries- In February 2020 drivers were paid \$14/hour for 28 hours (7 hours per Mobile Pantry) for 4 Mobile Pantries in Pinellas County (\$392 total). In October through December, drivers will be paid \$18/hour for 42 hours (7 hours per Mobile Pantry) for 6 Mobile Pantries added to respond to COVID-19 (\$756). Health insurance for 42 hours = \$110.88 and 8% fringe benefits = \$60.48. ( $\$756 + \$110.88 + \$60.48 = \mathbf{\$927.36}$  total). This \$927.36 represents personnel expenses specific to COVID-19 response and is in addition to the personnel expense of the two Mobile Pantries that existed before the pandemic.
  - Mobile drops- In February 2020 drivers were paid \$14/hour for 8 hours (4 hours per Mobile Drop) for 2 Mobile Drops (\$112). In September through December, drivers will be paid \$18/hour for 228 hours (4 hours per drop) for 57 Mobile Drops = \$4,104. Health insurance for 228 hours = \$601.92 and 8% fringe benefits = \$328.32. ( $\$4,104 + \$601.92 + \$328.32 = \mathbf{\$5,034.24}$  total). This \$5,034.24 represents personnel expenses specific to COVID-19 response and is in addition to the personnel expense of the two Mobile Drops that existed before the pandemic.

- Mega Pantries- this program did not exist before COVID-19 and branded specific new Mobile Pantries into larger distributions to respond to COVID-19. The 4 new drivers work at the 13 Mega Pantries from October through December will be paid \$18/hour for 416 hours (8 hours per Mega Pantry) for 13 Mega Pantries = \$7,488. Health insurance for 416 hours = \$1,098.24 and 8% fringe benefits = \$599.04. (\$7,488 + \$1,098.24 + \$599.04 = **\$9,185.28 total**)
- Meals on the Go- this program expanded significantly to respond to COVID-19, having only been piloted and not in Pinellas County. In October through December, the driver will be paid \$18/hour for 312 hours (24 hours weekly x 13 weeks) = \$5,616. Health insurance for 312 hours = \$823.68 and fringe benefits = \$449.28. (\$5,616 + \$823.68 + \$449.28) = **\$6,888.96 total.**
- Mega Pantry Task Force member. This position was created to respond to COVID-19.
