Brief Spending Narrative*

Please briefly explain the spending activities from **December 27 to December 30, 2020**. If you have not expended any funds, please explain why.

Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

This was a short week for staff. Paralegals again did the bulk of the work, returning calls to clients, finalizing packets, and closing cases in LegalServer. Attorneys finalized emails with property managers, reviewed the status of checks for clients, and touched based with the few remaining open cases they have.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

“Joseph” and his family moved to the United States over a decade ago to start a new life. He is a smart man with a degree in business from his home country. He used it to begin his own business here and supported himself and his family this way for many years. Unfortunately, the pandemic was very hard on his sales, which were mostly gained from walk-in traffic. He fell behind in rent.

As restrictions were lifted, he began to get more business, but it still wasn’t enough to cover the back rent he owed. He reached out to GLS for help. His landlord was willing to work with us and through the partnership with POC, we were able to get his back rent paid.

From the client:

“Dear Miss Rosencrantz

Allow me to present to you all the gratitude and thanks due to you, on my behalf as well as my wife and my three daughters, for your support and your presence by our side in these difficult moments through which we are going. we will not be able to thank you enough, I am indebted to you for life.”
