### Client Story\*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

When delivering food in the Tarpon Springs area a young girl ( around 11 years old) approached us about the food that we were delivering to the seniors in the community. She told us that she had seen us several times in the community and wanted know how she can get someone on the list for food. . She sadly told us how she could no longer see her grandparents or hug them because of the corona virus , she said she was sure that they were in need of food. After following up on the young girl inquiries her grandparents were indeed in need of food. We were happy to serve them.
