Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

Personnel salaries: 10 hours-coordinator; outreach employee 10 hours; therapy hours 12; technology specialist 10 hours; art teacher 7 and Administration 5. Hours were conducted in accordance with CARES Act job descriptions and specifications.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

Mother called and wanted help for her 6 year old little girl. She had been exhibiting some signs of anxiety pre-COVID but now her anxiety was increasing. Mother was reporting signs of anxiety which included not sleeping at night and having nightmares. At bedtime she heard noises thinking a stranger was entering the home. During the day, she would cling to her mother. She also began having meltdowns when she made a mistake. Mother had no means to pay for counseling sessions as she was uninsured. Through the Pinellas CARES grant, we were able to initiate play therapy sessions. Telehealth sessions were enhanced with the packets that were made and distributed through our outreach coordinator. Mother complimented the therapist on the progress her child has made saying she is sleeping much better at night.
