Brief Spending Narrative*

Please briefly explain the spending activities from **November 29 to December 5, 2020**. If you have not expended any funds, please explain why.

Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

This week the Harbor Dish spent \$5,503.82. This included direct deposit for payroll, equipment, supplies, gas and carpet cleaning.

Our food distribution continued as before. We now have two chefs cooking separately on Wednesdays and have an additional volunteer chef who will begin cooking next Thursday, bringing our cooking days to four a week. We were able to give Feeding the Fosters more than usual from Olive Garden and Carrabba's. We also gave away about 100 pounds of ground turkey to 360 Eats and others.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

Jane suffers from post-traumatic stress due to a tragedy-filled life, including abuse as a child that caused multiple concussions and having her husband murdered in their home several years ago. Not long after that, she and her dog were attacked by another dog, and she needed surgery. We try to provide emotional support with food and friendly conversation. Jane picks up food on Sundays, and we know what she likes (such as kombucha and healthy ingredients for smoothies), what her doctor has recommended (such as mushrooms and eggs), etc. We also give her food for her beloved dog when we have it. We tease her that we give her anything "weird" because we know she is adventurous and likes spicy and unusual things. We always chat and carry the box to her car because she has knee and back problems. Hopefully, the Harbor Dish makes a difference in Jane's difficult life.
