Unique Entity ID (SAM)

Please provide your organization's Unique Entity ID number. This is a specific number used by the federal government to identify your organization. **This is different from a DUNS number, which the federal government no longer uses.**

If you do not have a Unique Entity ID number, you can create an account on SAM.gov and apply for one here (it is free and may take 3-4 days for approval): <https://sam.gov/content/home>

This field is optional as to not stop a qualifying organization from applying. HOWEVER, a Unique Entity ID number will be required if your organization is approved for a grant. Your organization should apply for a number now if it does not yet have one.

Does the total project cost exceed the amount your organization is requesting?*

Please note: Answering "Yes" will cause additional questions to load later in this application.

Examples

ABC Childcare is seeking funding for a new playground. ABC Childcare is asking PCF to fund \$150,000 for certain equipment, and will seek other funding and donations for the remaining \$20,000 of the playground. ABC Childcare would select "Yes" for this question.

Better Tomorrow, a mental health provider, is looking to expand their counseling center by two rooms to meet increased service demand arising from the pandemic. Better Tomorrow has secured \$25,000 in private contributions, and wants to request the remaining \$125,000 in this grant. Better Tomorrow would select "Yes" for this question.

DBE Food Pantry is seeking funding for a new HVAC unit for their pantry, and is requesting \$40,000 from PCF to cover the entire cost. DBE Food Pantry would select "No" for this question.

No

Parent Non-Profit/Subsidiaries*

If your organization has a parent non-profit that has multiple subsidiaries, will multiple subsidiaries be applying in this process?

Organization Programming Background*

Please describe the programming your organization offers to the community and the length of time it has been doing so. That is, what does your organization **do** and **how long** has it been doing it?

The I.M.A. was founded in 1925. There are 5 initiatives currently of focus; HIV/AIDS prevention, opioid crisis, voter education and registration, poverty reduction and the "historic Gas Plant" redevelopment.

Community Need*

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

1. There has been a 229% increase in the rate of Black Floridians dying from Opioid overdoses. This is the sharpest increase of any race. (Project Opioid, "the epidemic within Tampa Bay's Opioid crisis", April 2021)
2. Mayor Ken Welch on August 22, 2022 announced a new RFP to redevelop the "historic Gas Plant" area. This offers a unique opportunity for 86 acres of land that was once the home of Black residents to be used for housing, employment and business opportunities that reflect the history and culture of this area.
3. Recent legislation and policy is impacting Black voter turnout. ("The impact of voter suppression on communities of color", Brennan Center for Justice)

Negative Economic Impact*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- A reduction in revenue from 2019 to 2020
- Inflationary pressures
- Increases in demand for services that have not been compensated for through new revenue

- The use of reserves for unbudgeted expenses since the onset of the pandemic, and such use of reserves has prevented the purchase of capital assets
- A need for capital assets to offset community need for which your organization does not have the resources to purchase due to the negative economic harm from the pandemic
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC
- Growth in restricted pandemic-related revenue that does not permit capital asset acquisition

Note: If you are applying for both a Small Purchase and Large Project, you may reuse the answer for this question PROVIDED THAT the negative economic impact is relevant to both requests.

Below is a timeline of the domino effect on our organization and community caused by the global pandemic;

1. I.M.A. could not begin the capital campaign to renovate our almost 100 year old offices at 2900 1st Avenue South.
2. A unhoused Trans student was forced to move from our upstairs apartment.
3. A food pantry was forced to move.
4. The Poor people's Campaign and other clubs and organizations that met in our building were forced to relocate. Meetings and events had to be canceled.
5. Membership and revenue decreased.
6. After school tutoring for students needed.
7. Gentrification continued to expand around our building forcing us to sell and local rental property.

Proposal Description*

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your project proposal and address the following:

- What project will be undertaken with these funds?
- What is the estimated lifespan of the project/property improvement?
- How does it address the negative economic harm you described in the previous question?

The Legacy Center for social justice will be built at 800 22nd Street South in the historic "deuces" corridor. Community members will have access to meeting spaces, classrooms, a technology center, workspace and a conference room downstairs. Upstairs will be temporary housing.

The Legacy Center is walking distance of the new Jordan Park Senior Housing units, Woodson African American museum, Deuces outdoor pavilion, St. Petersburg College, The warehouse arts district, Sankofa development, and the historic Manhattan casino.

PSTA recently announced there will be a the SunRunner stop nearby.

Number Served*

How many people will directly benefit from this capital project annually?

20000

Unduplicated vs. Duplicated*

Is the number indicated above duplicated or unduplicated?

Duplicated: A client is counted each time they access services

Unduplicated: A client is counted once, regardless of the number of times they access services

Example: ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is duplicated. If ABC Food Bank counts Taylor's visit ONCE, it is unduplicated.

Unduplicated

Other (Explanation Required)

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital project.

Rent vs. Own*

Does your organization rent or own the property for which you are proposing modifications?

Note: Selecting "Rent" will cause more questions to load below.

Own

Guiding Principles - Client Impact*

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. The term "equity" is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

Will this project benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?

The Legacy Center will directly assist those harmed by Covid 19, systematic racism, and policies and procedures that have not been fair to poor people, the LGBTQ community and those who too often are left and counted out.

Community Connection

The American Rescue Plan Act (ARPA) prioritizes organizations that either have headquarters or carry out the majority of their operations inside Qualified Census Tracts (QCTs). QCTs are a standard method of identifying communities with a large proportion of low-income residents. The U.S. Department of Housing and Urban Development determines what areas qualify as QCT.

To assess if your organization serves or is headquartered in a QCT, use the following link:

https://www.huduser.gov/portal/sadda/sadda_qct.html

In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to “Color QCT Qualified Tracts.” The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.

Below, please provide the location of your operations and the location of your headquarters, if different.

Headquarters Location*

Please provide your organization's headquarters address as it appears on your Sunbiz account. To check your Sunbiz registration, you may search here: <https://dos.myflorida.com/sunbiz/search/>
2184 9th Avenue South, Saint Petersburg, Florida 33712

QCT Determination - Headquarters*

Is this organization headquartered in a QCT?

Yes

Project Location*

Please provide the address or intersection where the property being modified is.

800 22nd Street South, Saint Petersburg, Florida 33712

QCT Determination - Project*

Is this organization's project in a QCT?

Yes

QCT Impact*

PCF understands that just because a project may not be located in a Qualified Census Tract, those who reside in one may access your services and may come to the location where your organization's project will take place.

- If applicable, please describe if you have clients that reside in a QCT as indicated on the map linked above, and the proportion of your clients that come from these areas.
- If your organization does not serve clients from a QCT, you can write "Not Applicable" below.

People of Color are mostly served by I.M.A. and are the most impacted by the global pandemic and will be the most helped by a newly built and functioning Legacy Center.

QCT Determination - Clients*

Does this organization's project benefit residents of QCTs?

Yes

This section aims to capture general demographic data about your organization and to see how you engage with and represent the community you serve. PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

Community Representation and Connection*

Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

The I.M.A. was formed in 1925 by Black faith leaders. 4 years ago a intentional effort was made to reach out to Jewish, Islamic, and LGTBQ clergy .he organization is still a majority in membership and leadership, African American, addressing challenges and issues facing the Black community.

Financial Overview

Budget Summary*

Please provide a brief sketch of the categories of expenses and the costs needed for your project. If your organization is requesting compensation for indirect costs, be sure to note the percentage (up to 5%) and dollar amount below.

If you are invited to complete the full application, you will be asked to upload current verifiable bids, proposals, price lists [from your potential vendor(s)] from the past 60 days. If a contractor has already been selected for a construction project for which you are requesting funding, you will need to upload their bid. You are strongly encouraged to collect any remaining bids, proposals, and price lists shortly after submitting this LOI.

554,000 is our request to complete the building of the Legacy Center.

Project Preparedness*

If your letter of intent is approved, you will have 30 days to submit a full proposal. This will require multiple estimates/bids for your project that detail the costs you've sketched out above from potential contractors that would do the actual work.

Where are you in the planning process for the implementation of this project? Please describe your organization's readiness for this project including your ability to collect bids and select contractors and/or vendors. **If you have already selected a contractor for the project, you will need to describe how that contractor was chosen.**

Example

Better Tomorrow has spoken with contractors about their counseling center expansion project, but has only sought one proposal from a contractor. Better Tomorrow would describe so below, having sketched out the costs in the previous question. Better Tomorrow would indicate its plan to obtain more quotes/bids upon submitting this LOI.

Community Arts 'R Us has begun construction on its new arts center, as it had secured 75% of the funding for it before the pandemic. Therefore, a contractor has already been selected, and is looking to obtain the funding necessary to complete the project. Below, Community Arts 'R Us would explain it has a cost proposal ready to upload from their selected contractor, and is ready to carry out the rest of the project if funding is awarded.

80,000 in pre construction cost have been spent to date for the Legacy Center;
 57,000 Wollinka Wille Title Insurance Agency (land purchase and title)
 1,500 Stantec (surveying)
 14,000 Behar + Peteranecz Architecture (design)
 3,000 Smith Fence (fencing)
 5,000 Misc.

Other Funding Sources*

Please describe any other funding not already mentioned that your organization has applied for or obtained for this project. This includes but is not limited to Community Development Block Grants (CDBG), local government grants (including Tourist Development Council funding), foundation grants, and donors (you do not need to disclose donor identities, simply amount raised that is allocated to this project). This includes any matching grants or in-kind contributions you may have obtained.

If none, please write N/A.

I.M.A. has received a 25,000 grant and is meeting frequently with potential donors. "Giving Tuesday" in November is an opportunity to raise funds and receive matching dollars from Network for Good.

Signing pre construction tenants is another funding opportunity.

Changes in Operating Costs*

Please answer this question based on the descriptions below:

- If this project **increases** ongoing operational costs (programmatic, operating maintenance or other costs), how will you compensate for the difference?
- If this project **decreases** ongoing operating costs, how will it do so?
- If this project **does not affect** operating costs, please note so below.

A fully functioning Legacy Center will allow I.M.A. to increase revenue and donations and be able to increase programming to better serve our community.

Fund Management Capacity*

Please describe your organization's capacity to manage these potential ARPA funds in terms of fiscal management and financial infrastructure.

This includes, but is not limited to, the use of accounting software that can track a general ledger and multiple accounts and the ability to work on a reimbursement-basis.

The inability to handle a reimbursement-basis grant does not disqualify your organization from applying.

Our organization will be able to manage funds by using the latest software, technology and business practices. Additionally an accounting firm will be hired and our bank is prepared to assist with this project. The I.M.A. is also willing for a fiscal agent to be used. The Pinellas County Urban League or Foundation for a Healthy St. Pets as examples.
