Example: ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

No purchases.

Client Story*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

The CARE Center recently housed a 73-year-old woman with congestive heart failure who was fed through the Food Center when she had no where else to turn during the pandemic. While a nourishing meal was only a part of the services she received through SVdP CARES, it was the most immediate need she had. This was made possible by the Pinellas Community Foundation Pinellas Cares funding. SVdP also arranged for wrap-around services from community partners. Food may have been the start but housing stability is the end goal. She had been previously homeless since early 2019 before coming to the CARE Center and receiving meals through PCF's support.
