If you do not have a Unique Entity ID number, you can create an account on SAM.gov and apply for one here (it is free and may take 3-4 days for approval): https://sam.gov/content/home
This field is optional as to not stop a qualifying organization from applying. However, a Unique Entity ID number will be required if your organization is approved for a grant. Your organization should apply for a number now if it does not yet have one.

Character Limit: 12

**Annual Operating Budget Size***
Please provide the amount of your annual operating budget, (expenditures only) for your entire organization.

Character Limit: 20

**Request Specifics**

**Priority Areas**

For Round 2 of this funding process, the ARPA Nonprofit Capital Project Fund is prioritizing organizations that offer programming, and whose capital purchase is related to, the following areas:

- Individuals with Disabilities
- Food Security
- Specialized Healthcare
  - Mental Health
  - Dental Care
  - Substance Use Disorders
- Housing

Not offering programming in these areas does not disqualify you from applying. However, this prioritization will result in 10 bonus points being awarded to eligible requests when scored.

Does your organization and its proposed capital purchase fit into one of these areas?

**Choices**

- Yes
- No

**Organization Programmatic Background**

Please describe the programming your organization offers to the community and the length of time it has been doing so. What does your organization do and how long has it been doing it?

If you have indicated above that your programming and proposed purchase fit into the priority areas for this funding round, please be sure to describe the relevant programming.

*Character Limit: 2000*

**Community Need**

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

*Character Limit: 2000*

**Negative Economic Impact on Organization**

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.
Describe your organization’s negative economic impact arising from the COVID-19 pandemic. Examples could include:

- Inflationary pressures
- A reduction in revenue since the onset of the pandemic
- An increase in pandemic-related revenue that is restricted, or otherwise does not permit the purchase of capital assets
- The use of reserves for pandemic-related unbudgeted expenses
- Allocation of resources to meet a pandemic-related increase in demand for services, which results in a lack of resources to purchase capital assets
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages.

Proposal Description*
The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your purchase proposal and address the following:
- What will you be purchasing with these funds?
- What is the estimated lifespan of the purchase/improvement?
- How does it address the negative economic harm you described in the previous question?

Guiding Principles - Client Impact*
The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. The term “equity” is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who
live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

**Will this purchase benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?**

*Character Limit: 2000*

**Number Served**
How many people will directly benefit from this capital purchase annually?

*Character Limit: 250*

**Unduplicated vs. Duplicated**
Is the number indicated above duplicated or unduplicated?

**Duplicated:** A client is counted each time they access services

**Unduplicated:** A client is counted once, regardless of the number of times they access services

**Example:** ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is duplicated. If ABC Food Bank counts Taylor's visit ONCE, it is unduplicated.

**Choices**
- Unduplicated
- Duplicated
- Other (Explanation Required Below)

**Other (Explanation Required)**
If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital purchase.

*Character Limit: 1000*

**Geographic Impact & Priority Populations**

The ARPA Nonprofit Capital Project Fund seeks to offset the negative economic impact Pinellas nonprofits faced due to the COVID-19 pandemic. Organizations who serve disproportionately impacted communities will be considered as serving a priority population. There are several ways to determine if your clients were disproportionately impacted.

Examples of disproportionately impacted communities include those who:

- Live in a Qualified Census Tract (QCTs)
• Defined by U.S. Department of Housing and Urban Development (HUD)
• U.S. Treasury guidance prioritizes use of ARPA funds within QCTs
• To assess if your organization serves or is headquartered in a QCT, use the following link: https://www.huduser.gov/portal/sadda/sadda_qct.html
  In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to “Color QCT Qualified Tracts.” The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.

- Low- and moderate-income household and communities
- Households that qualify for federal assistance programs, such as SNAP and TANF
- Historically marginalized communities (BIPOC communities, persons with disabilities, LGTBQ+, religious minorities, and other communities that fit in the Equity definition provided on the ARPA website and application)

**Benefits and Geography of Purchase**
Please describe the following:

1. The communities/clients that will benefit from this capital purchase, and whether they were disproportionately impacted by the pandemic according to the examples above.
2. The geographic areas in which this capital purchase will be put into use. Be as specific as possible.

**Community Connection**
PCF understands the value of authentic and diverse representation in philanthropy and in Pinellas County. To this end, we ask demographic and representation questions to gauge the human impact your organization has on the communities you serve.

PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.
Community Representation and Connection*
Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

If your staff, board, executive leadership, or long-term volunteers have personal identities or experiences that allow for a meaningful connection with your clients, please feel free to describe this connection below. When possible, please use internal data or specific details to describe how your organization is representative and connected to the communities you serve.
