Request Specifics

Organization Programmatic Background*

Please describe the programming your organization offers to the community and the length of time it has been doing so. What does your organization **do** and **how long** has it been doing it?

Mindful Movement (MM) has been providing services in Pinellas County since 2016. We offer health and wellness programming for youth and adults from historically excluded populations.

MM takes a holistic approach and works to empower students by providing guidance and education in the practice of mindfulness, a mental state achieved by focusing one's awareness on the present moment, while calmly acknowledging and accepting one's feelings, thoughts, and bodily sensations. MM reaches students by offering our program in 10 Title 1 Pinellas County schools. We work with teachers and administrators to identify the students who have significant challenges in their day-to-day lives such as below-average

academic performance, behavior issues, and/or stress from their personal lives. We also provide our program via collaborative partner organizations who serve our target demographic including Boys & Girls Clubs of the Suncoast and the City of St Petersburg Cohorts of Champions youth program. We serve each of these schools and organizations 1 - 2 times per week.

MM serves adults with one-hour yoga and mindfulness classes 5 days per week at south St. Petersburg recreation centers including Enoch Davis and Willis S. John as well as the Sanderlin Center, Mt. Zion Church, and the Woodson Museum.

MM programming operates within the framework of our core values of diversity, integrity, health, service and sustainability. Students in our classes learn breathing techniques, yoga postures, meditation, and positive affirmations, which allow them to become more mindful and self aware. Over time, these tools help students change negative thinking and behavior, which becomes the foundation for leading healthy and productive lives.

Community Need*

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

As part of their ongoing work in providing research and data to improve health equity throughout our local communities, the Foundation for a Healthy St. Petersburg has released a study entitled, Initial Health Equity Brief for Pinellas County, Florida. The study found that "while Pinellas County ranks in the top third of counties for quality of life, it falls behind many counties for length of life. People are dying at a higher rate in Pinellas County, both overall and prematurely, than in Orange, Sarasota, and Hillsborough counties or in the state of Florida." Additionally, the most leading causes of death are based in "chronic disease, which often can be prevented or managed through choosing healthy behaviors." With Mindful Movement programs we are teaching people how to make healthy lifestyle choices to help prevent and even reverse chronic illness and the lifestyle that comes with unhealthy habits.

The recent Pinellas County Community Health Assessment also found that 29% of African-American residents (the demographic MM predominantly serves) live below the poverty level, a significant increase as compared to the Pinellas County rate of 14% and the state of Florida rate of 16%. In addition, African-Americans have the lowest median household income when compared to Caucasian, Asian, and "Other" races. MM works to remove financial barriers for this population by offering community classes free of charge/donation based so anyone who wants to learn and do the work can benefit from the program.

Negative Economic Impact on Organization*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- A reduction in revenue from 2019 to 2020
- Inflationary pressures
- Increases in demand for services that have not been compensated for through new revenue

- The use of reserves for unbudgeted expenses since the onset of the pandemic, and such use of reserves has prevented the purchase of capital assets
- A need for capital assets to offset community need for which your organization does not have the resources to purchase due to the negative economic harm from the pandemic
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC
- Growth in restricted pandemic-related revenue that does not permit capital asset acquisition

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages.

Note: If you are applying for both a Small Purchase and Large Project, you may reuse the answer for this question PROVIDED THAT the negative economic impact is relevant to both requests. The Large Project Letter of Intent does not permit uploads to support the answer to this question.

Mindful Movement saw a significant reduction in revenue due to the COVID-19 pandemic. Our organization is funded mostly by fees for service, which means fees/donations students pay for community classes and our contract with the Pinellas County School system for delivering services in a number of schools throughout the County.

Over the course of 2020, MM was affected by a lack of service delivery during the second half of the 2019-2020 school year as well as the first half of the 2020-2021 school year. (So essentially the entire 2020 calendar year.) We were unable to teach students in the schools, at the recreation centers, and with our community partners such as the Cohort of Champions and Men in the Making. With no contracts for service delivery in place, we estimate a loss between \$42,000 - \$50,000 during this time period.

Because of this downturn in our revenue, we were unable to purchase new yoga mats for the schools we serve (something we do every year to eliminate the possibility of mold, contamination, germs, etc.). We were also unable to provide our yoga teachers with the portable technology tools they have been requesting to use in school classrooms to efficiently document attendance and student outcomes.

Lastly, as of the current school year, we are serving the highest number of schools to date (11) across Pinellas County. This has increased our need for more equipment which MM does not really have the resources to purchase due to the negative economic harm from the pandemic.

Proposal Description*

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your purchase proposal and address the following:

- What will you be purchasing with these funds?
- What is the estimated lifespan of the purchase/improvement?
- How does it address the negative economic harm you described in the previous question?

With these funds, Mindful Movement will purchase the following:

- Laptops - 5 year lifespan
- Yoga Equipment - mats, blankets, blocks, bolsters, straps, rolling duffle bags, inversion stands, exercise balance balls (The yoga mats and cloth items are replaced every year. The other equipment listed will last 8 or so years with appropriate maintenance.)
- Desktop Computer - 5 year lifespan
- Printer - 5-8 year lifespan

The yoga equipment will allow us to serve more students in the schools across Pinellas County thereby filling that void for our growing capacity. MM has been in the schools for the past 4 years, and every year we add schools to our list of those we serve. We do the hard work over the summer of visiting administrators and demonstrating the value we bring to their students. We also have a very good word-of-mouth reputation in the community.

The request for new and portable technology speaks to our impact in the communities we serve, and how we can grow that impact with sound measurement and evaluation practices. With the ability to make this part of our documentation process easier and more efficient (and get rid of paper documentation that must be carried from school to school), we are securing data that we can use to leverage more funding in the future. Funding begets funding, meaning the more successful outcomes we can show, the more funders are likely to support our organization and the stronger our narrative becomes, which in turn attracts new funders. Each new funder raises the profile of MM in the community, which also contributes to our growth financially and programmatically.

Guiding Principles - Client Impact*

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. The term “equity” is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

Will this purchase benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?

The yoga equipment purchased as part of this request will be used for our youth programs at the Title 1 schools served by Mindful Movement. These schools serve the demographic that the ARPA grant program aims to serve, which is demonstrated by the QCT data as well as local neighborhood data previously presented. While the technology upgrades are for MM staff use, we believe that if our instructors have the right tools to better execute their jobs, the students will also benefit. These tools will also be used in the schools we serve and the south St. Petersburg rec centers where we also hold classes.

The collective power of this information will help MM illustrate its impact in the community, helping us serve even more youth and adults who have experienced disproportionate negative impacts from the pandemic. MM will be able to provide first hand data that makes the continued argument for equity in the area of healthcare for underserved populations. The yoga equipment in the schools also provides students with access to the same learning experience as their more middle class (and often Caucasian) peers who often populate more traditional yoga studios and classes.

Number Served*

How many people will directly benefit from this capital purchase annually?

2000

Unduplicated vs. Duplicated*

Is the number indicated above duplicated or unduplicated?

Duplicated: A client is counted each time they access services

Unduplicated: A client is counted once, regardless of the number of times they access services

Example: ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is **duplicated**. If ABC Food Bank counts Taylor's visit ONCE, it is **unduplicated**.

Duplicated

Other (Explanation Required)

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital purchase.

The American Rescue Plan Act (ARPA) prioritizes organizations that either have headquarters or carry out the majority of their operations inside Qualified Census Tracts (QCTs). QCTs are a standard method of identifying communities with a large proportion of low-income residents. The U.S. Department of Housing and Urban Development determines what areas qualify as QCT.

To assess if your organization serves or is headquartered in a QCT, use the following link:

https://www.huduser.gov/portal/sadda/sadda_qct.html

In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to "Color QCT Qualified Tracts." The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.

Below, please provide the location of your operations and the location of your headquarters, if different.

QCT Determination - Headquarters*

Is this organization headquartered in a QCT?

Yes

Purchase Location*

Where will the majority of the activities related to the purchase(s) take place?

Examples

- If you are proposing the purchase of a van that will deliver to multiple areas within Pinellas County, specifically mention what areas those are.
- If your purchase enables remote access to your services, such as telehealth, provide geographical data around where the majority of your clients reside (presuming they will access your services from their residence).

These equipment and technology purchases will be used at the schools we serve throughout Pinellas County. For the current 2022-2023 school year these schools are as follows:

ELEMENTARY: Woodlawn, Fairmont, Sanderlin, Northwest, Melrose, Rawlings

MIDDLE: Johns Hopkins, Azalea, Academy Prep St. Pete, Disston Academy

The yoga equipment stays at each school while the laptops will travel with instructors.

QCT Determination - Purchase*

Does this organization's proposed purchase benefit residents of QCTs?

Further determination required

Community Connection

This section aims to capture general demographic data about your organization and to see how you engage with and represent the community you serve. PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter, and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

Community Representation and Connection*

Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

Not only is the CEO of Mindful Movement African-American, all MM instructors identify as part of the BIPOC community. As an organization we firmly believe that representation matters, and we are successful with our work because our students (especially the youth in the schools) see themselves reflected in our instructors. This helps us build an authentic rapport with the community members we are trying to reach.

Mindful Movement also partners with a number of community-based organizations that help us reach historically excluded communities. The Cohort of Champions through the City of St. Petersburg offers support by way of educational, entrepreneurial, workforce and enrichment training opportunities for young African-American males ages 12-24. Since 2016, Mindful Movement has provided weekly mindfulness workshops to this group of young men.

We also work with Men in the Making, a local organization whose mission is to develop relationships that positively impact African-American youth, focusing on building essential skills needed to become productive, contributing residents of Pinellas County. Through holistic role modeling and mentoring, significance is placed on academic excellence, social responsibility, emotional stability, and cultural acuity. This program works in conjunction with the Pinellas Sheriff's Department and the St. Petersburg Police Department.

Leadership Demographics - Board Membership*

Do your board members consider themselves a member of one or more of the following populations? Check all that apply.

NA

Related Parties*

Are any of the contractors/vendors that have provided bids/estimates a related party to your organization?

Examples of Related Parties

- A board member that owns the contracting company that provided a bid

- If this project **increases** ongoing operational costs (programmatic, operating maintenance or other costs), how will you compensate for the difference?
- If this purchase **decreases** ongoing operating costs, how will it do so?
- If this purchase **does not affect** operating costs, please note so below.

This project does not affect operating costs. There is no cost really associated with maintaining any of the equipment and / or technology components of our request. It also has no bearing on expenses related to things like rent, staffing, insurance, etc.

The Traditional Mexican Yoga Blanket with tassels is more than just a yoga prop! Great for restorative yoga, meditation, as a mat for outdoor practice, picnic blanket, beach blanket, and more! These patterned blankets, available in 13 color themes, are a necessity in any professional yoga space. Easily machine washable in super-soft yet durable woven fabric. Hold fast color will not fade in the washing machine or in the sun. Place under buttocks in lotus pose if your hamstrings are tight. Or, cover yourself up in Shavasana to keep your body warm as it cools down – it's large enough to cover your whole body!

PLEASE NOTE: Tassel colors vary from whites, naturals, black, and grays. Blankets are handwoven, therefore factory standardization is not guaranteed. Each blanket is individually handwoven and does not have a serged edge.

Product Highlights

Our 5" Big Foam Yoga Block has been super-sized just for you! A whopping 12" tall by 6" wide and 5" thick, this foam block is oversized, but made from the same light-weight, dense foam as our traditional foam yoga blocks. You'll appreciate that our foam yoga blocks are made from a sturdy, scratch resistant foam. Each block has beveled edges for added comfort. These blocks are strong and durable, and yet incredibly lightweight and comfortable. Blocks are ideal for beginners who need support in postures like side angle pose, or for the more advanced yogi going for a twisted half moon balance. Product Highlights

The Rectangular Cotton Yoga Bolster from Yoga Accessories is firm and supportive, yet soft and supple. This is our top-selling bolster because it's the perfect size and shape: rectangular and flat on the top and bottom, and it comes in 9 bright and beautiful color options! This is a great way to incorporate hygiene-friendly props into your studio: the pillow case is removable and machine washable. There are handles on either side of the bolster for easy transport. This dense bolster weighs in at 6 lbs , providing optimal support and perfect for restorative yoga and prenatal yoga, place this yoga bolster lengthwise along your back in Shavasana to deepen relaxation and open the heart chakra.

Filled with a synthetic blend of cut yarn and polyester and covered with 100% Cotton. The cut yarn is put through a mechanical process where its turned into a synthetic fiber for filling cushions.

Note: Please note that these bolsters are NOT filled with foam and because of the fluffy nature of cotton the actual measurements are slightly bigger. The measurements given above are from one seam to another. Cotton will settle over time.

Product Highlights

Our extra long 10' Cotton D-Ring Yoga Strap is the best yoga strap for taller yogis or those who prefer extra length. Straps are used to grab toes, feet, and legs in harder balancing or reclined positions. Instead of struggling or bending to reach a limb, you can extend your arms length with a yoga belt, so correct alignment is not compromised and range of motion is slowly improved. At 1.5 inches wide, this strap prevents constricted circulation, yet is not too wide to easily hold and wrap around your hand. The metal D-Ring fastener is durable and makes quick adjustments easy. We carry this belt in shorter 6 foot or 8 foot lengths, or with cinch buckle, pinch buckle, or no closure at all.
