## Brief Spending Narrative\*

Please briefly explain the spending activities from **February 1, 2021 to February 28, 2021**. If you have not expended any funds, please return to the top of this report and indicate so.

**Example:** ABC Charity has only expended \$1,000 this week on program personnel while our food pantry was open. ABC Charity buys its food in bulk on the 15th of every month, and therefore there will be an uptick in expenditure that week.

During the month of February we saw a few children drop off of our program as more kids return to school. We continue to serve several hundreds of children every week and are planning our geographic expansion to serve the entire county, preparing for the summer spike.

## Client Story\*

Please give the true story of a client served this month by your programming. You may change identifying details. This allows us to connect to your programming on an emotional level.

Alexis is a mother of two - a 12 year old boy and 10 year old girl. She is living in a two-bedroom so her son sleeps on the couch. She has no job due to covid and is two semesters away from completing her college degree. She called TBNEH asking for help as her grandmother, then mother passed away from covid, and she had no more social safety nets as her husband had been murdered 2 years before (so she was used to struggling), but she had reached her limit. We began serving Alexis. Then the NFL was coming into town and we were honored to be a partner in the Forever 55 effort to help families in the town where Super Bowl is hosted. Alexis and her family were chosen by F55 and TBNEH staff to receive 10k from F55 to pay for her college tuition, rent, and a computer so she could attend online classes to create a self-sufficient life for herself and her family. Thank you PCF for making our work possible!
