## **Request Specifics**

#### **Organization Programmatic Background\***

Please describe the programming your organization offers to the community and the length of time it has been doing so. What does your organization **do** and **how long** has it been doing it?

The Tarpon Springs Shepherd Center (TSSC) food pantry provides weekly groceries for thousands of families every month, delivers food weekly to the homebound and 100 bags to desert neighborhoods for those with no transportation. We provide the food for hot meals 7 days a week to feed the homeless. We also provide holiday baskets for over 2000 families and new toys for approximately 250 children, annually. Our Outreach Department offers resources and connects clients to other providers for services for their insurance needs,

medication and health services. We provide utility assistance, counseling, IDs, along with clothing and household items from our thrift store to the underserved indigent population of north Pinellas County. To our homeless population we offer showers, laundry services and we provide hygiene items, clothing and shoes. This has been in place for over 30 years. These programs continue to service the areas dominated by the following populations:

a. Sliding scale communities for families and seniors

- b. Predominately elderly
- c. East Tarpon Springs that has been identified as an at-risk community through the Pinellas County Health and Human Services Department
- d. Homeless people including those living outside and "couch-surfing" with friends and family.

A specific purpose that we meet is helping those in need at an economic emergency. We are very committed to ensuring that anyone that comes into our outreach center needing food will leave with food. This focus has not been more evident than in the past 2 years. Our food pantry has seen up to a 50% increase in clients needing assistance. In addition, we have become a provider of food to satellite locations within our north county communities. We have more than doubled from 12 in 2019 to 25 organizations that pick-up food from us to distribute either weekly or monthly to those in need in their immediate vicinity.

#### Community Need\*

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

TSSC covers the North Pinellas communities from St. Petersburg to Tarpon Springs. According to the 2020 Census data, this encompasses a population of approximately 172,371 with over 10% of this population living below the poverty line, an increase from last year. In a study of food services and food deserts done by Pinellas County, East Tarpon Springs is one of five at-risk communities for nutritional food and health care. Almost 40% of these residents are living in abject poverty. All our programs are focused to provide nutritious food, assistance to access their benefits under federal and state programs, support a positive environment that provides a hand up; not a hand out to these families and individuals, as well as the homeless and others in need in north Pinellas County. In 2021, we served 42,386 meals and provided pantry food to over 98,000 individuals. Combining all areas of food distribution (meals, food pantry, food drops, delivery to homebound disabled families, and satellite distribution through churches and other non-profits in North Pinellas County) we provided food for 288,120 individuals or an average of 96,000 households. We continue to experience over 31% of those served are homeless. Our community kitchens create a daily meal for anyone coming in for meal distribution at our two service locations.

#### Negative Economic Impact on Organization\*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- A reduction in revenue from 2019 to 2020
- Inflationary pressures
- Increases in demand for services that have not been compensated for through new revenue

- The use of reserves for unbudgeted expenses since the onset of the pandemic, and such use of reserves has prevented the purchase of capital assets
- A need for capital assets to offset community need for which your organization does not have the resources to purchase due to the negative economic harm from the pandemic
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC
- Growth in restricted pandemic-related revenue that does not permit capital asset acquisition

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages.

Note: If you are applying for both a Small Purchase and Large Project, you may reuse the answer for this question <u>PROVIDED THAT</u> the negative economic impact is relevant to both requests. The Large Project Letter of Intent does not permit uploads to support the answer to this question.

We had major food distribution needs throughout the pandemic years. Our trucks had to go further with more frequency to gather the food resources that would then to be distributed to all those in need via the pantry or the prepared meals. This has created major stress to these vehicles in wear and tear as well as the maintenance required to keep them on the road. Our revenue went from the profits of our Thrift Store to zero when that had to be shuttered for over two months. Even after opening, people were reluctant to return to shop and our revenues continued to suffer. This year has seen the explosion of gas prices. Both refrigerated trucks average 300 miles each with an average of 12 gallons per mile. In addition, major fundraisers in 2020 and 2021 were canceled due to the pandemic. We ended up with a very lopsided scale with significant increases in demand by an ever increasing client base (Covid financial constraints led into recession and inflation) while our revenues bottomed out. In addition, several grant funding opportunities pre-pandemic we no longer available during these years. In addition, many of our donors were unemployed during the Covid years and continue to be impacted by our recent economic downturn in 2022. So this has been another roller coaster for us with a drop in 2020 donations by over 10%, a rebound in 2021 and now a drop of almost 30% in giving in 2022. Lastly, we lost employees and volunteers during the Covid years, especially in the pantry and truck drivers. We had over 50% turnover and we still have not recovered from those losses. Our recruitment efforts are challenged by the increased labor costs that as a non-profit we have not been able to match. Our biggest challenge that we are facing is the aging of equipment. This includes one of our refrigerated trucks and much of the processing equipment in the food pantry.

#### **Proposal Description\***

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your purchase proposal and address the following:

- What will you be purchasing with these funds?
- What is the estimated lifespan of the purchase/improvement?
- How does it address the negative economic harm you described in the previous question?

1. A used refrigerated truck with an estimated lifespan of 8-10 years. It provides improved gas mileage and reliability in accomplishing the pick up and delivery of our food. Due to the poor condition of the truck and it being sidelined for repairs, we have lost over 100,000 pounds of food that should have been distributed to

our clients. An improved transportation vehicle will allow us to readily pick food intended for the impoverished clients in north Pinellas County.

2. Pantry equipment that includes portable steel expandable conveyors, vented runner bulk bins, heavy duty rolling movers, large storage containers (18 gallon size), steel floor scale, heavy duty storage shelves, and stainless steel prep/work tables. Purchasing all of this equipment that is truly meant to process the volume that we experience, all of it for heavy duty work and made of steel, should give us a lifespan of 8-10 years. This equipment allows us to more effectively serve the client volume that we continue to have at the TSSC pantry.

#### **Guiding Principles - Client Impact\***

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. The term "equity" is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

# Will this purchase benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?

Absolutely. The population that you described is our client base. In our current economic times, over 16,000 adults in our coverage area are living in poverty, almost 15,000 are disabled, over 43,000 are above 65 years of age, over 3,000 in East Tarpon Springs are living in a food desert as defined by Pinellas County, and 24,000 are minorities. At least 12% of our clients are homeless. Providing us with the requested equipment will allow us to more effectively serve these populations through faster servicing of the food needs and providing a more positive and quality work environment for staff and volunteers. The current wait time for receiving food benefits can grow up to 40 minutes or more depending on the day of the week. Lines will wrap around our building. Speedy delivery of food boxes will reduce the stress of this process. We know the lines and need are not going to disappear so providing a meaningful experience at TSSC for each client is our goal. Providing for the truck and the equipment will get us to this goal.

#### Number Served\*

How many people will directly benefit from this capital purchase annually? 300000

#### Unduplicated vs. Duplicated\*

Is the number indicated above duplicated or unduplicated? **Duplicated:** A client is counted each time they access services **Unduplicated:** A client is counted once, regardless of the number of times they access services **Example:** ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is <u>duplicated</u>. If ABC Food Bank counts Taylor's visit ONCE, it is <u>unduplicated</u>.

Duplicated

#### **Other (Explanation Required)**

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital purchase.

The American Rescue Plan Act (ARPA) prioritizes organizations that either have headquarters or carry out the majority of their operations inside Qualified Census Tracts (QCTs). QCTs are a standard method of identifying communities with a large proportion of low-income residents. The U.S. Department of Housing and Urban Development determines what areas qualify as QCT.

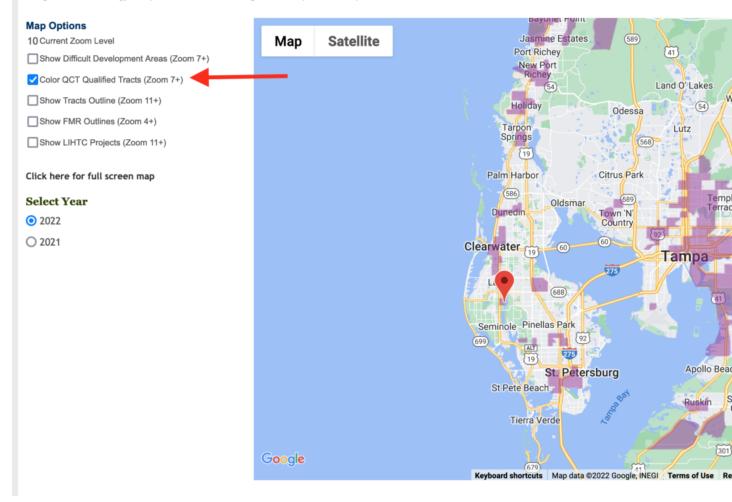

To assess if your organization serves or is headquartered in a QCT, use the following link: <u>https://www.huduser.gov/portal/sadda/sadda\_qct.html</u>

In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to "Color QCT Qualified Tracts." The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.

#### Below, please provide the location of your operations and the location of your headquarters, if different.

#### Headquarters Location\*

Please provide your organization's headquarters address as it appears on your Sunbiz account. To check your Sunbiz registration, you may search here: https://dos.myflorida.com/sunbiz/search/ 304 Pinellas Avenue, Tarpon Springs FL 34689

#### **QCT Determination - Headquarters\***

Is this organization headquartered in a QCT?

No

#### **Purchase Location\***

Where will the majority of the activities related to the purchase(s) take place?

#### **Examples**

- If you are proposing the purchase of a van that will deliver to multiple areas within Pinellas County, specifically mention what areas those are.
- If your purchase enables remote access to your services, such as telehealth, provide geographical data around where the majority of your clients reside (presuming they will access your services from their residence).

The truck will travel throughout Pinellas doing pick ups of food. This will include Tarpon Springs, Palm Harbor, Clearwater, St. Petersburg, Crystal Beach and Tampa. It is important to note that while we receive food from Tampa locations, all distribution of food is done from the Tarpon Springs location that is in a QCT. The truck will make deliveries of food to homebound, disabled clients in Tarpon Springs. It will also provide weekly food drops that rotate to the following cities: Tarpon Springs, Palm Harbor and Crystal Beach. All other equipment requested will be used at the headquarters for TSSC, 304 Pinellas Avenue, Tarpon Springs, FL 34689.

#### **QCT Determination - Purchase\***

Does this organization's proposed purchase benefit residents of QCTs?

No

## Community Connection

This section aims to capture general demographic data about your organization and to see how you engage with and represent the community you serve. PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter, and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

#### **Community Representation and Connection\***

Churches and schools throughout our coverage area also partner with TSSC on projects such as collecting canned goods for the pantry and adopting children in need of gifts at Christmas. Community leaders have chaired fundraisers and served as volunteers in many ways. We engage with local businesses for all of the services that our headquarter plant may need.

#### Note 1 - Summary of Significant Accounting Policies

#### **Reporting Entity**

The Tarpon Springs Shepherd Center, Inc. (the Center or Organization) was established as a Florida Non-Profit Corporation in 1974 in Tarpon Springs, Florida. The Center began with the love grounded in Christian fellowship and has continued to be committed to the belief in the inalienable rights and value of all human beings. The Center has adopted a broad interfaith perspective and extends basic love and material assistance to all members of the community and its visitors. Basic to the Organization's strategy is the concept that everyone can give and receive according to their talents, interests and needs. The Organization's programs include:

- A thrift store
- A soup kitchen
- A pantry
- A clothes tree
- Social services
- Project Thanks: Annual distribution of baskets of food at Thanksgiving and Christmas
- Adopt-a-Family

#### **Financial Statement Presentation**

The financial statements of the organization have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles. In accordance with Accounting Standards Codification 958.205.05, the net assets of the organization and changes therein are classified and reported as follows:

- Net assets without donor restrictions Net assets that are not subject to donorimposed restrictions and may be expenses for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Tarpon Springs Shepherd Center, Inc.'s management and Board of Directors.
- Net assets with donor restrictions Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions on the Organization or by passage of time. Other restrictions are perpetual by nature, whereby the donor has stipulated the funds be maintained in perpetuity.

### **Recognition of Donor Restricted Contributions**

Unconditional contributions are recognized as revenue when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets. When a restriction expires, that is, when a stipulated time restriction or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as net assets released from restrictions.

#### **Cash and Cash Equivalents**

The Organization considers cash in banks, cash on hand, and other highly liquid investments with an original maturity of three months or less to be cash and cash equivalents. All accounts are unprotected beyond the FDIC and SIPC limitations.

#### **Property and Equipment**

Property and equipment are recorded at cost, or in the case of donated items, at the fair market value on the date received. Depreciation is recorded using the straight line method over the anticipated useful lives of the assets, ranging from five to thirty years.

#### **Expense Allocation**

Expenses are allocated to each program or activity based on direct expenditures incurred. Any expenditure not directly chargeable is allocated based on management's decision on a basis consistent with prior years. The expenses that are allocated include the following:

Expense Telephone and internet Utilities Method of Allocation Time and effort Time and effort

#### Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state income taxes under similar provisions of the Florida laws. The Organization has been classified as an organization that is not a private foundation under Section 509(a)(2) of the Internal Revenue Code and donors may deduct contributions as provided in Section 170 of the Code.

It is the policy of management to evaluate its tax positions on an ongoing basis and to disclose any such positions it believes would have a material impact on the financial statements and related notes. Management believes that no such required disclosures exist.

The Organization is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2017. The Organization would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties, if any, in operating expenses.

#### Estimates

The preparation of financial statements in conformity with generally accepted accounting principals requires estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Donated Services and Materials**

A substantial amount of services are contributed to the organization to help carry out its activities. The value of services donated by volunteers in the form of labor hours is not recorded in the accompanying financial statements since they do not meet the requirements for recognition. The value of food and other personal items that are donated and distributed is estimated by the Center using the weight of goods received multiplied by an estimated value per pound to arrive at a total value. The amount included in the financial statements for 2020.

#### COVID-19

The World Health Organization has declared COVID-19 a pandemic. The extent of COVID-19's effect on the Organization's operational and financial performance will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain considering the rapidly evolving circumstances. The ultimate effects of the pandemic could have a material adverse effect of the Organization's activities, results of operations, financial condition and cash flow.

#### Note 8 – Subsequent Event

The Organization's applied for forgiveness of the PPP Loan (see Note 7) subsequent to year end. The loan was forgiven on March 15, 2021.
