### **Request Specifics**

#### **Organization Programmatic Background\***

Please describe the programming your organization offers to the community and the length of time it has been doing so. What does your organization **do** and **how long** has it been doing it?

Vincent House has been operating in Pinellas Park for nearly 20 years. All Vincent House participants, called members, have a severe and persistent mental illness such as schizophrenia, major depression, or bipolar disorder, along with some Veterans with PTSD. Most of our members have an income below the poverty level, and many are below 30% of median income.

We follow the evidence based philosophy of the Clubhouse Model and build upon the belief that through the power of work and relationship building, all members can recover from mental illness and lead successful and meaningful lives in the community.

Vincent House is intentionally organized to help our members develop the skills needed to be successful in their recovery. We do this through the Work Ordered Day, which parallels typical working hours, giving members the opportunity to work side by side with the staff in the overall operation of the Clubhouse.

Through this restorative community, members have the opportunity to volunteer, build meaningful relationships, pursue further education and/or employment and generally have a reason to get out of bed in the morning. These lifestyle changes result in decreased hospitalization, incarceration, homelessness, and isolation that can lead to suicide. Instead, our members develop confidence, self-esteem, and stamina to be productive members of society.

Today, Vincent House Pinellas has an 8,000 square foot state of the art facility with nearly 1000 lifetime members, an average daily attendance over 30 and support over 60 members working transitional, supportive and independent employment. Collectively, our members earned over \$450,000 in 2021 with a total of nearly \$8 Million earned by our members since opening our doors.

#### **Community Need\***

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

According to a study performed by the Florida Behavioral Health Association regarding Mental Illness throughout the state of Florida, 61.4% of adults report not getting treatment for their mental illness. An estimated 1 in 5 adults live with a mental illness. Many people struggling with mental illness isolate which can lead to suicide.

According to Florida Department of Health, in 2020, the suicide rate per 100,000 population in Pinellas County was 16.5 compared to Florida at 13.1, with 175 lives lost to suicide. According to the CDC for every suicide death there are 4 hospitalizations for suicide attempts, 8 emergency department visits related to suicide, 27 self reported suicide attempts and 275 people who seriously considered suicide (https://www.cdc.gov/suicide/suicide-data-statistics.html). Staggering numbers when extrapolated with in just Pinellas County.

Incarceration rates among people suffering with mental illness are also high. According The Florida Behavioral Health Association "comparing state-by-state incarceration rates and access to mental health care ranking shows a strong positive correlation between rates of adult who are in the criminal justice system and lack of access to mental health care."

(https://www.floridabha.org/wpcontent/uploads/2019/09/2019\_FBHA\_MH\_in\_FL\_brochure.pdf). The Pinellas County Sheriff's office has

published (https://pcsoweb.com/location-and-general-information) the average daily jail population to be 3,000, and that Pinellas County Jail is the 28th largest jail in the nation. According to an ABC Action News article published January 10, 2020; it costs about \$125 a day for an inmate to be housed in the Pinellas County Jail.

We know that non treatment for mental illness can lead to suicides, hospitalization, and incarceration. All costly in human lives as well as economically.

With close to 1,000 members, Vincent House exists to serve this population giving them a place to belong and tools to thrive.

#### Negative Economic Impact on Organization\*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- A reduction in revenue from 2019 to 2020
- Inflationary pressures
- Increases in demand for services that have not been compensated for through new revenue
- The use of reserves for unbudgeted expenses since the onset of the pandemic, and such use of reserves has prevented the purchase of capital assets
- A need for capital assets to offset community need for which your organization does not have the resources to purchase due to the negative economic harm from the pandemic
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC
- Growth in restricted pandemic-related revenue that does not permit capital asset acquisition

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages.

Note: If you are applying for both a Small Purchase and Large Project, you may reuse the answer for this question <u>PROVIDED THAT</u> the negative economic impact is relevant to both requests. The Large Project Letter of Intent does not permit uploads to support the answer to this question.

We have multiple areas of negative impact arising from the COVID-19 pandemic. First, due to rising rents and inflation we have increase salaries to keep a stable staff, giving an 8% pay bump to our generalist staff as well as an additional \$1,000 bonus to new staff at their six month anniversary.

According to an ABC Action News article (https://www.abcactionnews.com/news/in-depth/pinellascountys-growth-causing-rents-to-rise-and-increasing-the-lack-of-affordable-housing) Pinellas County rents increased as much at 21.4% in 2021. According to a May 4, 2022 article in the Tampa Bay Times (https://www.tampabay.com/news/real-estate/2022/05/04/tampa-bay-has-the-3rd-most-overvalued-rentprices-study-finds/) Tampa Bay has the 3rd most overvalued rent prices according to a study done by The Florida Atlantic University, Florida Gulf Coast University and University of Alabama. The Tampa Bay area boasted a 17% increase with one bedroom rents running over \$2,000 a month.

Second, we are feeling inflation across all our expense lines, but have seen decreases in our program funding from our managing entity Central Florida Behavioral Health. Our current operating budget requires a \$500,000 from our reserves to balance. We hope to offset partially with fundraising, but this is an untried time in society and performance is untested. One of our main expenses for this fiscal year was a 39% rise in our health insurance costs. Vincent House decided to pick up the entire increase and not pass it down to our staff as we felt that they truly could not afford another inflationary hit to their salary.

Finally, with past and current COVID outbreaks and the need for individuals to isolate we are seeing our members miss out on participating in the Work Ordered Day because of technology gaps. We know that technology upgrades within Vincent House as well as purchasing technology that can be used remotely, i.e. laptops, will improve outcomes by allowing quarantining members and staff to continue to participate, but with our current budget deficit we lack the funds to provide these upgrades.

#### **Proposal Description\***

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your purchase proposal and address the following:

- What will you be purchasing with these funds?
- What is the estimated lifespan of the purchase/improvement?
- How does it address the negative economic harm you described in the previous question?

Vincent House would like to purchase 15 desk top work stations to replace our outdated workstations. Members use these workstations in their unit work aimed at expanding their economic opportunities. Specifically in the member bank, business unit and career unit. The current work stations are 5 years old.

Vincent house would like to purchase 10 laptops. Two for each of our 4 units, one for our Director and one for our Assistant Director. The unit laptops will be available to staff and members that need to work remotely due to COVID. We currently do not have laptops for our unit staff or members to work from. The laptop for our Director and Assistant Director will be replacements for machines more than 6 years old.

The cameras are for use in our video production unit, where members learn production skills as well as graphic design. These are direct replacements for cameras that are more than 10 years old; and only one existing camera works at this time.

As a part of our Work Ordered Day, members and staff work side by side on a meaningful work designed to keep the Clubhouse operating as well as teach important life and employment skills and for some units provide opportunities not necessarily available to our members in society. One example is our Member Bank. Because banking is often difficult for people with low incomes and people struggling with severe mental illness, our Member Bank provides a safe and easy way for members to set up savings accounts, deposit and withdraw their money, pay bills and get assistance with budgeting. Members help other members in the bank, with staff available for support.

Our business and career units support our members who are looking for work, currently employed, or continuing their education.

In our culinary unit members work together to provide a nutritious hot meal. They develop culinary skills, serving skills, meal preparation with shopping and budgeting and retail skills.

All units collect data, enter data and perform clerical work throughout the Clubhouse on computers. Examples of data collection include tracking receipts, budgeting, attendance, capturing employment hours and weekly wages, meal planning, and wellness activities. Members perform wellness checks on non attending members, the work is called Reach Out. Through Reach Out additional data is collected on the wellbeing of members and needs they may have.

There is a daily need for current technology in the Clubhouse.

#### **Guiding Principles - Client Impact\***

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. The term "equity" is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

# Will this purchase benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?

This project will serve people in Pinellas County with a diagnosed mental illness disability. Our members qualify for SSI and earn below 30% MFI (Median Family Income). We have members who are of an ethnic minority, of a religious minority and who identify with in the LGBTQ+ community.

During the height of the pandemic, Vincent House was able to transition to remote services and maintain our daily programming. Even with these services, our members were still greatly impacted throughout the pandemic. The forced isolation was particularly hard, with some members seeing regression in their illness even to the point of hospitalization. Then to finally come out of isolation and strive to get back to "normal" and be faced with crippling inflation and skyrocketing rents; most of our members continue to struggle with housing stability.

The stress of the overall societal environment is particularly hard on people with a severe mental illness diagnosis. One of the most wonderful things about Vincent House is the safe community and deep relationships formed, allowing our members to feel safe in the sharing of their needs, worries, celebrations and successes.

#### Number Served\*

How many people will directly benefit from this capital purchase annually? 5200

#### Unduplicated vs. Duplicated\*

Is the number indicated above duplicated or unduplicated? **Duplicated:** A client is counted each time they access services **Unduplicated:** A client is counted once, regardless of the number of times they access services

Example: ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a

Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is <u>duplicated</u>. If ABC Food Bank counts Taylor's visit ONCE, it is <u>unduplicated</u>.

Duplicated

#### **Other (Explanation Required)**

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital purchase.

The American Rescue Plan Act (ARPA) prioritizes organizations that either have headquarters or carry out the majority of their operations inside Qualified Census Tracts (QCTs). QCTs are a standard method of identifying communities with a large proportion of low-income residents. The U.S. Department of Housing and Urban Development determines what areas qualify as QCT.

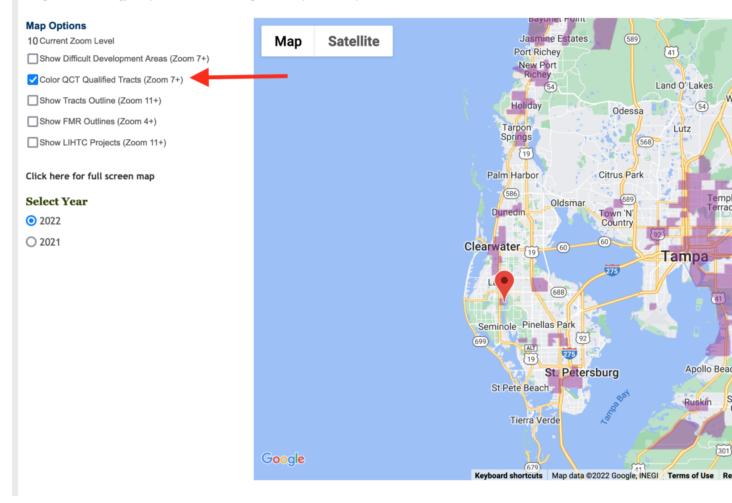

To assess if your organization serves or is headquartered in a QCT, use the following link: https://www.huduser.gov/portal/sadda/sadda\_qct.html

In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to "Color QCT Qualified Tracts." The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.

#### Below, please provide the location of your operations and the location of your headquarters, if different.

The 2022 Qualified Census Tracts (QCTs) and Difficult Development Areas (DDAs) are effective January 1, 2022. The 2022 designations use data from the 2010 Decennial of designation methodology is explained in the federal Register notice published September 9, 2021

#### Headquarters Location\*

Please provide your organization's headquarters address as it appears on your Sunbiz account. To check your Sunbiz registration, you may search here: https://dos.myflorida.com/sunbiz/search/ 4801 78th Ave N, Pinellas Park, FL 33781

#### **QCT Determination - Headquarters**\*

Is this organization headquartered in a QCT?

No

#### **Purchase Location\***

Where will the majority of the activities related to the purchase(s) take place?

#### **Examples**

- If you are proposing the purchase of a van that will deliver to multiple areas within Pinellas County, specifically mention what areas those are.
- If your purchase enables remote access to your services, such as telehealth, provide geographical data around where the majority of your clients reside (presuming they will access your services from their residence).

The activity related to the purchase of the computers and cameras will take place at Vincent House located at 4801 78th Ave N, Pinellas Park, FL 33781. The laptops are able to go home with members during a COVID diagnosis.

Vincent House serves adults who are diagnosed with a severe and persistent mental illness qualifying them as disabled and eligible for SSI. Most of our members earn below 30% of Median Family Income. Our members live in low income housing, group homes, assisted living and/or are homeless across Pinellas County.

#### **QCT Determination - Purchase\***

Does this organization's proposed purchase benefit residents of QCTs?

No

# Community Connection

This section aims to capture general demographic data about your organization and to see how you engage with and represent the community you serve. PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter, and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

#### **Community Representation and Connection\***

Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

Co-Founders, Elliott and Dianne Steele became interested in creating a facility that would help people living with a serious mental illness when their daughter was diagnosed with schizophrenia. They tried to find something that would help their daughter overcome the problems related to her diagnosis but could not find anything in the state of Florida.

The Steeles formed a Board of Directors, a 501(c)(3) corporation and began to advocate for a community that would dramatically change the lives of Floridians living with a mental illness. They found just what they wanted in the Clubhouse model, a place that provided hope, respect and dignity; a place where participants, called members, could practice work and then become employed in the community when they were ready.

It took nearly three years and endless hours of advocacy; meeting with family members, providers, Department of Children and Families, Agency for Health Care Administration, and elected officials. The efforts finally came to fruition when the Steeles received a call from the Department of Children and Families in November 2002 that funding to start Vincent House would be available January 1, 2003.

The Steele's wasted no time looking for a storefront to rent, hiring staff, notifying potential members, finding equipment, furniture and other donated supplies. With an ice chest for a refrigerator and a grill for a stove, the doors to Vincent House opened on January 20, 2003.

Less than two years later, Vincent House became the first accredited Clubhouse in Florida, paving the way for more Clubhouses to follow.

From those humble beginnings, a new way to help people living with a mental illness blossomed. Members began to realize their potential and regained their self-confidence. Many became employed with the help of Vincent House while others returned to school. All found a place where they were wanted, needed and valued.

Although the Steeles had professional careers before Vincent House, they will tell you that seeing members' lives transform from one of hopelessness and despair to a life filled with love, friendship, happiness and employment makes their heart sing.

Today, Vincent House Pinellas has nearly 1000 members, an average daily attendance over 30 and support over 60 members working transitional, supportive and independent employment. Collectively, our members earned over \$450,000 in 2021 with a total of nearly \$8 Million earned since opening our doors.

## **INDEPENDENT AUDITORS' REPORT**

Board of Directors Van Gogh's Palette, Inc.

## **Report on Financial Statements**

We have audited the accompanying financial statements of Van Gogh's Palette, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2021 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Van Gogh's Palette, Inc. as of June 30, 2021 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

## June 30, 2021

## NOTE A - NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A description of the organization and a summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

## 1. <u>Background Information</u>

Van Gogh's Palette, Inc. (the "Organization") is a social and vocational recovery program for adults living with mental health illnesses. The Organization is one of the International Center for Clubhouse Development (ICCD) clubhouse model. The Organization is one of nearly 400 ICCD Clubhouses worldwide. The Organization serves members living throughout the Tampa Bay region. The Organization currently operates three clubhouses: Vincent House in Pinellas County, Florida; Vincent House in Hernando County, Florida; and Vincent House in Pasco County, Florida.

## 2. Basis of Accounting

The financial statements, presented on the accrual basis of accounting, have been prepared to focus on the Organization as a whole, and to present balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of assets, liabilities, and net assets into two self-balancing net asset groups as follow:

- <u>With Donor Restriction</u> Net assets with donor restrictions are net assets subject to donor-imposed stipulations that may be fulfilled by actions of the Organization to meet the stipulations, that may become undesignated by the passage of time, or that require net assets to be permanently maintained, thereby restricting the use of principal.
- <u>Without Donor Restriction</u> Net assets without donor restrictions are net assets not subject to donor-imposed restrictions or the donor-imposed restrictions have expired. These net assets are available for use at the discretion of the Board of Trustees (the Board) and/or management for general operating purposes.

#### 3. Change in Accounting Principle

During 2021, the Organization adopted ASU 2018-13, *Fair Value Measurement - Disclosure Framework, Changes to the Disclosure Requirements for Fair Value Measurement.* The Organization adopted ASU 2018-13 using both the prospective method. The adoption of this standard primarily effected financial statement disclosures and did not result in changes to the Organization's accounting policies or impact its financial position, results of operations or cash flows. As such, prior period financial statements were not restated and there was no cumulative effect adjustment upon adoption.

## NOTE A - NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

## 4. Liquidity

Assets and liabilities are presented in the accompanying statement of financial position according to their nearness of conversion to cash and, their maturity and resulting use of cash, respectively.

#### 5. <u>Promises to Give</u>

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at present value of their estimated future cash flows. The discounts on those amounts are computed using a market interest rate applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included until the conditions are substantially met.

#### 6. <u>Endowment</u>

The Organization's endowment was created to provide financial support for the initiatives of the Organization in perpetuity. The endowment is funds designated by the Board of Directors. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

#### 7. Property and Equipment

Property and equipment are stated at cost, if purchased, or at estimated fair value at the date of receipt if acquired by gift. Depreciation is calculated using the straight-line method over the estimated useful lives of the respective assets. Major renewals and betterments are capitalized. Maintenance, repairs and minor renewals are expensed as incurred. It is the policy of the Organization to maintain all property and equipment in good condition.

Property acquired with governmental funds is considered to be owned by the Organization while used in the program for which it was purchased or in future authorized programs; however, its disposition as well as the ownership of any proceeds therefrom, is subject to applicable regulations.

#### 8. Member and Staff Cash Deposits

The Organization operates an internal bank as experiential training for members. Cash deposits owned by members and staff are recognized as a liability.

## NOTE A - NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### 9. <u>Deferred Revenue</u>

Certain grant awards are reimbursement-based awards. Funds received but unexpended are deferred until expended.

#### 10. Accrued Benefits

Accrued benefits represent vested vacation leave. Vacation leave is charged as an expense in the period in which it is earned by the employee.

#### 11. Donated Services and Materials

Donated services are recorded at their estimated fair value if the services received create or enhance non-financial assets or the services require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

#### 12. Functional Allocation of Expenses

The cost of providing the various programs and other activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### 13. Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases or decreases in net assets during the period. Actual results could differ from those estimates.

#### 14. Income Taxes

Income taxes are not provided for in the consolidated financial statements since the Organization is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and similar state provisions. Management is not aware of any activities that would jeopardize the Organization's tax-exempt status.

The Organization is not aware of any tax positions it has taken that are subject to a significant degree of uncertainty. Tax years after 2017 remain subject to examination by federal and state taxing authorities.

## NOTE B - LIQUIDITY AND AVAILABILITY OF RESOURCES

The following reflects the Organization's financial assets as of June 30, 2021, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the balance sheet date. Amounts not available include amounts restricted by time or purpose, amounts restricted by donors in perpetuity, and amounts designated by the board to meet future liabilities that could be drawn upon if the board approves that action.

#### NOTE C - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Financial Accounting Standards Board Accounting Standards Codification (ASC) *820 Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and expanded disclosures about fair value measurements.

ASC 820 Fair Value Measurements and Disclosures establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

### NOTES TO FINANCIAL STATEMENTS - CONTINUED

#### June 30, 2021

## NOTE C - FAIR VALUE OF FINANCIAL INSTRUMENTS - Continued

- Level 1 Inputs that utilized quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access.
- Level 2 Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2021.

The fair values of net assets measured on a recurring basis at June 30, 2021 are as follows:

	Level 1		L	evel 2	Level 3	
Equities	\$	434,675	\$	-	\$	-
Cash and money market funds		307,345		-		-
Beneficial interest in assets held by others		-		40,245		-
	\$	742,020	\$	40,245	\$	_

### NOTE D - BENEFICIAL INTEREST IN ASSETS HELD BY OTHERS

During 2016, the Organization established a beneficial interest in a non-endowment reserve fund held by the Community Foundation of Tampa Bay ("CFTB"). Distributions from the fund are in accordance with the policy established by the CFTB's Board of Trustees for agency reserve funds. CFTB has powers of modification or removal of the fund. The fair value of the beneficial interest was \$40,245 as of June 30, 2021.

#### NOTE E - BOARD DESIGNATED ENDOWMENT

The Organization established a board designated endowment during the fiscal year ended June 30, 2015. The goal of the endowment is to provide financial support for the initiatives of the Organization in perpetuity. Initiatives include scholarships (Sponsor a Life), program services, and capital improvement.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

## June 30, 2021

## NOTE E - BOARD DESIGNATED ENDOWMENT - Continued

The objective of the endowment portfolio is to generate a long-term, total rate of return that will permit real growth in endowment assets while funding an annual payout rate that is expected to equal roughly 3% of the trailing 12-month average market value of the endowment.

The original value of the endowment as of June 30, 2021 was board designated and is reported as unrestricted net assets.

## NOTE G - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consisted of assets that are subject to the passing of time of \$271,805 as of June 30, 2021.

In 2004, the Organization was granted a Community Development Block Grant to acquire a facility to expand vocational programs serving persons with severe and persistent mental illness. The grantor issued a land use restriction agreement, specifically that the activities from the property shall be for the benefit of children, teenagers, and citizens of the same neighborhood. The land use restriction expires eighteen years from date of execution, December 15, 2021. Since the Organization must operate the building for a specified purpose for a stated period of time, the grant funds are recorded as donor restricted revenue and are amortized over eighteen years, the land use restriction period.

As of June 30, 2021, net assets with donor restricted net assets related to the building are as follows:

Funds provided to acquire property Cumulative expiration of time restrictions	\$ 300,000 (275,695)
	\$ 24,305

In fiscal year 2010, the Organization was granted an additional \$600,000 of Community Development Block Grant funds to expand the facility. The land use restriction on these funds expires twenty years from date of execution, September 17, 2029.

For the year ended June 30, 2021, in-kind revenue and expense consisted of \$334 of accounting services.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

#### June 30, 2021

## NOTE I - IN-KIND REVENUE AND EXPENSE - Continued

Volunteers have donated substantial time to the Organization in various capacities. However, these services are not reflected in the financial statements since the services do not require specialized skills. ## NOTE J - PENSION PLAN

The Organization has established a 401k retirement savings plan for all employees who meet minimum employment qualifications. The Organization did not provide any contributions to the Plan for the year ended June 30, 2021.

#### NOTE K - LEASES

The Organization leases space in Hernando County for the Vincent House Hernando location. The lease is a one-year lease with an option to renew for two additional one-year leases.

The following schedule of future non-cancellable lease payment is as follows:

#### Year ended June 30,

2022 2023	\$ 26,357 22,510
Total future minimum lease payments	\$ 48,867

#### NOTE L - CONCENTRATIONS

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents, grants receivable and prepaid expenses. The Organization manages its risk with cash and cash equivalents through the use of high credit worthy financial institutions. All cash accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At June 30, 2021 the Organization's cash accounts exceeded this threshold by approximately \$460,000. The Organization has not experienced any losses from its deposits.
