Request Specifics

Priority Areas*

For Round 2 of this funding process, the ARPA Nonprofit Capital Project Fund is prioritizing organizations that offer programming, and whose capital purchase is related to, the following areas:

- Individuals with Disabilities
- Food Security
- Specialized Healthcare
 - o Mental Health
 - o Dental Care
 - o Substance Use Disorders
- Housing

Not offering programming in these areas does <u>not</u> disqualify you from applying. However, this prioritization will result in 10 bonus points being awarded to eligible requests when scored.

Does your organization and its proposed capital purchase fit into one of these areas?

Yes

Organization Programmatic Background*

Please describe the programming your organization offers to the community and the length of time it has been doing so. What does your organization **do** and **how long** has it been doing it?

If you have indicated above that your programming and proposed purchase fit into the priority areas for this funding round, please be sure to describe the relevant programming.

Creative Pinellas (CP) was formed as a 501c4 organization in 2011 to promote arts & culture as part of the County's economic development strategies. It became a 501c3 nonprofit in 2017 & has grown from 1 FTE to 6.

Creative Pinellas provides arts-centric programs throughout the County. Located in central Pinellas, CP presents multidisciplinary programs in its extensive gallery space, in a large courtyard between the office & gallery buildings, plus the park's 100 seat auditorium, drawing visitors & residents to engage with presentations, exhibitions & workshops. For example, we are working with the 6th district Drug Court to bring an art exhibition, presentation, and reception to CP. More information is attached at the end of the application.

Key Creative Pinellas programs include:

• The Gallery at Creative Pinellas-offering exhibition, performance/convening space & a sales venue where Pinellas' artists can sell their work

- Professional Development-workshops, live & streaming panels & Co.Starters artrepreneurial training
- Grants-to professional & emerging artists, murals & special projects such as the Lealman CRA, NEA grants for recovery/job retention
- SPACEcraft-traveling art project offering arts experiences countywide
- Community gatherings, panels, artists talks/workshops on important issues in the arts, community building & placemaking
- Performances-interdisciplinary performing & visual arts events in the Gallery

CP regularly exhibits works by CP grant awardees (all genres) plus national/international artists of merit. The gallery & auditorium are also used for convenings on equity/inclusion, artist wellbeing (physical/mental/economic) and arts & social justice. Outreach programs for youth & families extend further into the community, including community murals, participant-driven funding for youth arts summer camps & hands-on public art projects.

Creative Pinellas is the only arts center providing free arts/cultural programming mid-county.

Community Need*

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

Keenly aware of the demographics of Pinellas County, its historically segregated, poverty vulnerable and transportation/opportunity limited areas, Creative Pinellas' (CP) programs are intended to strengthen communities and residents' well-being through the arts. CP's programs purposefully engage underserved areas & populations, as well as the County's cultural hubs.

The nearby neighborhoods of Ridgecrest & Orange Lake Village (both QCT zones) are over 50% Black, 23% White & 11% Hispanic. The median income for the two areas is below \$40,000, and 19% of the families live in poverty.

The cluster of Creative Pinellas, Florida Botanical Gardens & Heritage Village provide a central location for community engagement. The buildings CP occupies were completed in 2001 & need enhancements to fully benefit the communities they serve & the programs offered. The auditorium's stage/sound/lighting technology has not been updated since installation. Creative Pinellas holds important events like the transformative WE CONVENE community meetings on the arts, outreach programs like the Imagine Blackness artist presentation & exhibit, & discussions & community education around substance abuse with the Art in Recovery: Artwork from the Sixth Judicial Circuit Adult Drug Treatment Court exhibit. Currently, CP averages 2,100 participants/month – a number that continues to grow.

Exhibits, receptions & public activities spread out outside the gallery when we need to seat more than 100 guests. For example, we had 125+ families (350+ people) in the courtyard for our Pinellas County Schools Youth Art Month celebration March 5, 2023. Families and speakers struggled through the awards ceremony as the unyielding sun heated the concrete surfaces of the courtyard making it nearly unbearable. Yet it was the only space large enough to host all who wanted to attend. We could do so much more if shade were provided – which would also accommodate our many park visitors.

Negative Economic Impact on Organization*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- Inflationary pressures
- A reduction in revenue since the onset of the pandemic
- An increase in pandemic-related revenue that is restricted, or otherwise does not permit the purchase of capital assets
- The use of reserves for pandemic-related unbudgeted expenses
- Allocation of resources to meet a pandemic-related increase in demand for services, which results in a lack of resources to purchase capital assets
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages.

Our budget from the Convention & Visitors Bureau (CVB) was cut from \$896,070 to \$537,642 as a result of the downturn in tourism dollars. The \$358,428 difference was never made up, hitting us hard in 2020. Creative Pinellas received a \$141,222 PPP Loan, and the CVB contribution was returned to the 2020 funding level in 2022, but the shortfall/impact carried over into the present as we did not receive an inflationary adjustment in 2022 or 2023, even though operating costs have gone up.

Further, the needs of the creative community have grown. The creative economy was significantly impacted by the downturn. As the Local Arts Agency for Pinellas County, arts organizations look to us for help, increasing the demand for services and additional outreach. Theatres continue to experience audiences slow to return. Small presentation venues in central Pinellas County with adequate equipment are difficult to come by for meetings/convenings for cultural & community events. Creative Pinellas stepped up to meet these needs, further challenging the resources of the organization.

In recognition of the role and importance of the arts, the County has approved Creative Pinellas to build a countywide cultural plan. While this is a very positive step, additional funding for the arts is suspended until the plan is completed. Fortunately, prior to this decision, we did receive a commitment to fund a small pilot program providing funds for artists and organizations to advertise/promote their products/services to County visitors via local media outlets.

Other new and expanded programs responding to the needs of the creative community (including Art in Recovery, Pinellas County Youth Art & First Monday performances by American Stage) have been funded through reserves through and since the pandemic, but that solution is not sustainable. Further, Creative Pinellas does not have the capacity to budget for capital projects that are now needed to accommodate the increased community need.

Creative Pinellas is developing other sources of funding for the increased demand, but that is a longer-term solution. The combined \$217,206 shortfall, flat funding, inflation & the County's Covid-related denial of new funding initiatives over the last 3 years is keenly felt, creating an estimated minimum negative impact of

between \$350,000 & \$600,000 in unfunded requests. The need is now, to adapt to the new conditions & provide more equitable free cultural programming that will benefit the community. The capital purchases will allow Creative Pinellas to serve both the creative & the greater community more effectively.

Proposal Description*

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your purchase proposal and address the following:

- What will you be purchasing with these funds?
- What is the estimated lifespan of the purchase/improvement?
- How does it address the negative economic harm you described in the previous question?

Creative Pinellas proposes to purchase improvements for two areas of programming:

- 1. Courtyard Space provide sun protection for outdoor events
- 2. Auditorium upgrade of presentation technology
- 1. Courtyard Awning the large concrete courtyard between the CP administrative offices and the Gallery radiates glaring light and heat in the Florida sun. It is often too hot to hold even a reception there because of the heat. Exhibition opening receptions naturally spill over into the courtyard, which is often utilized for additional presentations and performances. A modular shade feature for the courtyard would make outdoor events feasible and provide visitors to the Gallery and park with a place to assemble and a place to relax.
- 2. Auditorium The buildings in the park were completed in 2001, 22 years ago. The auditorium was designed to provide a community meeting space using the technology of the times. The technology is now dated and not useable for streaming meetings or presentations, nor is it compatible with current computer technology. Creative Pinellas is forced to hire a media company for any event in the auditorium, costing \$1,800 for each event. Although the stage is small, at 100 seats the auditorium is a perfect size for artist talks, community meetings/convenings, for streaming presentations, film festivals, poetry readings, small musical ensembles, etc. New media equipment (sound/projection & cameras) would allow CP to better utilize the auditorium, be more cost effective and accommodating to the growing/changing needs of the community for meeting/convening/presentation space, and for streaming and/or video events. Additionally, the auditorium is utilized much more now for artist presentations prior to a gallery exhibition, enhancing the exhibition experience.

These unbudgeted purchases help offset the unrealized loss of program revenue, enabling Creative Pinellas to provide additional free or affordable services and programs for the greater community.

Guiding Principles - Client Impact*

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. According to federal guidance, the term "equity" is defined as:

7

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

Will this purchase benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?

Serving the underserved is a strong determinant of Creative Pinellas' programming. We are committed to fostering, cultivating & preserving a culture of equity, diversity & inclusion. The requested capital purchases would provide the community with more opportunities for free programming in a safe environment.

1-Courtyard Awning

For people with a low median income, a public place to enjoy high quality activities for free is potentially life changing -if it is comfortable & welcoming. Based on recent events like the Youth Art Month & the African American Heritage Celebration (for which we had to rent a tent), we can fit 300+ in auditorium style seating in the courtyard. We can also set it up with tables for community conversations, convenings & workshops, at no charge to our visitors or nonprofits who would like to use the space. However, none of this is possible without shade.

Since Covid, park attendance has increased 20-30% as the need for a safe place to connect, to attend programs & events, to view exhibits & relax in safe comfort has grown. CP's courtyard is a perfect place for outdoor activities in conjunction with an exhibition/performance in the Gallery or auditorium, or for community arts & other events, except for the harsh Florida sun. The awning would allow for expanded use of the space.

2-Auditorium technology

Similarly, the auditorium does not meet its potential as a community venue. The auditorium is across a breezeway from the Gallery & could be utilized more often & with greater impact if the aged media technology were updated. While the air quality system was recently upgraded, the outdated technology constricts our ability to use the auditorium requiring us to rent A/V equipment for panel discussions, artist presentations, guest speakers & workshops, to record events, or for offsite participants to join from remote locations. The technology purchase would help diversify cultural offerings & support additional community partnership programs.

Number Served*

How many people will directly benefit from this capital purchase annually? 25000

Unduplicated vs. Duplicated*

Is the number indicated above duplicated or unduplicated? **Duplicated:** A client is counted each time they access services

Unduplicated: A client is counted once, regardless of the number of times they access services

Printed On: 18 April 2023 - Round 2

8

Example: ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is **duplicated**. If ABC Food Bank counts Taylor's visit ONCE, it is **unduplicated**.

Unduplicated

Other (Explanation Required)

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital purchase.

The Gallery, courtyard and auditorium at Creative Pinellas serves close to 25,000 unduplicated persons annually, plus an additional 50,000 to 100,000 visitors to the park. Making our facilities more welcoming & attractive will in turn build awareness of, and create more critical mass for, the programs and services we offer. It will also provide more opportunities for artist presentations, exhibitions and sales of their work.

Additionally, Creative Pinellas' outreach programs such as SPACEcraft mobile arts classrooms, hosting events by arts organizations such as the ART in Recovery: Artwork from the 6th Judicial Circuit Adult Drug Treatment Court (additional information on this program is attached at the end of the application), American Stage's First Monday performances & much more, draw in new visitors to the center or introduce arts to outlying areas, encouraging inspiration and creativity.

Geographic Impact & Priority Populations

The ARPA Nonprofit Capital Project Fund seeks to offset the negative economic impact Pinellas nonprofits faced due to the COVID-19 pandemic. Organizations who serve disproportionately impacted communities will be considered as serving a priority population. There are several ways to determine if your clients were disproportionately impacted.

Examples of disproportionately impacted communities include those who:

- Live in a Qualified Census Tract (QCTs)
 - o Defined by U.S. Department of Housing and Urban Development (HUD)
 - o U.S. Treasury guidance prioritizes use of ARPA funds within QCTs
 - o To assess if your organization serves or is headquartered in a QCT, use the following link: https://www.huduser.gov/portal/sadda/sadda_qct.html In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to "Color QCT Qualified Tracts." The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.
- Low- and moderate-income household and communities
- Households that qualify for federal assistance programs, such as SNAP and TANF
- Historically marginalized communities (BIPOC communities, persons with disabilities, LGTBQ+, religious minorities, and other communities that fit in the Equity definition provided on the ARPA website and application)

Benefits and Geography of Purchase*

Please describe the following:

1. The communities/clients that will benefit from this capital purchase, and whether they were disproportionately impacted by the pandemic according to the examples above.

2. The geographic areas in which this capital purchase will be put into use. Be as specific as possible.

The proposed purchases will provide public amenities for Creative Pinellas' Pinewood Cultural Park location. The location is mid county, with close proximity to two QCT zones (Ridgecrest and Orange Lake Village), providing nearby cultural services to underserved areas.

Creative Pinellas is located just south of Ridgecrest, a predominantly Black neighborhood & is close to other mostly Black/Hispanic neighborhoods with high poverty rates. This area, where Creative Pinellas is located, lies in what is otherwise an arts desert and is adjacent to low-moderate income neighborhoods. The art centers that offer arts education to children & adults are located in St. Petersburg, Dunedin, Safety Harbor and in beach communities. A number of art museums are in located in St. Petersburg, plus one in Tarpon Springs. Pinellas' two professional theatre companies are located in St. Petersburg. There are both transportation and financial barriers to participation.

The close neighborhood proximity makes the arts programs that we offer more accessible, as it reduces the barriers caused by lack of transportation, especially for young people.

Our diverse programs are offered free of charge and are available to people of any/all income levels. Our facilities are also free to other nonprofit organizations and community groups. The requested improvements would be made available to all, free of charge.

Headquarters Location*

Please provide your organization's headquarters address as it appears on your Sunbiz account. To check your Sunbiz registration, you may search here: https://dos.myflorida.com/sunbiz/search/

QCT Determination - Headquarters*

Is this organization headquartered in a QCT?

No

Community Connection

PCF understands the value of authentic and diverse representation in philanthropy and in Pinellas County. To this end, we ask demographic and representation questions to gauge the human impact your organization has on the communities you serve.

PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

Community Representation and Connection*

Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

If your staff, board, executive leadership, or long-term volunteers have personal identities or experiences that allow for a meaningful connection with your clients, please feel free to describe this connection below. When possible, please use internal data or specific details to describe how your organization is representative and connected to the communities you serve.

Creative Pinellas effectively connects with arts & culture organizations, residents in nearby municipalities & unincorporated areas, and countywide visitors through its many and diverse programs to enrich the lives of families & youth who may be engaging with the arts for the first time. Our programs inspire and enable creativity, which in turn enables creative problem solving & self-expression, which enhances academic performance and life success.

Creative Pinellas serves individual artists, arts/cultural organizations large and small. We talk to artists & arts leaders frequently, get input, and deliver programs that fulfill their needs as well as those of the surrounding community.

For example, we connected with Pinellas Public Schools through the Clearwater Arts Alliance who needed a location to display the award-winning K-8 student artwork. From the connection made 5 years ago, we have hosted the Youth Art Month exhibit every year, and will continue to do so as long as the gallery & courtyard are available. The relationships we established with the schools enabled us to partner with Sutherland Elementary School & the Lealman Innovation Academy to engage two local artists to paint murals with students at the school. Also, as another outgrowth of that connection, we will be hosting the 13th Congressional District student art show, in April.

Through our partnership with the Pinellas County Board of County Commissioners, we were introduced to the art diversion program at the 6th Judicial District Drug Court and are in the process of creating the ART in Recovery exhibit and ancillary programs dealing with the role art in substance abuse recovery that will take place in the auditorium, courtyard and gallery (please see attachment).

Additionally, through other partnerships with nonprofit organizations such as the YMCA (Ridgecrest) we are establishing new collaborative programs to serve historically under resourced communities.

Creative Pinellas is committed to ensuring fair access to opportunities and resources, while taking into consideration individual's barriers or privileges, striving to eliminate those systemic barriers & privileges. As the local arts agency for Pinellas County, we work with any and all 108 county-wide arts & cultural organizations regardless of race/ethnicity, gender orientation or other identities. The arts embrace them all.

Budget Summary*

Please use THIS TEMPLATE to indicate costs and any cash match your organization may have for the proposed purchases. Note: this spreadsheet will automatically round numbers to make it easier to read for committee members.

If you submitted a proposal in the first round of funding for Small Capital Purchases, you will be required to submit a new budget for an accurate cost breakdown in the current market. Additionally, this round of funding there is less available monies, and the max award request has decreased.

Please note that indirect costs are not permitted for small purchases.

If you have additional notes to add to your budget summary, you may do so in the text box below.

Budget-Template-Small-Capital-Purchases~#2-~Creative~Pinellas~3.28.23.pdf

The proposed equipment purchases are in 2 categories:

- 1. Courtyard Awning: The bid/estimate is a package of parts as outlined in the attached.
- 2. Auditorium Media equipment. The bid/estimate is made up of a number of units listed as 1 package in 2 parts: 2a = Sound/Projection equipment; 2b= Cameras for streaming, recording & distribution.

The preferred bids are listed in both the budget template and explained in detail on the uploaded attachment. The preferred bids are chosen as the best option for the facility & use.

We have confirmed with all vendors by phone that they expect a 5% increase (maximum) from their original bids. The increases are indicated in the attached bid document and in the budget template.

While some of the bids contain sales tax, this is adjusted in the budget summary and will be adjusted/corrected with the vendor as CP is tax exempt as a non-profit organization.

Other Funding Sources*

Please describe any other funding not already mentioned that your organization has applied for or obtained for this purchase.

This includes but is not limited to Community Block Development Grants (CBDG), local government grants (including Tourist Development Council funding), foundation grants, and private donors (you do not need to disclose donor identities but simply indicate the amount raised for this purchase). This includes any matching grants or in-kind contributions you may have obtained.

<u>Please be sure these other funding sources are represented in the "Applicant Match" column in the budget summary uploaded above.</u>

We do not have any other funding sources at this time and are unlikely to be able to develop them in 2023 or 2024, due to Creative Pinellas' flat budget. If these purchases are not funded, our next opportunity would probably be F/Y 2025 at the earliest as those new funding sources are established.

Changes in Operating Costs*

Please answer this question based on the descriptions below:

- If this project **increases** ongoing operational costs (programmatic, operating maintenance or other costs), how will you compensate for the difference?
- If this purchase **decreases** ongoing operating costs, how will it do so?
- If this purchase does not affect operating costs, please note so below.
- 1. Awning The storage and maintenance of the awning will be absorbed into Creative Pinellas' facilities budget.
- 2. Auditorium media equipment Creative Pinellas will no longer need to spend up to \$2,000 on rented equipment and personnel for events. The savings will be redirected to existing personnel and to organizations for new community programming.

Any slight increase in operating costs is dramatically offset by the new and expanded programming opportunities to audiences, performers and organizations. Our programs remain free to the public.

Corrective and Investigative Action/Grant Recall

In the past three (3) years, has your organization or any affiliated parties with your organization had any of the following occur:

- 1. Been under legal investigation by a local, state, or federal institution?
- 2. Been placed on a corrective action plan by a funder?
- 3. Had grant funding recalled by a funder?

If yes, please describe the investigation, corrective action plan and/or grant recall, and the current status of such incidents. You may upload a PDF file to support your answer if necessary.

If no, write "N/A"

Anything else to share?

Is there anything else that you would like Pinellas Community Foundation to know or other information your organization would like to share that isn't addressed elsewhere in this application?

The Gallery housed the Gulf Coast Museum of Art until 2008 when it closed and became property of Pinellas County. Due to economic impact of the recession, county priorities, lack of resources+, it remained closed for 10 years. In 2018, County Commissioners gave Creative Pinellas permission/limited funds to program the gallery part-time. With County support, Creative Pinellas transformed the space into a successful arts/cultural venue. But the buildings fall outside the County's key priorities/strategic plans, and investment continues to be limited. This grant will allow CP to upgrade the visitor experience at the gallery & park and sets the stage for the County to reassess its commitment to making new/more resources available.

Hello Mr. Freddie,

You had contacted Apollo for pricing to shade an area measuring 40' x 72' as we discussed on Tuesday of this week. Here is my best guesstimate for you to present to your supervisor:

- 1. Four Columns and one fabric roof estimated turnkey cost @ \$78,000 See attached photo of a small Hip-Roof.
- 2. Six Columns and two fabric roofs estimated turnkey cost @ \$72,000 See photo of an "Interconnected" Hip-Roof

Remember that Apollo will supply a formal proposal once I have made a site visit, should you want to have their official quotation. Additionally, I've attached four PDFs that I had previously emailed to you to keep your presentation to this one email. Please let me know if I may be of any further assistance.

Best Regards, Rich Tangredi Cell: 727-776-4730 www.apollosunguard.com

Project Description

Per the walkthrough at the auditorium, I have proposed the following:

- 1) Install a new Sony commercial projector with a high output for brightness. This will be fed by the video HDMI Matrix that will allow up to 4 video sources to be chosen through the system. We will use an AppleTV and Microsoft adaptor as the sources for the system.
- 2) We will install a new sound system. This will incorporate (6) new 70V speakers to be installed in the existing locations. There will be a bower amplifier that will receive the audio from the following: AppleTV and Microsoft adaptor.
- 3) This will all be controlled by the Savant automation control system. This will allow a single remote to control all aspects of the system. We will install (5) Savant dimmers to tie in with the control system. We will also include (1) Savant keypad/dimmer combination that we will be able to program "scenes" that will initiate one button pushes to turn on lights/projector/audio and so on.
- 4) We will install a wireless network for the system. Spectrum will need to provide a main feed to the building for us to access.
- 5) We have designed the wireless microphone system to incorporate 5 microphones with the ability to add an additional 5 in the future. The mixer for the microphones will give control and options to expand as needed.

INDEPENDENT AUDITORS' REPORT

Board of Directors Creative Pinellas, Inc.

We have audited the accompanying financial statements of Creative Pinellas, Inc. (a non-profit organization), which comprise the statements of financial position as of September 30, 2021 and 2020, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Creative Pinellas, Inc. as of September 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

September 30, 2021 and 2020

NOTE A - DESCRIPTION OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A description of the organization and a summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. <u>Description of Organization</u>

Creative Pinellas, Inc. (the "Organization") is a 501(c)(3) not-for-profit organization whose mission is to facilitate a vibrant, integrated, collaborative and sustainable Pinellas County arts community and arts and cultural destination. The Organization provides grants to artists and arts organizations, hosts programs and activities that focus on education, collaboration, and support, and organizes future oriented art projects focused on the long-term expansion and evolution in Pinellas County.

2. Basis of Accounting

The financial statements, presented on the accrual basis of accounting, have been prepared to focus on the Organization as a whole, and to present balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of assets, liabilities, and net assets into two self-balancing net asset groups as follow:

- <u>Net Assets Without Donor Restrictions</u> Net assets without donor restrictions are net
 assets not subject to donor-imposed restrictions or the donor-imposed restrictions
 have expired. These net assets are available for use at the discretion of the Board of
 Directors (the Board) and/or management for general operating purposes.
- <u>Net Assets With Donor Restrictions</u> Net assets with donor restrictions are net assets subject to donor-imposed stipulations that may be fulfilled by actions of the Organization to meet the stipulations, that may become undesignated by the passage of time, or that require net assets to be permanently maintained, thereby restricting the use of principal. There were no donor restricted net assets as of September 30, 2021 or 2020.

3. Description of Programs

Creative Pinellas offers a wealth of programs, opportunities and information for the creative community. Creative Pinellas offers workshops designed to help artists and arts organizations learn skills that will move their career and organizations forward. Their programs include 10 professional artist grants, 10 emerging artist grants, and grants for hundreds of Pinellas County Youth to attend arts related summer camps.

NOTE A - DESCRIPTION OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Creative Pinellas is the convener of a large-scale public art program (SPACEcraft), which brings creativity into an active environment, sharing hands-on art experiences inside of two converted shipping containers. Both instructor-led and self-guided programs on the themes of Make, Play, Read, and Grow will invite people to interact and create together at each site SPACEcraft visits.

Creative Pinellas also produces an online magazine, Arts Coast Journal, that provides in-depth arts and artist explorations and event previews. The community they serve include artists from emerging to established professionals, arts organizations, businesses and tourism partners, residents and visitors, and supporters and volunteers.

Creative Pinellas curates exhibits year-round in their 10,000 square foot gallery space where they offer free programming by renown artists, Pinellas County professional artists, emerging artists, community arts organizations, and by performing artists. These programs are funded through various grants and contributions. See note A5.

4. New Accounting Pronouncements

During the Organization's fiscal year ending September 30, 2020, the Organization adopted ASU 2018-08, *Clarifying the Scope of the Accounting Guidance for Contributions Received and Contributions Made*, as well as ASU 2014-09, *Revenue from Contracts with Customers*. The Organization adopted ASU 2018-08 and 2014-09 using the retrospective method. The adoption of these standards did not result in significant changes to the Organization's accounting policies or impact its financial position, results of operations or cash flows. As such, prior period financial statements were not restated and there was no cumulative effect adjustment upon adoption.

Additionally, during the Organization's fiscal year ending September 30, 2020, the Organization adopted ASU 2016-18, *Statement of Cash Flows* (Topic 230): Restricted Cash. The Organization adopted ASU 2016-18 using the retrospective method. The adoption of this standard did not result in significant changes to the Organization's accounting policies or impact its financial position, results of operations or cash flows. As such, prior period financial statements were not restated and there was no cumulative effect adjustment upon adoption.

5. Revenue Recognition

Contributions are recognized in the period when the donation is made, or the conditions have been met. Conditional pledges are not recognized until the conditions on which they depend are substantially met. Contributions of assets, other than cash, are recorded at estimated fair value.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2021 and 2020

NOTE A - DESCRIPTION OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

In-kind contributions are recorded as revenue and expense in the fiscal year during which the benefit is received. In-kind contributions consist primarily of the use of donated facilities and equipment, professional services and promotions and are recorded at fair value.

6. Cash and Cash Equivalents

Cash and cash equivalents consist of cash and money market accounts that are readily convertible into cash and purchased with original maturities of three months or less.

At times these amounts may be in excess of FDIC insurance limits. Cash deposits in excess of federally insured limits were approximately \$562,194 and \$694,500 at September 30, 2021 and 2020 respectively.

There was no restricted cash as of September 30, 2021 and 2020.

7. Accounts Receivable

Accounts receivable consist of various amounts owed to the Organization. None of the amounts receivable at September 30, 2021 and 2020 are deemed to be uncollectible. Therefore, no provision for uncollectible amounts has been made in the accompanying financial statements.

8. Office Equipment

Office equipment is stated at cost, if purchased, or at estimated fair value at the date of receipt if acquired by gift. Depreciation is calculated using the straight-line method over the estimated useful lives of five years of the respective assets. Major renewals and betterments are capitalized. Maintenance, repairs and minor renewals are expensed as incurred. It is the policy of the Organization to maintain all equipment in good condition.

9. Donated Services, Facilities, and Materials

Donated services are recorded at their estimated fair value if the services received create or enhance non-financial assets or the services require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. An in-kind revenue and expense is recorded for the difference between the actual charge of facilities and materials and the estimated fair value. See Note E.

10. Functional Allocation of Expenses

The costs of providing the various program and other activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services. Salaries and related expenses are allocated based on time and effort expended between program and supporting services.

11. <u>Use of Estimates</u>

The preparation of financial statements in conformity with accounting principles general accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases or decreases in net assets during the year. Actual results could differ from those estimates.

12. Income Taxes

The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state income taxes under similar provisions of the Florida Income Tax Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Organization is subject to the accounting standards on accounting for uncertainty in income taxes. Management does not believe it has taken any tax positions that are subject to a significant degree of uncertainty. The Organization's federal returns are generally open for examination for three years following the date filed, as such tax periods covering fiscal year 2018 and after are open for IRS examination.

1. Courtyard Awning

Gatherings for events and presentations occur in the courtyard. However, they are limited due to the lack of harsh sun protection.

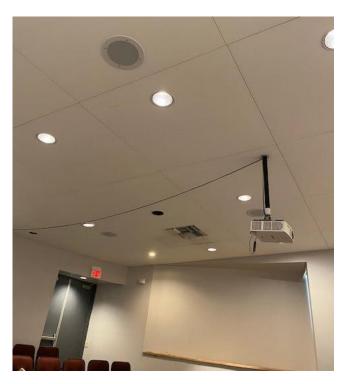

2. Auditorium Media equipment

When the building was completed in 2001, the audio/visual equipment was state-of-the-art. 21 years later, it is not capable of interfacing with the internet, computers or other equipment, making this a less than optimized space.

Art in Recovery:

Artwork from the Sixth Judicial Circuit Adult Drug Treatment Court

Creative Pinellas will host an opening reception for the Art in Recovery exhibit, Wednesday, May 24, 2023, during National Drug Court Month. The exhibit will be open through July 16, 2023. The Drug Court is a court-supervised, comprehensive drug treatment court for non-violent defendants. A voluntary program, it involves frequent appearances before the drug court judge, substance abuse treatment, and random testing for substance abuse. To get part or all of the costs of supervision waived in Drug Court, defendants can participate in a variety of "challenges", including the fitness challenge, the no-smoking challenge, and the reading challenge.

One of the challenges instituted by current Drug Court Judge Kimberly Todd is the "Art Challenge" - to create a self-reflective work of art. The created art is displayed on the walls and shelves in Courtroom 10, home of drug court at the County Justice Center in Clearwater. The artworks run the gamut from heart-breaking to inspirational. Working with the Court, we are reaching out to the artists to learn more about their journey and their experience creating their artworks. The result will be a community-based exhibit and artist talk in the tradition of "The Things They Left Behind" that will use the arts to help put a face on the public health crisis of drug abuse and addiction that our community and country is experiencing. Thank you to Judge Todd and Commissioner Kathleen Peters for making the connection with Creative Pinellas and seeing the possibility of this exhibition.

Sixth Judicial Circuit Court of Florida - March 16, 2022

Pinellas-Pasco Circuit Judge Kimberly Todd holds out a sculpture one of her charges in Pinellas County Adult Drug Court made. To get part or all of the costs of supervision waived in drug court, defendants can participate in a variety of so-called challenges, and one that Judge Todd instituted was the art challenge. Simply put, with the art challenge, a defendant can work to have the Court costs waived if they produce a work of art. Until recently, most works of art were paintings, which were simply hung up on the wall in Courtroom 10, home of drug court at the County Justice Center in Clearwater. But then those of the three-dimensional variety were submitted, and Kate Rodriguez, drug court manager, asked that a big shelf be put in the courtroom earlier this month. In the photo below, you can see the shelf with various works of art on it in the background. Judge Todd is holding out a sculpture with a car with none other than a facsimile of Judge Todd at the wheel. The sign says, "Sobriety Ahead," and the driver of the car emerges from a cemetery, where those addicted to drugs or alcohol presumably ended up by not choosing sobriety.

According to the Substance Abuse and Mental Health Services Administration, by 2020 mental and substance use disorders will surpass all physical diseases as a major cause of disability worldwide. Substance abuse has both emotional and financial costs. In fact, addressing the impact of substance use alone is estimated to cost Americans more than \$600 billion each year.

The Pinellas County Substance Abuse Profile, 2016 Medical Examiner Report, and 2016 Florida Behavioral Risk Factor Surveillance System Data Report highlight some key substance abuse statistics in Pinellas: *

- 277 accidental deaths were due to drugs in 2016; 106 were due to prescription drugs.
- 20.9% of adults in Pinellas engage in heavy or binge drinking compared to 17.5% of adults in Florida.
- 28% of motor vehicle crash deaths were related to alcohol use as compared to 26% in the state.
- 7.9% of adults in Pinellas used marijuana or hashish during the past 30 days (at the time of the survey) as compared with 7.4% of adults in Florida.
- 22.1% of high school students in Pinellas report using marijuana/hashish ion the past 30 days (at time of survey) as compared to 17% in Florida.
- 11.5% of high school students in Pinellas report binge drinking as compared to 10.9% in Florida.
- Every 32 hours in Pinellas County someone dies of a drug overdose.

How can art help with recovery?

Art is a way to way to reconnect with old passions or even discover new talents we didn't even know we had. For people in addiction treatment, formalized art therapy can be integral to the healing process, by creating new levels of self-understanding and self-reflection, and by using the creative process as a springboard for social connection and revitalization.

An article in Psychology Today points to the following benefits of art therapy that align with human needs during the recovery process:

- 1. Self-expression and learning how to just let life flow.
- 2. No judgment or shame.
- 3. Reconnecting with self, regulating emotions.
- 4. Providing purpose while coping with loss.

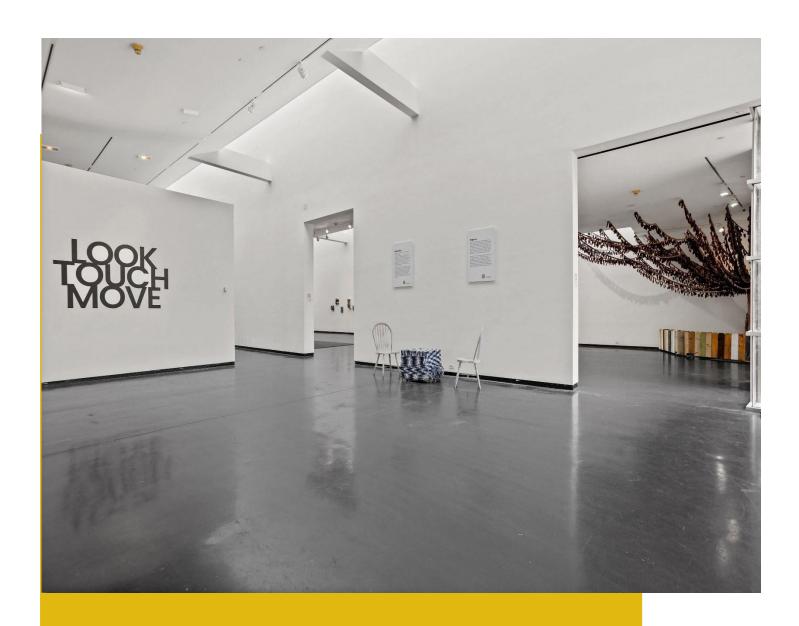

Creative Pinellas is proud to host this important program, creating public awareness of both the problems and possible solutions. Art heals.

Vision for the Gallery: A Bridge to the Arts

Beth Gelman Creative Pinellas July 4, 2022

INTRODUCTION

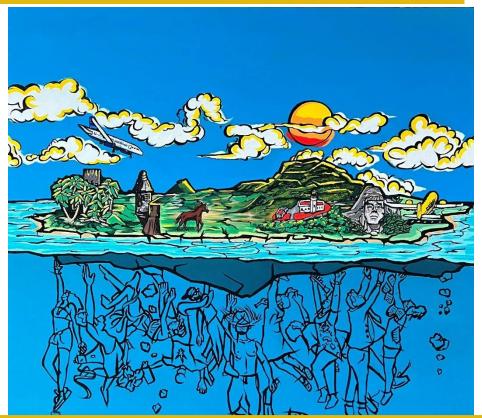

Creating a Vision for the Gallery at Creative Pinellas

Pinellas County gave permission to Creative Pinellas to offer arts programming in the former Gulf Coast Art Museum during the 2017 holiday season. Hurricane IRMA had damaged a facility where one of Creative Pinellas' arts partners, PAVA, held their Christmas show, and the County agreed to let Creative Pinellas host their show in the gallery. In response to the success of the exhibit (including positive feedback and an increase in visitors to the holiday lights) the County and Creative Pinellas negotiated a rental/license agreement for ongoing programming. The first regularly scheduled art exhibit was in July of 2018 and featured the work of Florida Xavier Cortada, a well-known Florida artist who had also worked with the Florida Botanical Gardens in the past.

The Museum had been designed as a state-of-the-art facility when it opened in 2001, but had been abandoned and neglected for many years until Creative Pinellas took over management. Creative Pinellas put in much work, dollars, and time to resurrect the space so that it could serve as a functioning gallery and performance space. While impressive, the facility is still in need of additional work to bring it up to needed standards.

The exhibitions and programs that have taken place over the past few years have assisted Creative Pinellas in carrying out its larger mission of uplifting the arts and fostering Pinellas County as an arts and cultural destination. There have been many successful visual arts exhibitions and live performances, some highlighting the work of Creative Pinellas grantees, others sharing the work of regionally and nationally known artists, with all, in sum, addressing countywide cultural needs and issues.

Now that the gallery has shown itself to be a viable and respected attraction, attention has turned to creating a strategic vision aligned with the mission of Creative Pinellas and county plans for Pinewood Park that will present a map for moving forward with exhibition and programming choices over the next three years. The overarching goal is to bring thoughtful direction to programming, and new energy and creativity to the Gallery and surrounding buildings and spaces at Creative Pinellas and all it serves.

Artistic Guidelines Based on Creative Pinellas Values

- Exhibitions, education, and programs are designed with artistic vibrancy to bring Creative Pinellas and its mission to life for a wide range of visitors
- Inclusive, engaging, and accessible experiences are provided for all audiences and communities, those who live in or who visit Pinellas County
- The interpretation of all exhibitions and programming is integrated, relevant, and impactful
- New exhibition and programming will engage a roster of local, national, and international emerging and worldclass artists and collaborations.
- An "arts visitor center" will provide information to guests about all the arts in Pinellas County

RESEARCH AND STAKEHOLDER INPUT

As The Gallery at Creative Pinellas is one of a kind. There are no true "like" organizations to look at for a template of best practices. After some general exploration, I spent time focusing on three areas in order to get a sense of methodology and experimentation in the industry.

- Arts Agencies with Galleries or Performing Arts Venues
- Arts and Performance Venues set outside bustling city-centers
- Arts and Performance Venues residing inside Nature Centers or coupled with Natural Attractions.

None provide perfect comparisons, and none provide a road map for the Gallery at Creative Pinellas. Some of the organizations have much larger buildings and grounds, are outposts of larger, more well-known institutions, or are in city-centers/areas with multiple tourist attractions. The ones included in the addendum do provide some groundwork to help evaluate options for the Gallery. While not completely universal, these two particulars showed up throughout my research:

- Limited hours with some gradually expanding their hours as they grew.
- Many institutions located in cold or hot climates such as Florida, special programming is limited to or expanded during the more temperate months.

Other concepts that showed up frequently that aligned with the needs of the Gallery (and courtyard and auditorium) and mission of Creative Pinellas: include:

- Multiple events designed for disparate audiences from book discussions to speakers to concerts, films, and sit-down dinners
- Regular programming re "Wednesday night film series" or "Tuesday book discussion" in the auditorium
- Longer-term programs such as a 6-week wellness initiative and a weekend on-site writing residency
- Showcasing in-process work as a matter of course: rehearsals, developmental workshops, visual art/installation creation
- Thematic programming that mixes visual and performing arts
- Comfortable areas to relax and/or reflect libraries, cafes, courtyards, and maker spaces

Stakeholder and Visitor Conversations

I spoke with 37 stakeholders (artists, board members, arts community, and business community members) over four months and with 19 casual Gallery visitors to get their thoughts on the Creative Pinellas gallery and grounds. I have parsed those comments into five areas. For more individual comments, please see the addendum.

Location

- Beautiful natural setting
- Not hard to get to, but hard to find
- Feeling of isolation to the building where is the entrance?
- Ample Parking

Impressions of the Gallery

- Architecturally interesting building
- Well-designed displays
- Unwelcoming lobby and awkward entrance
- Underutilized the gallery and whole campus
- Acoustics are dreadful

Serving the Community

- More programs that showcase multiple perspectives
- Programs in partnership with other arts organizations
- Education! Children, Family, and Retirement Community programs
- Meaningful engagement
- How do I find out what else is going on?
- FREE IS GOOD

Vision Components

- ACTIVATE THAT CAMPUS
- Not just visual art but performance, movies, festivals
- Tourist destination big names/blockbuster shows plus local artists
- Partnership
- Masses want to participate in the arts not just look at it

"Other"

- Build bridges
- Art outside on the grounds
- Calling the space an art gallery is problematic sounds static
- Lots of gems around the county that need desperate attention
- Arts visitor center as part of the lobby area

Vision & Strategy: The Gallery at Creative Pinellas as a Bridge

The Gallery at Creative Pinellas is a living breathing entity which serves as a bridge to all of Pinellas County, giving voice and responding to the artistic and cultural needs and interests of the community – residents, visitors, organizations, businesses, and attractions. The Gallery is uniquely positioned to fill arts and culture gaps in the community while it highlights and promotes other organizations.

It serves as a Bridge for

Artists to their audience - artists that receive a grant from Creative Pinellas receive more than money; they receive mentorship, publicity, and the opportunity to sell their work. Creative Pinellas invites curators, agents, and collectors, arranges programs and meetups to create community with other artists, and arranges for times for the artists to talk about their work, Opportunities:

- attracting a larger audience of collectors, locally, regionally, and nationally
- Allowing artists more space and activities to tell their stories, better connecting them with their audiences

Visitors to the Arts- many of the people who have walked into the Gallery have had little or no experiences with the arts and the Gallery can serve as a bridge to "demystify" the arts for new audiences

Opportunities:

- Welcoming atmosphere
- Accessible, engaging interpretive tools and activities
- Exposing the audience to all stages of artmaking and multi-discipline experiences
- Adding an arts visitor center (similar to a chamber visitor center) with the specific purpose
 of directing visitors to other/additional high quality arts experiences available to them in
 Pinellas County.

Creative Pinellas to their Community - Walk-in visitors often think that Creative Pinellas is the name of the Gallery. They, and most of our community, are not aware of the breadth and depth of activities and initiatives of the organization, nor the changes that have been wrought from their efforts. The Gallery is a perfect place for storytelling and educating the community and beyond.

Opportunities:

- Banners and small exhibits that explain the activities and results of Creative Pinellas
- Incorporating more Creative Pinellas background, scope and initiatives into exhibitions and educational effort.

North and South County - allowing issues important to the community to be explored through the arts. The popularity of the COVID ribbon installation and participation and feedback for *The Things They Left Behind* show a gap in the community that is not being filled by other organizations.

Opportunities:

- Partner with civic and other agencies for special events or programs such as Pinellas African American Heritage Celebration, Youth Arts Month, Hispanic Heritage Month
- Create/host exhibitions on issues that are meaningful to the full county

Tourism - Pinewood Park as a destination attraction of Art, Nature, and History.

The Gallery at Creative Pinellas could play the central role of tying together two very disparate attractions, Florida Botanic Gardens and Heritage Village. Using the arts as a metaphorical bridge to connect these entities, Pinewood Cultural Park has the potential to be seen as a destination attraction for both residents and tourists. By highlighting Creative Pinellas' location in an area of natural beauty in the Florida Botanical Gardens and its adjacency with Heritage Village, several opportunities become clear:

- 1. Visiting Creative Pinellas becomes part of a larger outing. Visitors are willing to drive farther and explore "off the beaten path" locations when the destination allows several hours of disparate activities. (Thrillist) (Destination Analysts). A concerted effort to get on the radar of Beach hotel concierges and the discussion of transportation options to and from the Beaches has the potential to create an uptick of tourists.
- 2. Creative Pinellas can play large role in unifying the Pinewood Cultural Park partnership by using arts as a bridge between FL Botanical Gardens and Heritage Village, creating a hub of Nature, History, and the Arts. Through exhibitions and programs that use the arts to showcase different aspects of nature and history in the Gallery, and by placing appropriate art installations into the FL Botanical Gardens and Heritage Village, the Pinewood Cultural Park area would become more integrated and find more natural partnership opportunities.

Opportunities:

- Marketing Pinewood Cultural Park as one entity
- Calendaring meaningful exhibitions and programs that align with Nature and History/Civic issues
- Jointly underwriting outdoor art exhibits and experiences
- Creating a café inside Creative Pinellas as a joint project of the Cultural Park

Tourism - Connecting Creative Organizations to potential visitors and supporters

Residents and visitors at one end of the county often are not aware of the artistic and creative activities happening elsewhere. There is a constant flow of visitors inside Gallery doors who are looking for new places to visit. The Gallery, through its partnerships with other organizations, has a history of connecting people to new experiences and institutions. For example, American Stage has expanded their audience through its First Monday readings in the Gallery Opportunities:

- Creating an area of the gallery where visitors can find information on other cultural attractions to visit.
- Training Gallery Hosts and Volunteers about local arts organizations and training them on the use of Arts Navigator

- Enhancing and building on partnerships with special events and display opportunities
- Experimenting with a variety of active partnership models (see appendix) to co-create and share exhibitions and programs

PARTNERSHIPS:

MULTIPLE FORMS AND OPPORTUNITIES

There are multiple ways to serve our stakeholders and public. Different approaches are more appropriate for different projects and goals, and not every project benefits from a fixed power structure. Experimentation should be encouraged to find the correct balance which allows the most meaningful engagement

Contributory Practice: This is how most cultural organizations present exhibitions or programs as part of an institutionally controlled process. Artists, visitors, and other stakeholders may be asked to contribute feedback or actions either in the exhibition/event or online in a limited or specified way. The goals of a contributary practice project is for stakeholders to see that the institution is interested in their active involvement and to demystify the gallery/program experience so that stakeholders see themselves as potential participants.

The arts activities in *The Things They Left Behind* are examples of Contributory Practice.

Collaborative Practice: Visitors/partners are invited to serve as active partners in the creation of institutional projects that are originated and ultimately controlled by the institution with the partners choices helping to shape the design and content of the resulting exhibition. In collaborative practice, the goals help stakeholders see the institution as a place dedicated to supporting and connecting with the larger community.

The concept behind *The Things They Left Behind* was created by Creative Pinellas but the objects and information submitted for display by the community influenced how the exhibition was curated and information was displayed.

Co-creative Practice – partners working together from the beginning to define the project's goals and generate program/exhibition based on shared interests. The goal for a co-creative process defines the institution as a community driven organization. It offers the potential to bring new audiences to all participating organizations.

The *You Good?* exhibition is a partnership with between the Warehouse Arts District Association, Keep St. Pete Lit, and Foundation for a Healthy St. Petersburg. An outgrowth of an important community program to let people know there are support and resources to people in Pinellas County dealing with behavioral health issues, the exhibition was originally hosted by Creative Pinellas and is currently being shown in the Leepa-Ratner Museum.

Look Touch Move was a project that was co-created by the visual artist, performing artist and Creative Pinellas. The activities inside the gallery reflected this curatorial vision and invited visitors to take part in the exhibition and activities.

Hosted Projects – inviting partners into a portion of the institution's space/facilities to present programs developed and implemented by the partner. The goal of hosting is to attract new audiences who might not have considered Creative Pinellas or the partner organization as part of their normal comfort zone.

Clearwater Arts Alliance curates *Youth Art Month* each March in Creative Pinellas galleries, *American Stage First Mondays* presents play readings staged by American Stage staff inside Creative Pinellas galleries and auditorium.

Pinellas African American Heritage Celebration presented both youth and professional artists in the Creative Pinellas galleries.

Destination

The Gallery is rarely a destination. Yet it is a small an entity in an out of the way location. Most February visitors either came to visit the FL Botanical Gardens and were surprised to discover the Gallery or came to the Gallery for an invited special event. That changed somewhat with the increased publicity for the *Emerging Artist Exhibition* in April with another uptick in May for *The Things They Left Behind*, but many visitors simply happened upon the Gallery and decided to walk in. In part this may be due to lack of marketing, but it is also influenced by the limited hours due to budget constraints, the fact that the gallery (former museum) was closed for ten years, and also a lack of awareness about the park/Florida Botanical Gardens in general.

Determination and Scheduling of Exhibitions and Programs

- 1. There are three yearly exhibitions which anchor the Gallery schedule. Two feature Pinellas County award winning artists. The Emerging Artist Exhibit in the spring features that year's emerging artist grantees and demonstrated strong interest during the period when this report was written. Several art enthusiasts and collectors mentioned that they have begun to add the exhibition to their calendars. The Arts Annual, in the fall invites all artist grantees from prior years to showcase their work and historically has included 30+ visual artists and 5 10 performing artists. The Arts Annual took place outside the timeframe of this study, however staff reports that feedback, especially for the pre-covid versions was very positive.
- 2. The third is the Youth Arts Month partnership with the Pinellas County Schools and Clearwater Arts Alliance, which features award winning visual artwork from students in grades K-12 in the Pinellas County schools, and draws parents, teachers and their students from all communities in the county, to an awards event, also held at the gallery
- 3. All exhibitions and programs need to be scheduled with enough preparation and planning time to bring in partners, sponsors, and support staff. This has been challenging in the past, when the gallery space was licensed to Creative Pinellas on a year-to-year basis, limiting the organizations' ability to maximize their offerings. It was resolved with an updated five-year agreement in 2022, which will enable the long term planning required to attract and engage high quality exhibitions.
- 4. Scheduling of Gallery events and programs needs to be wholistically integrated as part of Creative Pinellas' full schedule of offerings.

Processes and Procedures

Over the last few months, many protocols for the Gallery, specifically around risk management and installation/deinstallation, have been put in place to protect the organization, staff, artists, and visitors. Because admission to the gallery is free gallery staff handles only minimal amounts of cash. However, I am concerned that there are not enough controls in place for cash collected from donations and beverage sales. (For example, money is not counted in front of a witness) Moving forward I suggest stricter procedures, not because I have noticed any malfeasance but because, without these procedures both Creative Pinellas and Gallery Staff are left vulnerable to potential misconduct.

What is Creative Pinellas?

A central issue is the lack of awareness of Creative Pinellas and what the organization does for the arts outside of the Gallery. The Gallery holds the key to communicating the story of Creative Pinellas to every person who walks through the door.
