

Application Form

Organization Information

Brief Project Descriptor

Please briefly describe this organization's request.

If you have previously applied for a Small Purchase and would like your previous request copied over to update and submit for consideration in Round Two, please contact Rose Cervantes. Due to the current inflationary environment, you will need to obtain new bids/estimates for your proposed purchases regardless of a prior submission. The new request amount must also fit within the maximum request amounts for Round Two.

If you would like to complete this application in Word first and copy your answers over later, use the following link: [Download Application](#)

The evaluation rubric that will be used to score your request can be downloaded [here](#).

Please pay attention to character limits while working on your draft. These limits include spaces.

Organization Name*

I Rise FL, inc.

Proposal Name*

Please choose a short name to identify this project within the grant portal:

Transportation Solution and Program Capacity Building for Survivors of Human Trafficking

EIN*

84-4838519

Incorporation Year*

What year did your organization incorporate? This will be the year listed on your determination letter from the Internal Revenue Service.

2020

Organizational Mission Statement*

What is your organization’s mission statement? This should be no longer than one or two sentences.

I Rise promotes economic and social justice for women who have survived violence and exploitation, through creating supportive partnerships and a pathway to financial independence and upward mobility.

Unique Entity ID (SAM)

Please provide your organization's Unique Entity ID number. This is a specific number used by the federal government to identify your organization. **This is different from a DUNS number, which the federal government no longer uses.**

If you do not have a Unique Entity ID number, you can create an account on SAM.gov and apply for one here (it is free and may take 3-4 days for approval): <https://sam.gov/content/home>

This field is optional as to not stop a qualifying organization from applying. **However**, a Unique Entity ID number will be required if your organization is approved for a grant. Your organization should apply for a number now if it does not yet have one.

Character Limit: 12

GDKEKQXQM9T5

Annual Operating Budget Size*

Please provide the amount of your annual operating budget, (expenditures only) for your entire organization.

\$159,571.83

Parent Non-Profit/Subsidiaries*

If your organization has a parent non-profit that has multiple subsidiaries, will multiple subsidiaries be applying in this process?

Example

Better Tomorrow is the parent non-profit of three organizations. Two of those organizations want to apply in this process. Both would select "Yes" on this question.

No

Amount Requested (Annual Operating Budget Size ≤ \$500,000)

Amount Requested*

Because your annual operating budget is \$500,000 or less, the maximum grant request for your organization is **\$100,000.**

\$41,618.00

Request Specifics

Priority Areas*

For Round 2 of this funding process, the ARPA Nonprofit Capital Project Fund is prioritizing organizations that offer programming, and whose capital purchase is related to, the following areas:

- Individuals with Disabilities
- Food Security
- Specialized Healthcare
 - o Mental Health
 - o Dental Care
 - o Substance Use Disorders
- Housing

Not offering programming in these areas does not disqualify you from applying. However, this prioritization will result in 10 bonus points being awarded to eligible requests when scored.

Does your organization and its proposed capital purchase fit into one of these areas?

No

Organization Programmatic Background*

Please describe the programming your organization offers to the community and the length of time it has been doing so. What does your organization **do** and **how long** has it been doing it?

If you have indicated above that your programming and proposed purchase fit into the priority areas for this funding round, please be sure to describe the relevant programming.

I Rise FL, inc. provides programs that promote economic empowerment for women who have survived violence and/or exploitation (human trafficking, domestic violence, etc.). Research has demonstrated that it takes an average of 5-7 attempts to successfully exit a violent/exploitative relationship, and one of the main contributing factors of this is economic dependence upon the abuser/exploiter. I Rise was created to help survivors acquire the skills and access the resources to gain financial stability and independence. I Rise does this through a trauma informed workforce development program, comprehensive case management services, and targeted workshops on financial literacy (utilizing banking services, budgeting, saving, getting out of debt, etc.) and credit restoration.

I Rise was founded in February 2020, right before the pandemic shut everything down. As a result, we were unable to meet in classroom settings for over a year! I Rise did not begin providing in-person workshops in the community until 2021. In 2022, I Rise gained premises in Safety Harbor, FL and continued services in the community and on-site. Our innovative trauma-informed workforce development program launched in January of 2023.

Community Need*

Please describe the community need that exists for your programming. If you are able to cite quantitative, local data, that will strengthen your proposal.

Although it has long been known (anecdotally) that financial limitations and economic need are a critical factor that keeps women in a violent/exploitative situation, research to better understand this issue is very limited. To remedy this, I Rise conducted a study to better understand the relationship between economic abuse and sexual exploitation in partnership with two local organizations and found that 100% of the 46 participants had experienced economic abuse in some form. 76.1% experienced sex trafficking specific economic abuse, 93.5% experienced economic control, 76.1% experienced economic sabotage, and 73.9% experienced economic exploitation.

Participants ranged in age from 18 to 59 with an average age of 38.9 years old. Some of the life consequences that participants reported as a direct result of the sexual exploitation and abuse that they experienced included:

- 76.1% experienced periods of homelessness
- 47.8% struggled to secure a job that pays a livable wage
- 37% were denied a lease
- 37% had their child(ren) removed from the home due to financial hardship
- 34.8% did not complete high school

Participants reported the following long-term life consequences that were a direct result of the sexual exploitation and abuse that they experienced:

- 71.7% did not have a personal savings account
- 56.5% did not have a personal checking account
- 56.5% did not currently have a stable job
- 52.2% did not currently have the financial means to provide for their basic needs without assistance
- 39.1% did not know how to create personal expenses budget
- 32.6% did not have a current safe and stable living situation

The findings of that study demonstrated that not only do victims of sexual exploitation experience economic abuse in various forms, but it has long-lasting negative effects on their lives, including the ability to gain financial stability and independence across their lifespan. Empirical evidence of the need for our programming is the driving force behind what we do.

Negative Economic Impact on Organization*

The following question is the keystone of a strong application in this process. If your organization cannot demonstrate a negative economic impact from the pandemic, your application will not qualify for committee review. If you are uncertain about what constitutes negative economic impact or how to demonstrate it, please contact PCF staff for technical assistance.

Describe your organization's negative economic impact arising from the COVID-19 pandemic. Examples could include:

- Inflationary pressures
- A reduction in revenue since the onset of the pandemic
- An increase in pandemic-related revenue that is restricted, or otherwise does not permit the purchase of capital assets
- The use of reserves for pandemic-related unbudgeted expenses

- Allocation of resources to meet a pandemic-related increase in demand for services, which results in a lack of resources to purchase capital assets
- A need for additional capital assets to adapt operations to accommodate health and safety guidelines by the CDC

You have the option to upload supporting documentation regarding negative economic impact. However, please limit your upload to no more than five pages.

The COVID-19 pandemic has been one of the greatest challenges that this organization has faced since its inception. Because the organization was founded at essentially the same time that the pandemic shut down the world, it was virtually impossible to provide services and even more so to raise funds. I Rise FL, inc. is a small organization that is funded mainly through the generosity of individual donors and corporate sponsors. For the first year and half that the organization existed, our partner agencies were not providing in-person meetings and public gatherings were strongly discouraged for public safety. This prevented I Rise from launching the workforce development program and even from providing smaller workshops of the same content. It also prevented the organization from holding large fundraising events. The inability to launch programming and execute traditional fundraising strategies has resulted in a very slow growth pace for the organization, one that the organization is still suffering from in 2023.

Now that the organization is holding in-person programming that requires clients to be in the building five days a week and in a classroom or computer lab setting six hours per day, I Rise has prioritized classroom equipment that is able to accommodate health and safety guidelines as set forth by the CDC (social distancing in particular).

Proposal Description*

The American Rescue Plan Act requires a request that is reasonable and proportional to the level of economic impact your organization experienced. This means the request you describe below should not be greater than the economic harm your organization has suffered.

Please describe your purchase proposal and address the following:

- What will you be purchasing with these funds?
- What is the estimated lifespan of the purchase/improvement?
- How does it address the negative economic harm you described in the previous question?

One of the biggest challenges for the organization, especially during the pandemic, was reliable transportation for clients that do not have their own. It is difficult to ask clients to utilize public transportation during a pandemic or to utilize a company vehicle that would require clients to sit in close proximity to each other. Because of this, the organization spent an exorbitant amount on rideshare options, such as Uber, that would minimize risk of transmission of the COVID-19 virus. Now that some of the restrictions in place previously are being reduced, I Rise would like to purchase a transit vehicle that could transport up to eight clients at a time. Calculations demonstrate that the cost of the vehicle, insurance, gas, and occasional upkeep would still be more cost-effective over time than individual rides for every client during the course of the workforce development program, case management services, and other programming I Rise provides. The average lifespan of a passenger vehicle is 12 years. The I Rise vehicle will be in use daily during months that the workforce development program is running and sporadically in months that the program is not running. Therefore, the estimated lifespan of this product is 12-15 years. Purchase of this vehicle would enable us to save money in rideshare costs and reallocate that funding to other direct client services, such as education assistance, childcare, health/mental health support, programmatic resources and tools, and more.

I Rise also plans to utilize a portion of the funds to purchase additional classroom equipment now that classroom sizes can increase, including additional tables, chairs, and computer stations. The average lifespan of the classroom and computer lab equipment is 10-15 years. The average lifespan of the computer equipment is 5-8 years. Purchase of this equipment would benefit I Rise as it would enable our programs to expand to accommodate more clients in programming at one time.

Guiding Principles - Client Impact*

The American Rescue Plan Act, which provides the funding for this grant program, aims to ensure an equitable recovery from the COVID-19 pandemic. According to federal guidance, the term “equity” is defined as:

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

One of the guiding principles of this fund is that it will apply a lens of equity to ensure the needs of specified priority populations are met.

Will this purchase benefit the community members defined above that have experienced disproportionate negative impacts from the COVID-19 pandemic? If so, how?

As demonstrated from the research provided above, this funding will unequivocally benefit women who are persistently affected by poverty and inequality. Aside from socioeconomic status, I Rise serves a diverse group of women who identify as many different races and sexual orientations, and who practice various forms of religions. I Rise works toward economic justice for all survivors and prioritizes diversity and equity principles and practices. The purchases made from this grant will provide access to transportation and additional classroom capacity that would be unavailable without the grant award. The funds from this grant would enable our program to expand to serve more clients at a time and would provide the necessary access to our program that many clients do not currently have.

Number Served*

How many people will directly benefit from this capital purchase annually?

50

Unduplicated vs. Duplicated*

Is the number indicated above duplicated or unduplicated?

Duplicated: A client is counted each time they access services

Unduplicated: A client is counted once, regardless of the number of times they access services

Example: ABC Food Bank operates two mobile food pantries, one in Clearwater and one in St. Petersburg. Taylor, a Pinellas County resident, goes to both food pantries. If ABC Food Bank counts Taylor's visit TWICE, it is **duplicated**. If ABC Food Bank counts Taylor's visit ONCE, it is **unduplicated**.

Unduplicated

Other (Explanation Required)

If you selected "Other" in the previous question, please explain how your organization determined the number of clients that will benefit from the proposed capital purchase.

Geographic Impact & Priority Populations

The ARPA Nonprofit Capital Project Fund seeks to offset the negative economic impact Pinellas nonprofits faced due to the COVID-19 pandemic. Organizations who serve disproportionately impacted communities will be considered as serving a priority population. There are several ways to determine if your clients were disproportionately impacted.

Examples of disproportionately impacted communities include those who:

- Live in a Qualified Census Tract (QCTs)
 - Defined by U.S. Department of Housing and Urban Development (HUD)
 - U.S. Treasury guidance prioritizes use of ARPA funds within QCTs
 - To assess if your organization serves or is headquartered in a QCT, use the following link: https://www.huduser.gov/portal/sadda/sadda_qct.html
In the top right-hand corner, choose the state of Florida and Pinellas County. Then on the left-hand side of the screen, click the box next to "Color QCT Qualified Tracts." The QCT zones are denoted in purple. You can also map your address by adding it into the address box at the top to see if your location is inside the zones.
- Low- and moderate-income household and communities
- Households that qualify for federal assistance programs, such as SNAP and TANF
- Historically marginalized communities (BIPOC communities, persons with disabilities, LGBTQ+, religious minorities, and other communities that fit in the Equity definition provided on the ARPA website and application)

Benefits and Geography of Purchase*

Please describe the following:

1. The communities/clients that will benefit from this capital purchase, and whether they were disproportionately impacted by the pandemic according to the examples above.
2. The geographic areas in which this capital purchase will be put into use. Be as specific as possible.

The capital purchases made by this grant will provide access to our services for clients who would not otherwise be able to gain access. It would also enable us to expand our programming and serve more clients at a time. The majority of the clients we serve reside in south St. Petersburg and Largo. However, we do also serve clients from Pasco County in the Holiday/Hudson areas and Hillsborough county along Nebraska Avenue. All of our clients are living in subsidized housing, trailer complexes, etc. and most qualify for and utilize federal assistance programs such as SNAP, TANF, and WIC. Several of the clients we work with belong to marginalized communities, such as the BIPOC community and the LGBTQIA+ community. Common zip codes for clients we serve include 33701, 33771, 33773, and 33603.

Headquarters Location*

Please provide your organization's headquarters address as it appears on your Sunbiz account. To check your Sunbiz registration, you may search here: <https://dos.myflorida.com/sunbiz/search/>

3380 State Road 580, Safety Harbor, FL 34695; this is our physical location and the place where a lot of our programs take place. However, the majority of our clients come from S St. Petersburg and Largo.

QCT Determination - Headquarters*

Is this organization headquartered in a QCT?

Further determination required

Community Connection

PCF understands the value of authentic and diverse representation in philanthropy and in Pinellas County. To this end, we ask demographic and representation questions to gauge the human impact your organization has on the communities you serve.

PCF has generalized the demographic data questions more than it has in other processes because of the public nature of this process. PCF understands that identity disclosure can be a sensitive matter and wants to respect your organization's board and staff. If your organization feels comfortable sharing more detailed demographic information, it may do so in the "Community Representation and Connection" section.

Community Representation and Connection*

Describe how your organization is representative of, or has authentic connections to, the community your proposal seeks to serve. You can list other community-based organizations that work on programming with you and/or list examples of your work within this community.

If your staff, board, executive leadership, or long-term volunteers have personal identities or experiences that allow for a meaningful connection with your clients, please feel free to describe this connection below. When possible, please use internal data or specific details to describe how your organization is representative and connected to the communities you serve.

Our organization works with survivors of sex trafficking and domestic violence, two crimes against a person that are extremely dangerous to escape from. One of our most recent clients has exploiters who are actively looking for her. Because of the nature of the clients we serve, we cannot provide detailed information. We have provided the zip codes where our clients most often reside and have discussed in detail the nature of the experiences our clients have. We also highly value survivor voices and therefore have survivor representation on our Board of Directors and have an additional advisory board established made up of entirely survivor voices to ensure that our mission, vision and programming are in line with the needs of the community we serve.

Leadership Demographics - Board Membership*

Do your board members consider themselves a member of one or more of the following populations? Check all that apply.

- BIPOC defined as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color
- LGBTQ+ (Lesbian, Gay, Bisexual, Transgender, Queer+)
- Neurodiverse/physically disabled. Neurodiversity is defined as “the range of differences in individual brain function and behavioral traits, regarded as part of normal variation in the human population.” Examples of neurodiversity include autism spectrum disorders, ADHD, and dyslexia.

Decline to state

Leadership Demographics - Executive Level Leadership Team*

Does your executive leadership team consider themselves a member of one or more of the following populations? Check all that apply.

- BIPOC defined as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color
- LGBTQ+ (Lesbian, Gay, Bisexual, Transgender, Queer+)
- Neurodiverse/physically disabled. Neurodiversity is defined as “the range of differences in individual brain function and behavioral traits, regarded as part of normal variation in the human population.” Examples of neurodiversity include autism spectrum disorders, ADHD, and dyslexia.

If your organization is volunteer-run and does not have an executive leadership team, please select "Not applicable."

None of the above

Leadership Demographics - CEO/Executive Director*

Does your CEO/Executive Director consider themselves a member of one or more of the following populations? Check all that apply.

- BIPOC defined as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color
- LGBTQ+ defined as Lesbian, Gay, Bisexual, Transgender, Queer+
- Neurodiverse/physically disabled. Neurodiversity is defined as “the range of differences in individual brain function and behavioral traits, regarded as part of normal variation in the human population.” Examples of neurodiversity include autism spectrum disorders, ADHD, and dyslexia.

If your organization is volunteer-run and does not have an executive leader, please select "Not applicable."

None of the above

Proposal Costs

Please upload current verifiable bids, estimates, or price lists [from your potential vendor(s)]. These bids must be dated within the past 60 days. *Please ensure there is a date noted on the bid or some annotation as to when you obtained these estimates/bids.*

- If your purchase is BELOW \$75,000, you must upload TWO verifiable bids or estimates for the proposed purchases.
- If your purchase is ABOVE \$75,000, you must upload THREE verifiable bids or estimates for your proposed purchases.

This can be as simple as screenshots from Amazon or Best Buy (though PCF does not endorse or recommend any specific vendor) or may be from specialized vendors that sell your proposed purchase. If you have concerns regarding bids or estimates, please reach out to PCF staff.

Please note if you submitted a proposal in the first round of funding for Small Capital Purchases, you will be required to submit new bids for an accurate cost estimation in the current market.

If you need assistance compressing files, please email Rose Cervantes at rcervantes@pinellascf.org.

Bid/Estimate #1*

PDF files are accepted.

IRise_Bid #1.pdf

Bid/Estimate #2*

PDF files are accepted.

IRise_Bid#2.pdf

Bid/Estimate #3

PDF files are accepted.

Sole Source*

In some cases, a proposed small purchase is only available from a single vendor, and as such, only one bid/estimate can be uploaded. If this is the case for your organization, please explain in the field below, and contact Rose Cervantes at rcervantes@pinellascf.org.

Otherwise, write "N/A" below.

I Rise was only able to find one 2023 Ford Transit Van in the area. We did find a second transit van that is similar but it is a 2022 and is more expensive. I did provide the estimate for both. Bid #1 are the companies that we prefer to work with and the estimates for those. Bid #2 reflects similar items but from different brands, because Interion is a Global Industrial brand. There are IKEA tables and the desk units that we currently have in our office and would like to purchase additional ones so they line up correctly in our computer lab and they are manufactured by IKEA only.

Related Parties*

Are any of the contractors/vendors that have provided bids/estimates a related party to your organization?

Examples of Related Parties

- A board member that owns the contracting company that provided a bid
- The relative of a director, officer, or executive team member owns a company that provided an estimate
- The CEO of the applying organization has a financial interest in the construction company providing a bid

If yes, identify the vendor and describe the relationship.

If no, write "No related parties below."

No

Budget Summary*

Please use THIS TEMPLATE to indicate costs and any cash match your organization may have for the proposed purchases. Note: this spreadsheet will automatically round numbers to make it easier to read for committee members.

If you submitted a proposal in the first round of funding for Small Capital Purchases, you will be required to submit a new budget for an accurate cost breakdown in the current market. Additionally, this round of funding there is less available monies, and the max award request has decreased.

Please note that indirect costs are not permitted for small purchases.

If you have additional notes to add to your budget summary, you may do so in the text box below.

IRiseFL_ARPA-Budget-Template-Small-Purchases (1).xlsx

Other Funding Sources*

Please describe any other funding not already mentioned that your organization has applied for or obtained for this purchase.

This includes but is not limited to Community Block Development Grants (CBDG), local government grants (including Tourist Development Council funding), foundation grants, and private donors (you do not need to disclose donor identities but simply indicate the amount raised for this purchase). This includes any matching grants or in-kind contributions you may have obtained.

Please be sure these other funding sources are represented in the "Applicant Match" column in the budget summary uploaded above.

We do not have other funding sources for this project at this time. We plan to provide in-kind contributions for any indirect costs associated with these purchases.

Changes in Operating Costs*

Please answer this question based on the descriptions below:

- If this project **increases** ongoing operational costs (programmatic, operating maintenance or other costs), how will you compensate for the difference?
- If this purchase **decreases** ongoing operating costs, how will it do so?
- If this purchase **does not affect** operating costs, please note so below.

I Rise anticipates that having an organizational vehicle will actually decrease operational costs because we no longer have to rely on the exorbitant and fluctuating costs of ride share companies to transport clients for services. Purchase of the classroom and computer lab equipment itself will not affect ongoing operating costs. The increase in clients that we are able to serve will increase operating costs, but this is a planned expense that we are able to achieve through increased funding for program services.

Corrective and Investigative Action/Grant Recall

In the past three (3) years, has your organization or any affiliated parties with your organization had any of the following occur:

1. Been under legal investigation by a local, state, or federal institution?
2. Been placed on a corrective action plan by a funder?
3. Had grant funding recalled by a funder?

If yes, please describe the investigation, corrective action plan and/or grant recall, and the current status of such incidents. You may upload a PDF file to support your answer if necessary.

If no, write "N/A"

N/A

Insurance Requirements

Evidence of Insurance Coverage*

Grantees of the ARPA Nonprofit Capital Project Fund will be required to maintain appropriate insurance related to your operations and this purchase. PCF will determine whether this coverage is appropriate.

Please upload evidence of insurance.

If your organization does not have evidence of insurance coverage, please provide an explanation as to why.

NXTTHDWLCL-00-PL-policy-0000.pdf

I Rise will provide our nonprofit insurance information. I Rise will purchase insurance for a vehicle when funds are awarded to enable us to make the vehicle purchase.

Insurance Requirement*

If you are awarded a contract from the ARPA Nonprofit Capital Project Fund, you may be required to list Pinellas Community Foundation as an additional insured through your general liability insurance or other appropriate coverages for the duration of the contract. If you would like to check with your insurance carrier on how to do this, here is the information about PCF you will need:

Pinellas Community Foundation
17755 US Highway 19 N
Suite 150
Clearwater, FL 33764
727-531-0058

Please check the box below to indicate that you understand and will be able to comply with this requirement if you are awarded a contract.

PCF will not ask for a certificate naming us as additional insured until the contracting stage.

Yes, I understand and will comply with this requirement if awarded a contract.

Organization Documentation

Please reach out to PCF staff if you have trouble uploading the files below. We are able to assist with file conversion and file compression.

Organization Budget*

Please upload your most recent, board-approved organizational budget for this fiscal year. PDF and Excel documents are accepted.

2023_IRise_BudgetCategories.xlsx

Board of Directors List*

Please upload your Board of Directors list.

Excel, Word, and PDF file formats are accepted.

IRiseFL_Board_of_Directors.pdf

IRS Form 990*

Please upload a PDF copy of your most recently submitted IRS Form 990.

If Form 990 from your most recent fiscal year is delayed or you have received an extension, please explain in the

text space below. You may also explain if you don't have a Form 990 due to organization type. You should still upload the most recent publicly available 990.

If you file a Form 990-EZ and do not have anything to attach, please note so below.

Only PDF files are permitted.

IRiseFL_990Postcard_2021.pdf

We have not filed 2022 as of yet. 2022 was the first year that we brought in over \$50,000 in contributions, so in 2020 and 2021 we just filed a postcard. The postcard for 2021 is attached, but we can make our 2022 IRS form available once it is submitted if necessary.

Most Recent Financial Statements*

Upload a PDF version of your most recent financial statements. If you have audited financial statements, please upload the most recently conducted audit. If you do not have a recent audit, please explain why.

December 2022 Balance Sheet.pdf

We have not undergone an audit on our organization because we have not brought in over \$50,000 in contributions until 2022. Now that we are growing as an organization and beginning to see foundation, state, and federal grants we are going to undergo a financial review which is more affordable for a small organization than a full audit. If more detailed financial information is required, we are happy to oblige.

Post-Grant Requirements

Reporting Requirements Acknowledgment*

Grantees will be required to submit a pre-award agreement within two weeks of receiving an award notice. In addition, grantees will be required to submit a report within 30 days after the purchase is completed.

Financial information justifying all expenditures will also need to be provided. This includes but is not limited to:

- Invoices
- Canceled checks
- Credit card statements, along with a record of paying the credit card.

If you have any questions, please contact Rose Cervantes, ARPA Program Officer at rcervantes@pinellascf.org.

Yes, I agree to submit this grant agreement and impact report within the specified timeframes.

Additional Information

Additional Upload

If you have something to share, you can upload it here in PDF format.

Anything else to share?

Is there anything else that you would like Pinellas Community Foundation to know or other information your organization would like to share that isn't addressed elsewhere in this application?

[Unanswered]

Agreements

Affirmation of Application Materials*

I hereby certify that, to the best of my knowledge, the provided information within this application is true and accurate.

Yes

Public Application and Grant Process*

In order to maintain transparency for the use of public funding, PCF will publish all submitted funding requests, committee review meeting minutes, executed contracts, and reports to its website. This means your funding request in its entirety will be published. Please check the box below to indicate your understanding of this.

Yes, I understand.

Final Approval for Grant Award*

The grantmaking process administered by PCF results in funding recommendations by an external committee using an objective, public rubric. Final approval of recommendations is made by the Pinellas Board of County Commissioners.

Yes, I understand.

File Troubleshooting

Files not included will be available online when viewing the submission or request unless the file type is not compatible with software available on your computer. To view the file online, open the appropriate application or request and click on the file name link. The file will also be able to be printed separately from your computer.

Files unable to be included in the packets can affect the ease the packet may be read by the staff and evaluators at the grant maker. Please take a moment to read the common causes for files not converting and, if possible, resolve this issue.

Please note: If you have already submitted the form, you will need to contact the grant maker to request they return it to draft form for you to be able to make changes.

Common issues:

- The file type uploaded is not supported in print packets.
 - Supported file types are:
 - PDF files (Adobe Acrobat)
 - Common image formats (JPEG, GIF, PNG)
 - Microsoft Office formats (Word, Excel)
 - Text files (.txt)
 - Comma Separated Value files (.csv)

If you are using an unusual file type, please see if a more standard file format may be used. Often unusual file formats will not be able to opened or read by the staff or evaluators of the organization you are applying to for funds.

- The file caused an error while being converted to PDF.
 - The file path is too long or contains special characters such as (%&^*()@#)\$!)
 Example: c:/documents/foundant/marketing/spring2012/programs/events/walkathon2012.doc
 c:/documents/foundant/walkathon@mall.doc
 - The most common cause for errors is due to the document being password protected

Please check your file to make sure password protection is turned off in the document. If your file name is too long or contains special characters, try saving the file to your desktop, removing any special characters and uploading the file again from your desktop to the application.

- A virus was detected in the file so it was not uploaded to the system

- ✓ Rolls on wheel casters for easy configuration.
- ✓ Compliments any workspace.

Furnish your workspace with The Interior® Training Table Flip-Top by Global Industrial™, an impressive computer table that's built to handle a variety of computer setups. Use it to place single laptops or a complete computer setup with dual monitors. The freestanding desk can be placed in conference areas, classrooms, or computer labs. This desk features a laminate construction material for the top, which is more resistant to scratches and scuffs than standard painted wood desks.

- Desk Dimensions: 48"L x 24"W.
- Built-in grommet allows easy wire management.
- Neutral Gray Finish.
- One Year Limited Warranty.

This **Global Industrial Exclusive Brands™** product was made with you in mind. There were teams of associates behind how we designed, manufactured, and tested, this item. We always ask, "Can it be made better?" That led us to produce smarter, more reliable products, with greater attention to detail and no corners cut. Why choose Global Industrial? Because this product was Made for you. MADE TO EXCEED.™

Product Information

- ✓ Easily folds up to allow horizontal nesting for compact storage
- ✓ Mesh back is cool and conforms to the body for added comfort
- ✓ Built-in lumbar support

Upgrade your seating options with the Interior® Stacking Chair with Mid-Back and Fixed Arms. The chair's fabric is upholstered with web mesh that conforms to your body for cool, ventilated comfort, while the built-in lumbar support and plastic trim back adds strength and support. Each chair can be horizontally stacked for quick and compact storage virtually anywhere. Each seat has 4" thick comfort cushioning, fixed armrests to help reduce arm fatigue and a tubular steel frame with black finish with dual wheel swivel casters for easy mobility. Seat measures 17-3/4"W x 19-1/2"D x 19-1/4"H. Back measures 20-1/2"W x 19-1/2"H. Overall measures 24"W x 35-1/5"H. Assembly. 2-Year Limited Warranty.

The HP All-in-One blends the power of a desktop with the beauty of a modern display. Powered by an AMD processor[1], bring the cinema to you with a three-sided micro-edge Full HD[2] display and dual speakers. This AIO design includes sustainable materials and is thoughtfully designed to keep your space clutter-free with thoughtfully placed ports.

Solid Performance

Get the performance you want with an AMD processor[1] and massive storage.

Immersive entertainment

Enhance your viewing experience with FHD[2] crystal-clear images from any angle on a 3-sided micro-edge display.

Made with the planet in mind

Our AIO design includes sustainable materials like ocean-bound plastic[3] and post-consumer recycled plastic[4].
