## Is your organization headquartered in Clearwater?

*Why PCF asks this: Given that the City of Clearwater is the funding source for this grant program, PCF may prioritize organizations headquartered in Clearwater or those that have a strong presence in the City.*

Yes

## Programming Background\*

Please describe the program that this grant would support.

### Example

Peer Counseling Services Inc. offers after-school support groups for middle schoolers and high schoolers. Below, Peer Counseling Services Inc. would describe what its programming is, how its programming works, and who is served.

*Why PCF asks this: PCF wants to learn about what your organization does and how it carries out its mission.*

Our program provides housing and emergency shelter for up to 9 men at a time. It is a 12 month residential program, that focus on drug and alcohol addiction. Determined to assist these men in transforming their lives and becoming an asset to our community upon returning from incarceration.

We've been a 501c3 since 1998 and have been operating the Joshua house since 2007.

## Outcomes\*

Define one to two outcomes already being measured by your organization in relation to the programming this grant would support. This is not the outcome of this specific funding, but of the programming itself. **Outcomes are not the number of people you will serve, but how they or their situation will change.**

"Outcomes - are specific, measurable statements that let you know when you have reached your goals. Outcome statements describe specific changes in your knowledge, attitudes, skills, and behaviors you expect to occur as a result of your actions. Good outcome statements are specific, measurable, and realistic."

(W.K. Kellogg Foundation Logic Model Development Guide)

**Example**

80% of youth involved in peer counseling will show increased emotional intelligence after six months of participation.

*Why PCF asks this: PCF considers measurable outcomes to be a cornerstone of effective social service programming. Tracking outcomes allows both an organization and its supporters to know how effective its programming is and helps an organization improve its programming over time.*

Over 500 men have come through our program and many lives have been transformed. Over 100 have never return to incarceration after experiencing the power to be free, simply by a changed mind set and been given the tools to live a better life.

**Measurements\***

Explain what measurement tools you will use to evaluate the stated outcome(s) above. That is, how will your organization know it is achieving or not achieving the outcome(s) stated above? Stronger requests will use a validated tool or method of data collection.

**Example**

Peer Counseling Services administers the Schutte Self Report Emotional Intelligence Test before counseling begins, and in six-month intervals thereafter.

*Why PCF asks this: PCF would like to know how the outcome(s) you've specified are measured, and if you used a validated tool that has been proven in usage outside your organization. If you've developed your own tool, please describe how it was made.*

Our organization measures and monitor the residents progress daily by counseling one on one and determine what's changes should made in their daily routine. Ultimately their life speaks for it self when one goes from being convicted felon to being a law abiding citizen and an asset to our community.

**Grant Impact\***

How would this grant help your organization and its clients achieve the outcomes stated above? That is, what would you be able to do with this funding that you otherwise could not?

*Why PCF asks this: The intention of this grant is to fund organizations providing support for individuals and families in Clearwater with emergency housing and social services needs. How that support happens, and how this grant could help, differs from organization to organization. PCF would like to know specifically how this grant would help your organization and the clients you serve.*

This grant will strengthen our program by providing continually financial support that will allow us to continue the services we have new providing during our time of existence .

A more detailed, formal budget will be required if your request is moved forward in the funding process.

Small equipment purchases are permitted under this grant provided they are directly tied to service delivery. You may include those purchases in this narrative.

If your organization will be requesting indirect costs, please include this in your narrative. Note that the indirect cost rate for this grant is capped at 5% of the grant.
